

Please tell us how you feel about City of West Linn parks and recreation facilities.

[If satisfactory, fair or poor] What could we do better?

1. community pool
2. Limit new development to ensure we lose no more green space.
3. Pool
4. Allow behaved dogs off leash.
5. tennis and basketball courts in Marylhurst would have been nice.
6. Trails,
7. Stop trying to build "parks". The miserable failure of Midhill Park was a waste of taxpayer dollars and a travesty to the natural environment. The whole park is slowly sliding off the hillside. The entire area is water logged 9 months of the year.
8. Ken, retire, new leadership in parks and rec. Finish the path from Bolton to Willamette. You have the money, get it done or step aside. Have a greater commitment to the summer concerts. I can hear them from my house and rarely ever go, better bands.
9. better Summer tennis program. Reach out to local coaches like myself now that Tim is not doing it anymore
10. I would like to see a community center for families to use. I would like to see a community pool for school swim team.
11. "It rains a lot in Oregon. We could really use more covered spaces, even if they are outdoors.
12. The Select athletic programs start way too young, and monopolize too much of the resource capacity. This leaves P&R programs limited as 3rd place."
13. Broader access to indoor activities especially on weekend
14. Rec basketball for high school age kids
15. More turf fields
16. Better communication with the schools when trying to use their open spaces or gyms. Kids repeatedly are double booked or not even booked at all with no communication. Unacceptable and costly.
17. Better maintenance and upgrades of existing facilities.
18. Would like to see more walking paths. Also - would LOVE an indoor Tennis Center.
19. I think it's time to yield youth basketball to a private club or association.
20. Probably more indoor activities
21. -There isn't much of a kids park in the Summit neighborhood. The Sahallie-Illahe park is in such disrepair that it's not worth the walk. -Can you mark the trails throughout town and create/distribute maps of the trails?
22. The staging area in Wilderness Park is just a pile of junk. It seems under-utilized and has so much potential if it wasn't just a pile of un wanted stuff.
23. Having more indoor recreation facilities for all the months that it is pouring rain would be great...or even covered areas in existing outdoor areas that allow for some playing outside even if the weather is bad.
24. Need a west linn trail system that connects neighborhoods, without necessarily connecting to adjacent towns.

[If satisfactory, fair or poor] What could we do better?

25. Have a community swimming pool
26. "All year basketball for kids. Add additional walking trails through parks and neighborhoods."
27. Indoor facilities to use in winter for sports
28. Provide a rec center where children could take swimming lessons, indoor sports lessons, etc
29. "Add a youth track recreation program. Build a recreation center with indoor/outdoor pool, basketball courts and party rooms for rental."
30. Mulching the trails along Wilderness park. Updating the Sunset Firehall and the Bolton Firehalls so they look nice or in the case of Bolton remove it for better options.
31. Indoor recreation center
32. An indoor rec Center or community center would be fantastic.
33. It would be nice to have an indoor facility for basketball not just the school. An indoor swimming pool/facility would be a huge plus. I don't believe the city owns Oppenlander Park but if you do bathrooms (not port o johns) are HUGE need there.
34. Sunset firehall and sunset park require substantial updating.
35. Trash can (maybe fixed in place) on island at MSY park for summer would be nice.
36. Preschool age kids need activities.
37. The skateboard park is a nuisance. Loud music playing, kids cursing loudly, and tons of trash thrown over the fence onto the trail. I find it makes me not want to walk in the proximity....
38. "There are too many teams and not enough space for adequate practice times. We need community indoor facilities."
39. Keeping off leash dogs iff the trails
40. More athletic venues for the youth of West Linn with equality between girls and boys.
41. Not tear down parks!!! (i.e. Sunset)... provide more natural settings for kids to explore- not just plastic play structures- think Sellwood Natural Park :-)
42. More family friendly community events
43. Stop further development
44. Stop using roundup where dogs and children play
45. West Linn needs a swimming pool. Learning to swim is an important life skill for the safety of all ages . West Linn high school swim team needs a pool to practice in so they don't have to travel. We support other sports. Why not swimming?
46. A community pool and recreation center, for kids to play table tennis and host indoor activities. The Sellwood Park is an ideal example of what could be added to wilderness park. Wilderness park has both space for a center and parking.
47. It would be really nice to have an indoor swimming pool where kids could take lessons.
48. More classes for kids. Its always the same few things. The sunset firehall Needs in update. Another Patel near bland would be great ...we don't have a park.
49. As much as I enjoy walking in the rain, I would like indoor recreation near the river such as a YMCA and also tennis/basketball courts and a pool in the Willamette area (which can be outdoor or covered.)
50. More indoor athletic opportunities. Maybe a community pool?
51. Build a Rec center!
52. It would be great to have adult co-ed sports teams and more area protected from development (I.e. The large lot across from Rosemont ridge)
53. Provide better river trails and access
54. Get rid of publisher's pond, expand the park and build a bike path along the river. Or provide more places for bikes to ride along the narrow willamette falls drive. It's dangerous for bikers and runners.
55. We need a more central space for swimming, more serious gymnastics and a place for our kids to excel beyond dance.

[If satisfactory, fair or poor] What could we do better?

