

Environmental Services

The Environmental Services Division is comprised of the Stormwater and Sanitary Sewer branches, and is part of the West Linn Public Works department.

The goals of the Environmental Services Division are:

To operate, maintain, repair, and expand the City's environmental infrastructure in an economical, efficient, and effective manner to ensure a functional system capable of meeting the needs of the present and future populations.

Remain within NPDES permit requirements, and meet the objectives of the City's master plans.

Sweeping and waste disposal for all City-owned streets eight times annually.

Develop, implement, and coordinate with other City departments regarding environmental codes and policies.
