Statement of Purpose:

The purpose of the Robinwood Neighborhood Association rests upon the belief that people can and should govern themselves democratically and justly: The essence of the Association is that people are responsible collectively to make choices which directly affect their lives together. The smallness of the neighborhood enables all residents to deliberate, decide and act together for their common good by attending general and special meetings.

RNA will share the neighborhood with individuals, families, and businesses of diverse need, interests, backgrounds and beliefs. When neighbors respect their diversity in their collective decisions, their self government can be just. Similarly, our neighborhoods share city and world life with other neighborhoods.