56. Make Oppendlander SR field all turf outfield and add scoreboard.
57. Having indoor basketball courts that are easier to access would be great.
58. I could not think of any indoor athletic facilities open to the public. Only sunset fire hall that could be rented. An open, indoor facility for kids to play on rainy days would be nice.
59. Finish the bike trail behind Barrington Heights and keep the parks open at night for night bicycling (the new rule sucks and there aren't any squatters so it is moot point!).
60. Indoor and outdoor Swimming facility
61. Build a public pool.
62. There is a trail near our home on Taylor Drive. It's very overgrown with branches and blackberry vines along the bluff. It really needs to be cleaned up. I've also noticed the walking paths at parks are often overgrown making it hard to maneuver.
63. I can't think of indoor activities beyond the library. With the long rainy season it would help to have local options.
64. I am not aware of any indoor recreational facilities that are run by parks and rec in west Linn. Also last year the Mary S young fields were destroyed by the rain. Installing better drainage systems for the fields in the major sports parks
65. I have seen little info regarding activities at any of the parks. Above indoor activities are mentioned and I don't believe I have heard of a single one of those. I would also like a disc golf course (even if just 9 baskets) and would help out.
66. We desperately need an indoor Rec centre for all ages. We have so much poor weather here and so many families. An large indoor pool, indoor skating rink, courts, etc. We are not religious so don't want to go to a church for a gym.
67. Overall parks are great as are summer events. Some older parks like Sunburst could use updating.
68. We need a year round Aquatic/Recreation/Community Center ASAP!! For such an active community, it is just unfathomable that we do not have this, for ALL residents. I am well aware of the past ballot measure which I actively supported. Let's get it done!
69. I'm not aware of any indoor parks and rec facilities that would be in line with my family's interests.
70. More artificial turf fields and less community garden and green spaces
71. WiFi at all Parks (Skyline Ridge)
72. "More development of trails in current parks.
73. Nature camps in parks (like the ones developed at Tyron Creek Park- which I have taken my kids to.)"
74. More adult sports leagues
75. Indoor community space and recreation.
76. More indoor facility space for recreation programming for all ages
77. Need a better indoor facility. Pool?
78. We need a full Rec center with a pool, gym, etc.
79. Definitely need to address a better community center. One that provides more activity options, pool access, play space, kid & family activities. Seems odd to not have more of it in such a family focused community.
80. It is unthinkable that a community as educated and affluent as ours does not have a city swimming pool.
81. It would appear the city needs more staffing for parks.
82. I would like to see more youth activity leagues that are not as competitive as the school leagues. I would also like to see more youth "lifelong learning" classes like cooking for teens, sewing for teens, home finances for teens (and adults!).
83. More dedicated indoor recreational facilities including indoor & outdoor pool.
84. We really have no indoor recreation facilities. Pushing for a community pool again would be nice.
85. Need indoor recreation spaces, such as community gyms, city-run pools, etc.

[If satisfactory, fair or poor] What could we do better?

86. I don't really know of any indoor recreation facilities that are city owned/operated? I guess Sunset Firehall could qualify...there just don't seem to be many I can think of ;)
87. More open space preservation, with better access
88. I walk my dogs every day along trails near Tanner Creek Park. There are not enough receptacles for dog poop bags. As a result, I have to carry filled bags a distance until I get to the next recepticle. Some people toss their bags into vegetation.
89. I continue to wish that West Linn had an actual rec center with a swimming pool.
90. I would love to see more sports and the offerings for youth that are accessible to families with two working parents. Have been using Lake Oswego's offerings--like youth fencing.
91. Does the Parks and Rec department have any indoor facilities? I believe they all belong to the school district.
92. West Linn needs a proper recreation center
93. Fire parks director. He has no vision, no backbone or ethics.
94. I would like to see a public pool that would accommodate a community/city swim team as well as our high school swim team (and water polo.) This could also be used for swim lessons, water aerobics/physical therapy and lap swimming.
95. West Linn is a beautiful community but there is really very little for youth to do unless you are in organized sports and activities and they have to be driven most places to partake in other activities. Easier access to old Willamette would help
96. 1. Create (or advertise) a way to notify the city when trees, overgrowth occur on trails, explain to the public priorities, schedules of maintenance, request for community help, etc. 2. There are no indoor recreational areas that I am aware of.
97. Providing a place to gather. An example is Millennium Park in downtown Lake Oswego.
98. take the cost of the parks dept. off my water bill and put it back on property tax bill. complete walking paths along Willamette and Tualatin rivers from the arch bridge to field bridge.
99. Better care of the parks during the winter months. Kids and families still like to go to the parks and there is a lot of tree debris and limbs which should be cleaned up on a more regular basis.
100. Improve cleanliness and safety of picnic areas
101. "Help develop a more cohesive overall West Linn identity and collaborative culture, not sparring NIMBY neighborhoods, generally run by just a zealot few. Develoop a 'downtown' West Linn."
102. More open spaces for off-leash dog walking
103. Need more turf fields.
104. The Robinwood Community Center needs some updating. I wish there were more indoor rentable facilities for small groups like birthdays that was updated and a place where kids could and would want to play. I'd love a path from Willamette park to falls.
105. Indoor recreation facilities. (Are there any now?)
106. "Swimming areas that are not private and neighborhood exclusive. Activities for teens and appropriate places for them to go to socialize that are not church based"
107. Actually have a community center.
108. expansion of central community areas in the parks. Create central areas of community congregation near local businesses. e.g. near a cofee shop outdoor benches and play space. More coverage for rain or ground in playgrounds conducive to rain
109. Additional parks with well maintained walking trails, more green space. Get rid of current West Linn logo (writing and mountains) as it is very dated; create new, more attractive logo and make sure WL is identified, as well as the parks, with this.
110. I would love more pocket parks and walking trails.
111. The streams are choked with blackberries and the trees in the riparian zones are growing ivy. Both are invasive species. When is the City going to clear the streams?

[If satisfactory, fair or poor] What could we do better?

