

What would you like the City Council to focus on in their goal setting for 2021? Messages and policies for inclusivity, sustainability, accountability of our public services (police).	Do you have any other comments to share with your new 2021 West Linn City Council? So thrilled with the new Council and Mayor! Here's to a fresh start!

9 Stronger efforts to diversify City Staff.	It's very encouraging to see the new City Council working productivity and getting things done.
Police reform. We need CAHOOTS style of policing. We don't need the current configuration. Current configuration takes costly of liberties with innocent people and their rights. Too many occurrences of POC reporting harassment by West Linn police.	Please hold our police accountable. The City Manager needs to be strong so that reform can happen.

1) Fix all the potholes on Rosemont Road and how to make it a signature street like Salamo and Santa Anita. The prior council	
ruined it just like the entire Willamette area by making bikes the number 1 priority. Cars, parking and business should be the priority. Customers won't patronize if it is a pain to park, ie back in parking. 2) Get a swimming pool in West Linn. It is a complete	
embarrassment that we cannot fund a community pool. Other communities can figure it out (Molalla, Canby, Tualatin, Oregon	•
City, etc.) Lake Oswego is forward thinking and aggressive. Their new complex on Stafford will be amazing and makes us here in
