

Sunset Neighborhood Association Installs New Neighborhood Signs

WEST LINN - The Sunset Neighborhood Association successfully installed two neighborhood signs this weekend on Summit and Sunset. Troy Bowers, Rob Cozzi, Amanda Callahan and Randall Jahnson spend their weekend digging the post holes and installing the signs. Neighborhood Associations have the option of installing neighborhood signs; Mr. Bowers offered the following quote about the Sunset Neighborhood Association's decision to purchase the signs:

"Thanks everyone for making this a success! It was a long time coming, and it is good to check off one of our action items from the plan. A little water and weeding now and then and some stain on the posts and we'll be looking good for a long time. It is good to increase the awareness and connectedness of the Sunset Neighborhood."

West Linn Neighborhood Associations are defined in [Section 2.100 of the West Linn Municipal Code](#). For more information about Neighborhood Associations, please visit the [Neighborhood Association web page](#).