112. It would be nice to have more turf fields. Lots of games were canceled in the fall because the fields were ruined. And the gym space is a nightmare. There is nothing worse than having a first grader with a 7 pm practice time.
113. Build more natural wetlands into open/park settings.
114. A dedicated parks and rec facility for younger people not just a senior center.
115. A community swimming pool and rec center that would be affordable to all.
116. We are angry that the Cedar Oak public access has been closed for so long. We use the park and not the boat launch. Why must we be not allowed in the park for so long.
117. Park maintenance. Don't get so much that you can't maintain what you have.
118. West Linn's indoor facilities are good quality, there's just not much quantity, particularly courts.
119. Keep the parks CLEAN. Create sidewalks on all main streets so we can safely walk places in west linn! Walking on Sunset is downright dangerous.
120. More off-leach areas for dogs.
121. I have rated the indoor recreation facilities as "Satisfactory" because to my knowledge the only indoor facilities offered are the school spaces (gyms, multi-purpose rooms). The community "centers" are small and rundown.
122. more green space, less developments. connect the green spaces so animals have a place to live rather than the areas just looking green.
123. Have an aquatic pool/fitness center.
124. I'm not aware of any "indoor recreation" facilities in West Linn that are open to the general public. It would be great if we had a public swimming pool. Everything else is really great and well maintained.
125. Is a community pool feasible?
126. Maintenance on natural trails, possibly use volunteers if too costly. Improve the pedestrian crossing in these areas.
127. Add more natural parks
128. Promote more parks and less housing development which will create over crowded schools and more traffic.
129. I am not aware of indoor recreation areas.
130. Improve walking/bicycle connections for safety.
131. I grew up in WL, lived in Beaverton for the last 2 years and moved back to WL last summer. I have a toddler that I was looking to enroll in activities similar to THPRD but I'm really disappointed in what WL has to offer for youth activities.
132. WEST LINN HAS A HISTORICALLY DEPLORABLE RECORD VIS-A-VIS PROTECTION OF THE NATURAL ENVIRONMENT. DAVID BRAGDON, FORMER HEAD OF METRO WAS A SUBSTANTIAL CRITIC OF THE CITY'S RECORD WITH RESPECT TO PROTECTION OF NATURAL WILD LIFE RESOURCES.
133. involve teenagers
134. more open space for hiking with learning opportunities
135. Can't think of what you have in the way of Indoor Recreation Facilities..... A few fire halls and McLean house for gatherings.... Love all the parks.
136. Maintenance. Jobs seem to sit forever. Fields Bridge Park has issues that should be addressed.
137. Do we have any indoor recreation facilities? An indoor rec. center would be nice. Also, our community events are a little embarrassing and unprofessional. I'm pretty sure it's way past time to do away with the Old Time Fair court of princesses.
138. Promote more community events in parks or outdoors gatherings - group hikes, arts & crafts shows, live music performances outdoors. All during good weather seasons. More live music, author readings, community storytelling at West Linn library!
139. More indoor rec areas and additional parks

[If satisfactory, fair or poor] What could we do better?

140. The trails could be improved. For example, better maintenance and identification of the Pimlico trail. Also, a natural buffer between Rosemont Rd and the trail would reduce the road noise and increase pedestrian safety
141. Lake Oswego provides a much greater menu of recreational offerings, both for kids and adults.
142. Facilities are limited and not always open to the public.
143. Offer more children's programs at times that work well for families with both parents working full time. For example, summer camps that run full day and more classes offered on weekends.
144. quit converting our green spaces and "wilderness parks" into playing fields. Keep it green, open and natural. Thank you for buying Savannah Oaks.
145. Would like to see planted medians along Willamette Blvd from the LO border all the way to the Arch Bridge.
146. maintain and upgrade trails
147. Fields Bridge Park cannot support the number of users it gets. Please help the baseball community to figure out a different place to hold their games and especially tournaments.
148. Extend trail along Willamette river and develop the publishers pond area into a park with trails and wetlands!
149. More community events (not just for families but include seniors who still live here but don't have family here now; less than 1/3 of people here have kids in the schools) like ice cream socials, pruning demos, etc. Concerts are too loud.
150. Increase trail maintenance at parks such as Wilderness and Mary S. Young. Have more and more pervasive drop in use of school gyms for kids especially over holidays and school breaks.
151. The offerings for kids are so sparse where we moved from every season we got a 100 page book of classes activities events for kids, and adults. There were indoor parks which would be huge here, a community swimming pool/ water park, with an indoor gy
152. Indoor Swimming facility
153. Pool rec center, larger events. Hurry up willamette falls project and push tourism/small hotel
154. Love Mary S Young park. Palamino Trail is in bad need of repair. It would be nice if there was a fenced dog park. Maybe a joint venture with Lake Oswego to improve the drainage at their park.
155. I am unaware of any all ages community center. I regularly travel to Portland to use their indoor community centers (~once per week).
156. "Quit letting people build more houses here
157. We need the open spaces, not more businesses or houses."
158. Stop development of open spaces and natural areas!
159. Construct more hiking trails.
160. Convert a few tennis courts into either pickleball courts or "mixed use tennis/pickleball courts."
161. We would love to see regular communication with residents (emails, postcard, brochures, etc).
162. Put the cost of parks back in the budget rather than a fee on the water bill!!!! West Linn is living beyond it's budget by doing this and until it is folded into the budget, no more parks, natural areas or trail should be built.
163. Richer summer camp. A week of playing in the park got old for kids. More themes and field trips, days based around activities, kayaking, hiking, swimming. There is huge need for camps in this area - pull in best of other PDX camps.
164. Listen to stakeholders and don't be dishonest!
165. Provide off road biking opportunities. Dedicated mountain-biking trails. A pump track in Mary S Young. Other cities offer these activities and bring in a lot of outside attention.
166. Maintain more natural areas in the city. Work with city to prevent the removal of large trees and limit development in park areas.

[If satisfactory, fair or poor] What could we do better?

