

**Historic Resources Survey (property owners, residents, recent contractors, and others interested)**

**Let us know your thoughts.** This survey will inform the revisions to the historic sections of the Community Development Code and the development of design guidelines for historic properties. More information and definitions are available on the [Historic Resources FAQ](#) page.

If you have questions regarding the survey or need other assistance, please email or call [Sara Javoronok](#) at 503-722-5512.

All survey responses will be kept confidential and will only be reported in aggregate. Your involvement is important! Thank you!

Do you think that the current Historic Landmarks and Historic District chapters of the Community Development Code adequately address the protection of historic resources?

- Strongly agree
- Somewhat agree
- Not sure
- Somewhat disagree
- Strongly disagree

If you are a historic property owner or contractor, do you know what projects require review?

- Strongly agree
- Somewhat agree
- Not sure
- Somewhat disagree
- Strongly disagree

What is the best way for you find out more about the City's historic review requirements?

- Call or talk with planning staff at City Hall
- City website
- Architect/Contractor
- Neighbor
- Other

If you selected "Other," please describe  
(fill-in box)

Which of the following projects do you think presently require review?

- Rear addition
- Siding replacement
- Window replacement
- Porch repair using like materials and design

Weather stripping  
Painting the exterior of the house  
Installing a new fence  
Adding a skylight

Which of the following projects do you think should require review?

Rear addition  
Siding replacement  
Window replacement  
Porch repair using like materials and design  
Weather stripping  
Painting the exterior of the house  
Installing a new fence  
Adding a skylight

Do you think the historic review process is reasonable and easy to understand?

Strongly agree  
Somewhat agree  
Not sure  
Somewhat disagree  
Strongly disagree

Do you think the historic review process should be more restrictive to better protect the historic integrity of the historic district and landmarks?

Yes  
No

Do you think the historic review process should be less restrictive to ease the burdens it places on property owners?

Yes  
No

Do you think the historic review process appropriately balances the desire to protect the historic integrity of the historic district and landmarks with the burdens it places on property owners?

Yes  
No

Do you think the City needs to streamline the historic review process?

Yes  
No

What changes to the code and its administration would you like to see, if any?

(fill in box)

What are the most important elements to consider on infill residences? Choose up to three.

Height

Architectural style

Massing/size

Roof pitch and form

Color

Setbacks

Footprint/lot coverage

Other

If you selected "Other," please describe

(fill-in box)

An accessory structure is one other than the primary structure on the site (such as a detached garage for a residence). What are the most important elements to consider on accessory structures? Choose up to three.

Height

Architectural style

Massing/size

Roof pitch and form

Color

Setbacks

Location

Other

If you selected "Other," please describe

(fill-in box)

What are the most important elements to consider on accessory dwelling units? Choose up to three.

Should projects that will not be visible from the street require the same level of review as those that will be visible from the street?

Yes  
No

What type of review do you think is needed for the following project: Construction of a 200 square foot rear addition that is not visible from the street on a house that is contributing to the historic district.

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Changing the entry location and framing of an enclosed rear porch not visible from the street (the enclosure appears to be historic) on a historic landmark.

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Construction of a fence in the front and rear yards of a contributing property in the historic district.

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Construction of a retaining wall in the front yard of a historic landmark.

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Replacing a garage door that faces the street on a historic detached garage on a contributing property in the historic district.

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Changing the windows in a residence (for example, from wood to vinyl).

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other

If you selected “Other,” please describe  
(fill-in box)

What type of review do you think is needed for the following project: Changing the siding in a residence (for examples, from wood to vinyl, or to HardiPlank type material).

- 1) Historic Review Board public hearing with notice to the Neighborhood Association and property owners within 100 feet.
- 2) Planning Director decision with notice to the Neighborhood Association and property owners within 100 feet.
- 3) Planning Director decision without notice to the Neighborhood Association and property owners (may be “over the counter”).
- 4) No formal review required.
- 5) Other
