Metro Business License versus City Business License or Both?:

Instead of getting separate business licenses within each Portland-area city that you conduct business in, you can get a single license from Metro to construct, alter and repair structures in 20 cities that have licensing requirements in the metropolitan area. The license covers all construction trades, both commercial and residential, as well as all landscape contractors. The Metro license allows contractors or landscapers to operate in 20 cities surrounding Portland having licensing requirements in the metropolitan area, excluding Portland. Exception: if your principal place of business is inside the City of West Linn, the business is required to apply for a City of West Linn Business License in addition to the Metro License. For Metro applications, contact Metro at 503-797-1710 or visit their website at: <http://www.oregonmetro.gov/index.cfm/go/by.web/id=24216>.

The City Council finds that certain trades, shops, businesses or callings are carried on in the City by persons from regular places of business and by persons from vehicles who have not regular places of business within the City; that persons with regular places of business in the City pay City ad valorem property taxes upon real and

personal property which is used in and belongs to their business and that persons who do not have regular places of business in the City escape such ad valorem taxation.

Both receive the benefit of police and fire protection, public utilities and sidewalks, streetlights, health services and other public facilities and services of the City. Therefore, in order that each shall pay as nearly as may be not a discriminatory share, but a share in proportion to benefits received of the burden supporting such facilities and services of the City, such businesses not operating from regular places of business in the City shall pay one and one-half times the license fee previously designated herein for businesses operating from a fixed place of business within the City.