167. The community is lacking activities for tweens and teens indoors such as swimming, bowling, community center or other meeting places that are safe and healthy for young people to gather. A low cost option is key for regular use.
168. "North Willamette park courts and bathrooms need better up keep. We really need a community indoor basketball/volleyball space. We also need a community space for pools."
169. opportunities for off leash trails.
170. Having an indoor swimming pool where kids could take swim lessons would be wonderful!
171. More art offerings and girls in wilderness.
172. We don't have any indoor recreation facilities for med-large groups. I have a girl scout troop and we are often looking for a large space to hold events and we nearly always have to rent a school, however they are often being used by the school.
173. Facilities for paddlers (to launch, to park, to shuttle). physically identify trails' routes on streets. More off leash opportunities.
174. Swimming pool.
175. Repair Robinwood Station. What's up with that? City has been dragging feet for years, denying legitimacy and allowing building to deteriorate.
176. Indoor swimming pool and other recreation facilities for children. ALL day care (8-5) for camps offered during no-school-days and summer otherwise it excludes families with working parents. Off-leash trails for dogs that are under voice control.
177. Address invasive plants in our parks and restore back to a native state.
178. More sports facilities/fields for the youth of our great community to enjoy and compete/share with other communities. These events usually bring many families together from all over Oregon & Washington and give us a chance to showcase our great area.
179. I would like us to have more indoor rec spaces-- even if it's just one indoor center (with or without pool) so that we're not so reliant on using school district facilities.
180. Finish the river trail
181. Improve Sunset Fire Hall. It was great after it was updated, but then wasn't maintained. Also, there are several "forgotten" neighborhood parks that seem to get missed being maintained. I.e. Litter, low bark chips, etc
182. Bring back a park next to Sunset Elementary. It would also be great if we could get a pool and more indoor play areas.
183. Safety: need lighted/blinking pedestrian crosswalk signs by Willamette primary school and by restaurants in Old Willamette. Parked cars obstruct views in both areas above mentioned
184. Off more programs for youth and increases communication for parents seeking opportunities for youth to get involved in activities. Increased number of facilities and coaches available for youth sports.
185. We need an indoor pool or recreation center here in West Linn.
186. Get a community center/pool!
187. Build more tennis courts, with lights preferably.
188. Uncertain
189. Build a swimming pool.
190. "Indoor facilities that minimize the effect of rain/weather. such as running racks, gyms, and swimming pool.
191. Year around farmers' market.
192. Health Fairs, Walk/Run events"
193. The dog park at Mary Young has taken over what use to be a community gem. I love dogs, but owners allow their pets to use all areas of the park indiscriminately as a doggy urinal...and a safety issue due to being off leash in all areas.

[If satisfactory, fair or poor] What could we do better?

194. In door spaces seem to old, fusty places (exception of the WLACC) that have been repurposed from other uses, but no money to update or adequately maintain/furnish. More money allocated to indoor facilities, since the weather is so dreadful here.
195. Continue with more community events. The summer concerts, which may not be a Parks and Rec. activity are wonderful. Also more offerings in the community education program. Finally Sunburst Park needs attention.
196. "Indoor pool Indoor basketball courts"
197. The sunset firehall needs work , the dancers have to dance in moldy conditions and I don't think that is a healthy environment for them
198. The parks are not kept up as they should be. Many people have dogs off leash and do not clean up after their dogs.
199. West Linn needs a public swimming pool! Additionally, a community center where kids could go to play basketball, especially on rainy days, would be wonderful.
200. "You could provide more kid friendly activities. Most parks have a free lunch program and different outdoor activities for kids
201. during the summer months. Something along the line of that."
202. "More turf. Indoor rec center."
203. I'm not aware of any indoor recreation facilities. I know we use the schools for youth leagues, but there is limited gym time available. There doesn't seem to be court space available for adult activities or leagues.
204. We would love to have a large community center complex with a pool large enough for swim meets or water polo competitions. Even as newcomers in 2014 we voted in favor of a pool. It is unfortunate the high school team has to practice at Tualatin Hi.
205. It's very sad that West Linn has so many parks and no swim facilities. A community so close to a river should be providing opportunities for children to learn to swim. Every other city in the metro area has a swim facility. Splash pads are a waste.
206. The small selection of activities for teenagers and older adults are farmed out to outside contractors with little knowledge or involvement from WL park employees. Love LO parks and rec services and staff. My children and I prefer to register there.
207. Provide a fitness and/or aquatic center
208. Aquatic/Recreation Center
209. Provide more opportunities for youth.
210. Provide more comprehensive after school opportunities for kids at their schools. Check out Lake Oswego's public parks programs that they offer at the schools immediately after school.
211. Annual Bike events for kids and families like sunday parkways in pdx; source for best walking/running trails using google maps
212. West Linn needs a large indoor recreation center especially for young teens and families. An indoor pool would be a great addition to the community as well as a nice community room and a place where young kids could enjoy indoor space during winter.
213. My Children go to school in West Linn. They also attended your Fun in the sun camps the last 2 years. Last year, we were incredibly disappointed in the program. The counselors were immature, "what's up chicken butt" they taught my 6 year old daughter.
214. I would love more opportunities for the younger kids, 2-5 year old range, particularly indoor recreation possibilities (playgroups, classes)
215. I wish there was an indoor playpark like Lake Oswego Parks and Rec has. We end up going to the playpark at Palisades and do not activities through Lake O Parks and Rec because there's a larger selection and times/dates work better.
216. One of the most appealing aspects of West Linn are the parks. The abundance and quality. I would prefer for the farmers market to be in another location. It is too crowded along the old town. Also need an indoor play space for rainy months.

[If satisfactory, fair or poor] What could we do better?

217. This winter really highlighted the need for better indoor park space for the community.
218. Fields bridge park is still not finished after all these years of development. It would be great to get this done. The area over by the gardens need to be completed and landscaped.
219. It would be nice to have a workout room in one of the community centers , for those of us who want to get some exercise especially during rainy season don't want to join a gym or commit to a regular class. Perhaps more community meeting rooms?
220. I am not aware of any indoor recreation opportunities except at the senior center, but the last time I went there, I couldn't stay in the building because of chemical air "fresheners" or scented laundry products, which harm health.
221. It would be nice to have a pool rather than yet another megachurch.
222. Aquatic center
223. Too much of the available park space is devoted to baseball and/or soccer fields.
224. Public Pool :)
225. Develop trails along the river
226. Less stringent dog regulations everywhere. There are many trolls out there who dislike dogs and their owners and the city and law enforcement seem to buy every story and listen to every phone call about some deranged dog or owner.
227. Get the pool passed!
228. Buy property for a swim pool in the Wonkers area adjacent to either of the two schools. Perfect location for having a public pool and incorporating pe into the school program where every kid learns to swim. Joint ownership between parks and schools
229. Build a community Rec center with a outdoor pool
230. I would like to see improvements to the playing fields. They are not always maintained well for the game that will played, i.e. Baseball fields. Advertising of events isn't easy seen. I don't find out about something unless I see it at the library.
231. I think our community really needs a rec center and swimming pool. The former Albertsons building would be amazing!!!
232. We enjoy the concerts in the parks, we try to visit the different parks within West Linn. Lots of places are walking distances which is convenient. I would like more bike trails and walking trails, more houses are going up, less green space
233. I would love to have an indoor and outdoor swimming pool, and a gym or two for children to play during rainy season.
234. We need more indoor activities for teens.
235. I read about the activities offered in Lake Oswego each week in our newspaper and feel they offer much more and/or communicate it better. The cost of many of the youth activities makes it hard to access for my grandkids
236. Have some facilities, like the WLACC open more evenings and possibly on Saturday.
237. There needs be more more activities for young families. Playgroups, park events during the summer (not camps, but similar to a rec bus), activities at the sunset fire hall or robin wood station during the day (gymnastics, toddler basketball, ec)
238. "Community/ city pool
239. Sidewalks/ walking or biking trails
240. More river access"
241. We need an indoor pool and community facility
242. Keeping bathroom facilites tidy, clean and safe feeling. Enforcing leash laws. Some of us are afraid of dogs, have been bitten, and can't use the parks as others are free to do, when citizens are allowed to have their dogs off leash.
243. More adult events or gatherings to socialize. Yoga in the park or West Linn wine tour event and shuttle

[If satisfactory, fair or poor] What could we do better?

- 244. Maintain the green area. Don't let the builders keep building houses and make the city too crowded.
- 245. We need a pool for the entire community for the kids during summer months.
- 246. Organization. Every sports event we've been to is so unorganized. I've had kids in sports for 10 years at Tualatin Valley Rec....they've got it down. Every parent I talk to complains about it.
- 247. An indoor activity center would be wonderful (swimming pool, etc) just not the expensive one previously proposed.
- 248. indoor facility for winter use
- 249. Provide more indoor or possibly covered outdoor spaces for more opportunities for activity in inclement weather.
- 250. Remind us of the resources in our own community so we don't travel away to pursue things we can do right here.
- 251. I need a community pool indoor and outdoor rec center
- 252. Fenced dog park like in LO.
- 253. Maintaining trail easements; waterfront access and continuous waterfront trails; ped/bike access between uphill and downhill neighborhoods; Willamette falls access and appearance of this city gateway
- 254. More outdoor programs for youth, families, and adults
- 255. Begin the control of exotic invasive plants in the natural areas as all other park systems have been doing for years. Without this work the functionality and ecological health of these areas will continue to decline. Mirror PPR'S IPM approach.
- 256. More areas for dogs off leash to hike.
- 257. West Linn needs year round opportunities for youth to be involved in sports and activities. Areas were there are currently options need to be expanded and other areas need to be added. Add additional outdoor and indoor sporting areas including a pool.
- 258. I would like to see a swimming pool.
- 259. Indoor recreation facilities??? Are there any?
- 260. Larger choice of affordable fitness adult classes: despite the non-resident fees, it's cheaper to take classes in Lake Oswego.
- 261. more or better known community events
- 262. More programs classes offered. I always have to go to LO programs
- 263. Really could use community pool/rec center (maybe shared with a neighboring city)
- 264. More community gatherings. Maybe some canoe/kayak/paddle boat rentals?
- 265. "We could use more indoor recreation areas. It rains here all the time. There needs to be a community center other than the library
- 266. for people with small children."
- 267. indoor recreation facility that is inviting to families/children and a city pool
- 268. A community pool.
- 269. "More nice restaurants. More shopping. Bakery"
- 270. Better maintain Skyline Park and Mary S. Young dog park
- 271. The Farmers Market needs work. More produce and healthy food, less craft vendors and carnival food. An indoor rec center would be excellent as well, with a indoor and an outdoor pool.
- 272. Lighted tennis courts. Pickle ball courts.
- 273. Your survey questions need another place to answer, like "Do Not Know". I honestly didn't know about any indoor rec facilities.
- 274. Park maintenance appears to be in decline and the rate of decline is accelerating. Have we more parks that the city can support given the financial challenges facing this community. If you find yourself in the hole, the first thing to do is stop digg

[If satisfactory, fair or poor] What could we do better?

