

West Linn Christmas

This year the West Linn Police Department is teaming up with the West Linn business community to bring a very merry Christmas to some local boys and girls and their families. Our goal is to take 10 elementary aged kids to Fred Meyer with \$200 gift cards and let them spend it on things that they want and need.

We are reaching out to the amazing businesses in West Linn for donations to make this possible. Any additional donations up to \$250 will then be given to the families in the form of a separate gift card. Any further donations in excess of \$250 will then be pooled and donated to the Clackamas Women's Services for victims of domestic abuse.

A fact sheet is attached to this flyer with more information. We look forward to working with our local business community to make this a very special Christmas for some very special West Linn families!
