

Memorandum

Date: June 5, 2009

To: West Linn Planning Commission

From: Historic Resources Advisory Board

Subject: CDC-09-01 staff report for June 17, 2009 Planning Commission work session

At their meeting of June 2, 2009, the Historic Resources Advisory Board passed the following resolutions:

“The HRAB recommends that the Planning Commission postpone its work session on Willamette Historic District Code changes until after the next HRAB meeting (July 7, 2009) and until after staff has consulted with Andrews History Group.”

“The HRAB recommends that Planning Commission and City Council correct two errors in current Chapter 25 code for the Willamette Historic District. The first error to correct requires the deletion of any mentions of 2-1/2 story buildings in the district as there are none. Mentions of 2-1/2 story buildings should be replaced with ‘2 story’. The second error to correct is the lack of lot coverage restrictions in Willamette Historic District.”