275. The parks and open spaces are a key part of what makes West Linn great. If Stafford develops, additional open space and parks should be acquired to preserve the rural nature.
276. Last spring we had a few unseasonably hot days. When we took our grandchildren to play in the water feature, it wasn't on yet for the season. It should be responsive to the needs / weather, not the calendar. Otherwise, the kids love that park.
277. na
278. Playground improvement at Sahalee Ilahee Park, is: more swings for older children, pave its basketball court, and make the basket/hoop adjustable.
279. More interconnected trails. Also, work with Stafford area to preserve land and create trail system that links up with West Linn.
280. West Linn desperately needs a pool/indoor rec center! Children's activities should include families with working parents (during workdays camps need to provide care 8-5, offer weekend activities), provide off-leash hiking trails for dogs.
281. West Linn needs an indoor swimming facility.
282. More play options for kids during winter months, like covered or indoor play areas. More sidewalks and paths for walking.
283. Our family would love to see a recreation building built, with a pool. It becomes a gathering place for residents, young and old. It provides activities to keep people healthy and happy. Unlock the bathrooms come Springtime - I have little ones.
284. Sign and better maintain the trails we have. Update and further disseminate trail maps to include even small trails.
285. "Hard to get gym time for youth events...basketball/volleyball practices. As well as recreational time, open gym for adult basketball."
286. Support Robinwood Station. support paddling activities.
287. sports and outdoor events for low income middle and high school. Street parking on Borland Road at Fields Bridge Park is dangerous.
288. Better ongoing care of the parks, planting flowers, watering, maintaining, etc.
289. "More natural habitat preserved, more trails developed through greenspaces, more bark chips on ground in playground to soak up water in winter/spring and still make the playgrounds playable for children
290. ...but overall - pretty good job."
291. We have enough. Just maintain what we have.
292. Complete trails along river!! For long and wonderful walks. Connect the communities through walk/ bike trails. Hard to bike from willamette area to communities along 43. Not familiar let bike friendly
293. Provide indoor recreation including a pool/fitness for all ages, not just seniors.
294. More bike and ped trails!
295. Would like to see an archery range made available.
296. The Old Time Fair needs some revitalization. The concerts/movies in the parks are too confusing and disjointed. It is a major research project to figure out which park has what event on which date. Plus many of the parks do not have enough parking
297. After nearly every Little League weekend, the park is full of trash. The organizers should be responsible for cleanup and dumping trash cans in dumpster.
298. I think there's a lot the could be done with the waterfront near the falls. I know it's been an area in flux planning wise for a long time but I would think tagging along with what's being planned on the Oregon City side would be wise.
299. We need a pool. We need more activities for youth and baby boomers outside of school and work hours
300. "Many park events are listed in the Tidings for L.O. Parks, not so for West Linn.
301. Also, with parking so limited in Willamette Park and Fields Park I wonder why the facility use fee isn't greater for non residents."

[If satisfactory, fair or poor] What could we do better?

- 302. Indoor rec center with pool!
- 303. We live near Sunburst Park and use it almost every day. There are a number of problems: broken/removed asphalt making paths dangerous, flooding, poor maintenance, no policing (car joyriding, dogs off leash), dead trees not replaced
- 304. community center with pool and activities for young children ages 1-4
- 305. "More Natural spaces, dog friendly too!
- 306. Bring New Seasons Markets and Trader Joes Market to our community.
- 307. Encourage Portland Restaurants to come out here."
- 308. Restore play equipment and picnic facilities in Sunset Park.
- 309. More programs for toddlers, indoor/outdoor pool is needed!
- 310. Community pool!!!!
- 311. More sports facilities
- 312. swimming pool
- 313. We need a pool for this town for tectestion and for sports. We also need more indoor basketball facilities.
- 314. although I love the outdoors, it would be great to have some indoor facilities to support activities during the long rainy season
- 315. "Youth recreational basketball. No place (listed anywhere) to go for indoor, recreational basketball, especially during the school year.
- 316. Indoor Swimming! Need a community pool. Force to drive to Oregon City or Sellwood."
- 317. Recreational center with sport and art classes on weekends for youth.
- 318. More bike trails particularly on WFD to HWY 43. That's dangerous. It would be nice to have a circular route between LO and Willamette that is not dangerous. Also to transit in Tualatin along Borland to help with bike transit. Riverfront path - Yeah!
- 319. Have more opportunities for dogs to walk off leash.
- 320. More maintained trails
- 321. Create and maintain natural areas like Camassia
- 322. "More. Indoor recreational facilities
- 323. Perhaps indoor pool facilities"
- 324. More hiking trails. Dog poo stations. Porta potties at parks. Signs for people to leash their dogs.
- 325. Allow progress and positive improvements. Improvement to Willamette Falls area is an exciting opportunity to shape the future of West Linn.
- 326. Kayak launch at Burnside or Maddox Woods Parks. Do much better maintenance for park trails. What happened to trail from mill to Willamette that was supposed to be ready couple years ago?
- 327. More river access. More walking trails.
- 328. The adult community center is great. Would be nice to have a designated community center for all ages.
- 329. "Daylight Bernert creek in savannah oaks park. Develop more indoor play space for everyone"
- 330. Daylight Bernert Creek
- 331. Open Adult Center to everyone
- 332. "I'm not sure what the indoor recreation facilities are so I marked it low.
- 333. What are the chances that Bernert Creek in the Savannah Oaks park can be reestablished?
- 334. I think you guys do a fine job. Thanks very much."
- 335. Indoor Rec facilities...I'm completely unaware (and I've looked) of anything except a few rental facilities and the senior center. If there are others, they are advertised poorly, if there are not...seems like most of the population is not served.
- 336. Have more space for community functions, events, and classes.
- 337. Maintain trails and better access for non-motorized river access (kayaks, canoes, paddle boards, etc.

[If satisfactory, fair or poor] What could we do better?

