

West Linn Recreation Center

West Linn residents have long expressed an interest in a pool and the need for a community center, or civic heart.

The City of West Linn is actively working toward addressing this interest by exploring concepts related to a Recreation Center. West Linn kids, teens, adults, seniors and families need a place to go that provides active opportunities to socialize, grow and engage.

The proposed Recreation Center would provide a place for swimming, games, activities, fitness, classes and events that would enhance the West Linn quality of life and sense of community.

Please explore this site to learn more about the West Linn Task Force Recommendations and the process they utilized to get there. Most importantly, please click [here](#) to take a minute and share your feedback with the task force.
