---

1. Call to order
2. Public comments
3. Check in
4. Approval of February minutes
5. Goal setting:
  - A) Prioritize the top 3 or so of Paramatrix's goals. At our previous meeting, eight of those goals were given unanimous approval, but no priorities were set.
  - B) Follow up on SAB top three goals not included in those of Paramatrix
    - The baseline energy audit: Roberto
    - Partnering with Lake Oswego promoting electric yard tools: Greg
    - Revision of the tree code: Greg and Dan on meeting with Darren Wyss
  - C) Study Ashland's new regulation on charging fees for gas appliances; is this something we would like to consider in West Linn?
6. Communication efforts: Think of topics for the newsletter, especially where to recycle things. Greg needs specific ideas for his article, including websites, like stuff for free.
7. Education efforts
  - A) Earthday outreach this year: Greg, Dan, any news on buying T-shirts with our logo?
  - B) Co-sponsor with the Garden Club, who would like to provide information to the public. If the information is about back yard gardening, isn't it already too late for this spring?
  - C) Backyard Habitat's Fall library talk: How do we prepare to support that?
  - D) Set up coordination with the high school early this summer, possibly research on the tree canopy with the Environmental Science class: Roberto? Victoria?
8. What is the next step on bringing developers and community leaders together for a discussion on private funding for EV charging stations? Who should organize this meeting?
9. Do we wish to follow through with neighborhood preparedness, the Be Two Weeks Ready program? If so, how can we partner with the City to support their efforts?
10. Survey on next meeting, April 17th - in person?
11. New business
12. Action items
14. Adjourn
