Summary: The selection committee for the Percent for Art West Linn Historic Grindstone Project has completed the competitive selection process for this art Project, and is bringing forth a recommendation for the artist finalist. Per the City of West Linn Public Art Program Policies and Guidelines, "The City Council will review and approve the proposed project plan for each project funded by the percent for arts program".

This art project is teamed with the Parks and Recreation Departments Willamette River Trail project.

The purpose of this Agenda Bill is to present the finalist proposal to the Council for approval in concept. This approval is necessary in order to proceed with fundraising for the remainder of the dollars necessary to carry out the art project.

Once adequate funds are in place, staff will return to the Council for contract award and final City Council approval.

Recommended Action:
