

Santa Anita Project Page

The intersection at Santa Anita and Rosemont will be widened during a six-week project in the Summer of 2011. This project page contains updates from this street project.

June 30, 2011 - The Santa Anita widening project contractor, Eagle-Elsner, mobilized on site today. The work is expected to be done by August 15. During this period, the sidewalk will be closed through the work area.

July 11, 2011 - Photos from this project are available on the project [photo gallery](#). Today the contractors placed the new curb. The contractor is planning to install sidewalk on Wednesday and Thursday. Grinding and pavement will be conducted on Friday the 15th. This project is currently running ahead of schedule.
