

Memorandum

Date: June 5, 2009
To: West Linn Planning Commission
From: Tom Soppe, Associate Planner
Subject: CDC-09-01 staff report for June 17, 2009 Planning Commission work session

Attached is the current staff draft of code changes to Chapter 25, the Willamette Historic District chapter. At the June 17 meeting these will only be discussed at the work session, not at a public hearing. The public hearing needs to be continued to August 5, 2009. The Planning Commission will need to open and close the hearing at the June 17 meeting in order to simply continue this item. A staff report will be prepared for the public hearing of August 5.
