Slayden Construction Group, Inc.
Project Manager: Jeff Wall
General Superintendent: Ron Candell

PROJECT DESCRIPTION

The project is part of a large, multi-jurisdictional project to increase treated water capacity for the residents in Lake Oswego and Tigard. A pipeline will be necessary to convey water to and from the Water Treatment Plant. Pipeline will be under a separate Conditional Use and Public Improvement Permits. The City of West Linn is providing project management oversight as well as ongoing inspections.

PROJECT STATUS

Under Construction. Paving on Old River Rd between Cedaroak and Kenthrope is complete. Onsite erosion control measures are in place and continue to be monitored by a third party inspector as well as an internal inspector employed by The City of West Linn.
