## City of West Linn

### Aquatic Center Conceptual Design & Operations Plan

Public Workshop  
September 22, 2010  
7 – 9 pm  
City Hall  
Council Chambers

## West Linn Aquatic Center Conceptual Design and Operational Plan

### Project Goals

- Create a facility design that can be efficiently operated and maintained
- Develop a facility plan that is financially feasible, affordable, and sustainable
- Explore a “civic campus” with connectivity to Tanner Creek Park, City Hall and possible Police Station
- Develop characteristics that reflect the qualities and spirit of West Linn
- Create connections between indoor and outdoor spaces
- Integrate green design practices into the building and site
- Consider financial and programming partnerships with private and public providers

## Public Workshop Agenda