338. Bring back Daylighting Bernert Creek in the White Oak Savanna area. The number of vertebrate species living part of their lives in the Savanna each year will dramatically increase when Bernert Creek is brought back to flowing above ground.
339. More frequent maintenance at neighborhood parks (i.e., moss removal on sidewalks which is a safety concern when wet, more frequent clearance of storm damage and pruning, enforcement of leash laws and dog waste pickup.
340. Update and upgrade some of the indoor rec centers and also offer more because of the volatile fall and spring weather issues!
341. Provide more community facilities that promote recreation. West Linn has not invested in a community pool that could be the center point for the community, and promote a sports facilities that all generations could use (lessons, lap, competition).
342. Help nonprofits/volunteers more with nature park improvements and maintenance; promote more community events outside of summer
343. Aquatics would be nice and better fields for soccer/softball
344. Provide unique outside activities such as windsurfing, kayaking, wave runner rentals, Stand Up Paddleboarding through an outsourced experienced provider.
345. doing great thanks!
346. More options for indoor activities
347. Share the sporting fields equally between boys and girls?
348. More fields for girls softball
349. We need a pool
350. Improve sand volleyball court, youth soccer and baseball/softball fields. Hoops at fields bridge are often stuck or broken
351. There is no community pool for lessons or recreation. There is no indoor rec. area for families or kids.
352. Love the indoor soccer facility coming. More gym space would be very welcome and needed as well.
353. Equal sports fields for girls and boys. The community needs a turf Softball complex like the baseball fields.
354. Daylight Bernert Creek in the White Oak Savanna. That will make it a truly natural space for observation and exploration. It will align the park with the efforts to add West Linn to the national memorial park with the Willamette River front area.
355. Better outreach to the community
356. N/A.
357. It would be nice to have a Community Center for all ages. Would also love to see a community fitness center with swimming pool but would settle for a Community Center that would provide space for group events, classes, etc.
358. You really do an amazing job! More open spaces and trails are always welcome. It would be very nice to finish the trails in West Linn and connect them so you can walk around entirely on the trails.
359. You could work to make more areas to access the willamette river. A public turf field.
360. It would be great to have an indoor facility for activities such as swimming, working out, etc.
361. I would love an indoor facility for the rainy months, especially a fitness center.
362. I would love a park that is very similar to Tryon State park, with well groomed dirt trails winding through a wooded area that is very family freindly
363. More indoor recreation for children (given it rains most of the year). More nature trails and more walking/running/biking trails.
364. Would love a public pool for our kids.
365. "Better pedestrian and bicycle access to parks.
366. More programs for toddlers.

[If satisfactory, fair or poor] What could we do better?

- 367. Public swimming pool."
- 368. We need a community pool, & more classes are offered for toddlers. Also, Hammerle Park needs a paved path from the playground area to Perrin street, walking the road, or through the mud are only option to walk from one side to the other
- 369. Sahalie Alahe park needs to be improved.
- 370. Can't think of anything you could do better
- 371. More fields/opportunities for girls sports.
- 372. A swimming pool!
- 373. Bike paths
- 374. Local pool for swimming, lessons, swim team, open swim, water aerobics, etc. Variety of lower priced fun or learning classes for kids of all ages. Classes for homeschoolers?
- 375. I would love a pool and a Zumba class
- 376. We need more indoor spaces for our kids to be able to play during the rainy months. A place that can contribute to our communities health year-round even. For such a well-off community the fact that we don't have a Rec center has always shocked me.
- 377. Have more of a web/app presence via fb or Nextdoor I.e. Disseminate information via these avenues.
- 378. Better musical guests at music in the park, Wednesday farmers market and at the fair. Many other surrounding city's such as Wilsonville and Oregon City have headliners. Why can't we?
- 379. Build a community pool!
- 380. Stop letting big open spaces of land get built upon for housing. It's sad to look and see that nice big areas of trees and greenery will be mowed down to put new houses in. Keep West Linn from turning into the next California. :(
- 381. A pool and indoor recreation center
- 382. Pools
- 383. At some of the parks, for instance Hammerle Park, there is a need for more picnic tables. Also many of the picnic tables are in shabby condition. I also think some of the trails in the West Linn loop have become too over grown.
- 384. Update comfort level of classrooms; kind of sterile
- 385. Really need a pool! Even a small pool! Spray parks aren't enough, although they are very nice. It's a shame we don't have a community pool for such a beautiful and affluent community. We love the summer concert series at Tanner Park!
- 386. I don't know of any indoor recreation facilities run by the parks, but there isn't an N/A or I don't know option so I picked satisfactory
- 387. There are no places to take children for activities during the rainy season, which is most of the year. While there are classes offered in the activities catalogue, there's nothing available to drop in like a community center for kids to burn energy.
- 388. Not sure if this falls under your purview, but I wish the summer market was held on Friday or the weekend like other Saturday/Farmer's Markets.
- 389. During summer camps, there appears to be a lack of pride in park appearance. They are left trashed. We are respectful of the environment and dispose of trash properly and expect that of the campers and leaders too.
- 390. Treat trails with bark/gravel so they are not so muddy during the wet season.
- 391. create more opportunities for our youth to do safe activities
- 392. Swimming pool
- 393. West Linn has above avg AC per capita for parks open space. There is a really good balance of trails, quiet exploration and recreation space for families. Decent facilities for covered spaces. Indoor spaces lack, but require costly maintenance.
- 394. "Pavilion is needed at a Midhill Park. Hosting indoor play opportunities for children"

[If satisfactory, fair or poor] What could we do better?

- 395. Reinvent Sunset park perhaps like Maryhurst Heights spray park.
- 396. Additional turf fields for children's sports
- 397. After school sports that start right after school. Why is basketball for primary school kids at bedtime.
- 398. more indoor applications to use and play
- 399. Safer pedestrian and bicycle access to and connection between parks. The natural areas and development feel threatened. The original uniqueness of WL are those undisturbed natural areas.
- 400. Don't increase or expand the number of parks.
- 401. "1.) More indoor spaces for play with parent and toddler
- 402. 2.) Community accessible swimming pools"
- 403. Biking & walking paths away from busy roads, paths at the end of cul de sacs. Safe routes for kids to bike 2 miles to the library, market, away from exhaust & busy traffic. An outdoor pool! A community center like SWCC or East P. CC.
- 404. We need an indoor recreation space and improved programs after school for youth
- 405. I can't think of many/any indoor recreation facilities.
- 406. Please enforce the encroachment on Burnside Park. Especially at Randel St. People are encroaching more each year and now have permanent structures set up on park property. Can these structures be taken down and restored to park area for the public?
- 407. Indoor rec center is missing from West linn. During winter and fall there is not much to do for kids in West linn. An indoor swimming pool, and gym would be great for west linn
- 408. We need a city swimming pool in West Linn. We need a YMCA or other large, family friendly indoor gym facility in West Linn.
- 409. We absolutely love all of our west linn parks and open spaces! They are well maintained and such a great neighborhood amenity. One glaring absence, however, is a recreation center with fitness and pool facilities. Let's do this!
- 410. Pool!
- 411. I'd love to see a rec center with a pool for swim lessons
- 412. We need a rec center with more adult exercise options.
- 413. More family events.
- 414. A recreation center would be amazing. With "open gym" time for kids to play different sports together with peers, especially in the wet winter months. And maybe the ability to rent the place out for parties.
- 415. A community pool
- 416. More indoor facilities for events and community participation. This area really needs an indoor swimming pool.
- 417. Please we really need a swim center. Somewhere to swim with lessons as well.
- 418. Need a community pool please!
- 419. Have a Community Center with an indoor swimming pool.
- 420. Swim Center
- 421. Community pool!
- 422. Maybe have more programs that are for special needs children.
- 423. Indoor Community pool, ice skating rink,
- 424. Indoor pool for community
- 425. Our community needs a pool/aquatic center for all West Linn neighborhoods to have access to.
- 426. A pool for swim lessons
- 427. No advise. I am very satisfied.
- 428. A rec center and pools would be a tremendous addition to West Linn.

