

Community Grant Program

Press release date: 2012-02-17

WEST LINN –The City of West Linn has a limited amount of funding available for community organizations' requests for support for their yearly events, operations, and activities. Community organizations are asked to submit a standardized form each Sprint so all requests received by the City of West Linn can be similarly evaluated during the community grant allocation process. The budget typically includes an allocation to qualifying organizations.

Neighborhood Associations are not required to complete this form to receive funding. The grant request form is designed for community-based organizations that are interested in receiving grant funding for specific, planned events and activities occurring between July and June of the coming year. Although the City budgets on a biennial (two-year) basis, the request must be submitted for each of the fiscal years.

Submitted applications are evaluated by the citizen members of the Citizens' Budget Committee. This citizen group considers the quantity, quality, and content of applications received each year, determines how best to allocate available funding, and develops their recommendations which are forwarded to the City Council for approval.

FY 2013: twenty-one (21) applications requesting \$57,699 were received. The citizen group met on April 24, 2012 and recommended sixteen (16) applications totaling \$21,004 in funding.

FY 2012: twenty-two (22) applications requesting \$96,267 were received. The citizen group met on April 11, 2011 and recommended fourteen (14) applications totaling \$19,700 in funding.
