Memorandum

TO: West Linn Planning Commission

FROM: Peter Spir, Associate Planner

DATE: January 14, 2010

SUBJECT: Public Comment Period regarding Noise Study Addendum for School Bus Driveway at Rosemont Middle School (DR-09-05) plus conditions

At the January 6, 2010 Planning Commission hearing, an addendum to the applicant's noise study was submitted. The addendum addressed projected 7pm-7am noise levels. The addendum found that the noise levels allowed by the Community Development Code could be exceeded if bus traffic was allowed during those evening hours. The School District subsequently agreed to install a gate or chain across the driveway to prohibit use during that time period.

The Planning Commission continued the hearing to January 20, 2010 to allow for a 7-day public comment period relating specifically to the addendum to the noise study. The 7-day period ended at January 13, 2010 at 5pm. No public comments were received.
