Chair McLoughlin called the Historic Review Board work session to order at 6:50 p.m. in the Rosemont Room of the City Hall, 22500 Salamo Road, West Linn, Oregon. Carter arrived at 6:55 p.m.

Staff outlined the basics of the two projects and asked the HRB members if they had any questions regarding the projects.

Chair McLoughlin stated that the house was very similar to the adjacent properties and that dormer was not appropriate for the proposed architectural style.

Staff discussed the applicant's original pre-application submittal and the changes that the applicant had made since the original submittal. The applicant had made a number of changes and had some flexibility. The project was a spec. house.

The Board members discussed various options for the proposed dormer and agreed to discuss this issue at the meeting.

Chair McLoughlin adjourned the meeting at 7:00 p.m.

APPROVED:
