

TEMPORARY SIGN PLACEMENT

Temporary signs may be located, with the permission of the property owner of the property fronting upon the street where the sign is to be placed, two feet outside of an adjacent sidewalk where one exists, or three feet outside of the edge of pavement where no sidewalk exists for an adjacent public right-of-way. Temporary signs shall also not be located within 10 feet of the intersection of two public rights-of-way, measured from either the edge of pavement or, if a sidewalk exists, the edge of sidewalk.
