

## Fields Park Bridge

Clackamas County

Contact: Stan Monte

Email: [stanmon@co.clackamas.or.us](mailto:stanmon@co.clackamas.or.us)

### Project Details:

The Fields Park Bridge crossing the Tualatin River at Willamette Falls Drive and Borland Road will be replaced in 2009. A temporary detour bridge will be constructed and open for traffic before the existing bridge is closed. The detour bridge will accommodate the 6,000 cars per day that cross the bridge while the new bridge is being built. Congestion is not anticipated, however, two local road changes will be made to accommodate the construction. Access to Alderwood Drive from Borland Road will be temporarily closed. Access to Dollar Street from Borland Road and Willamette Falls Drive will be permanently closed.
