

Bolton Neighborhood Association

Agenda for meeting

7:00 p.m.

February 16, 2016

TVFR Station 58, Community Room, corner of Elliott and Buck

- 1) We will briefly go over the agenda and see if we want to add or defer to a future meeting any of the topics.
- 2) We will briefly go over the minutes from January's meeting and make clarifications after which we will vote to accept no changes or ratification of new changes.
- 3) We will discuss the property that was deeded to the city for the public's benefit back in 2002 addressed at 21395 Willamette Drive.
- 4) We will talk about the budget in particular how much we want as a prudent reserve, and then I will field ideas on what to spend the money on to help the neighborhood and how much. Those with the ideas will also then be encouraged to come back next month with an intelligent guess on the amount and how that figure was obtained.
- 5) I am still working on getting Chimp Mail figured out, and I would really appreciate help on it. I am okay technologically, but am not understanding of why the email is being bumped to my spam folder.
- 6) We will wrap this up with suggestions for items on next month's agenda which will include a change to our voting rule in the bylaws.

Looking forward to seeing you there.
