

Change in Public Computer Access Policy

Effective July 15, 2010 Clackamas County library card holders will be granted one 90-minute public computer session per day at the West Linn Public Library.

Guest passes, good for one 60-minute session per day, will be issued only to users who are not eligible for a library card in Clackamas County.

The West Linn Public Library is making this change due to increased demand for computer time. This change will allow more equitable access to our public computers.

Please address any concerns to Information.

Adopted by Library Advisory Board 6/30/2010