[If satisfactory, fair or poor] What could we do better?

- 429. We were very unhappy to see the Fields home destroyed at Fields Park. Should of been maintained if for no other reason than historic. The Fields family operated the ferry over the Tualatin River before there was a bridge.
- 430. Indoor lap pool/ activities pool. Closest public pool for affordable swim lessons is Oregon City, which on a weeknight is very difficult to get to.
- 431. Stop destroying the outdoors by allowing contractors to buy forested areas and small houses and letting build more than one house on these lots. Repurpose empty buildings for community events like garage sales, pot lucks, reunions, concerts, classes
- 432. "True community center with drop in activities (e.g.basketball, board game night...). Wish we had a community pool for exercise.
- 433. Wilderness Park maintenance . More yoga classes."
- 434. A swim center would be nice.
- 435. Bring back the event banners to the willamette downtown area
- 436. More engaging events for youth to get involved with the city
- 437. While I understand West Linn is a smaller principality than Portland or Beaverton, it's shocking how limited the activities are for children and adults here. There needs to be public swim centers, with swimming lessons.
- 438. I would like to see guided naturalist walks at Mary S Young
- 439. I wish there was an indoor place I could take my kids on rainy days to burn off energy. It seems that the only things I can find are for older children, and always involve a multi-week commitment. I'd love to see an indoor playground, perhaps!
- 440. Relocate the community garden to another open space in the city
- 441. We need an indoor community center. Not sure what facility I was ranking above. Spend our money more wisely. Like what did it cost to put up steel barricades @ Oppenlander parking lot to keep people from doing cookies?
- 442. West Linn need a multi sport OUTDOOR facility for Football, Baseball, Softball, Soccer, Lacrosse, Rugby, Ultimate Frisbee. A 4-6 field outdoor complex with rectangular fields that can also double as Baseball and Softball fields.
- 443. It might be nice to have more official patrols along trails in the parks, especially in the summer.
- 444. Provide more indoor activities for people because half the time it's raining and then there's nothing to do close by. But also when it is decent weather there aren't a lot of parks to choose from.
- 445. more environmental care and more programs for clean up
- 446. Enforce leash laws in parks
- 447. Lots of litter at parks in the woods.
- 448. Try less
- 449. A swimming pool
- 450. Add some cool shit like a water park
- 451. Provide more mountain bike access to trails
- 452. More field space. Community pool / community center
- 453. With all the rain, it would be great to have a Rec Center where kids could be active. Having more trails for walking or biking safely would be great. A trail on Willamette Falls Drive from Hwy 43 to Stafford Road would be much safer and used often.
- 454. I would love to see a community center in WL. We need a gathering space for residents. It be a bonus if it had a pool. I picture SW Community Center of MJCC. These are wonderful gathering places for their communities. We really lack that in WL.
- 455. the all-grass baseball fields used by the younger-age kids are in desperate need of an upgrade.
- 456. Indoor recreational facilities seem to be limited. I am familiar with basketball and volleyball, but not much other than that.

[If satisfactory, fair or poor] What could we do better?

- 457. More community events, music in the park is excellent would like to see more all year round events that bring large groups together
- 458. Need a recreation center.
- 459. Not build so many dense housing developments on natural habitats that support wildlife. Open and natural space is what makes West Linn so special, so it would be nice if you didn't develop every open space.
- 460. Not sure what we do, but indoor gym space is so full and the outdoor spaces are jammed too, especially the turf. I love how the fields are treated as community space other than the Rosemont softball field. No locks, wide open if not being used.
- 461. There's not a lot of indoor space for recreation. A facility for swimming or other recreational concepts would be great. Also, there's some curse words carved into the slides at North Willamette Park that should be removed.
- 462. At the very least, make it possible for any resident to get out and walk/move safely within West Linn. Trails accomplish this a little, but sidewalks from all parks to major gathering places in West Linn (dtwn Will to Fields Bridge Park),etc
- 463. More Recreational Fields
- 464. More turf fields and gym usage
- 465. It would be cool if there were more community based events like Portland has, like group bike rides or fairs.
- 466. More parks with play spaces
- 467. Build a swimming pool, for one
- 468. We seriously need an indoor place for families or individuals to be able to get together during the long long long winter months and during the summer for recreational activities.
- 469. The community needs an aquatic center!
- 470. A pool would be great.
- 471. Indoor sports facility needed, including pool
- 472. We would love a pool and recreation facility that defines West Linn. There are no locations that provide this and the SW Community Center is a wonderful example but it is too far. We need a place for our community to engage in sport, fitness & health
- 473. Indoor community center would be great.
- 474. More indoor rec spaces might be nice. This might be nitpicking, but a better way for water to drain (so fields aren't so wet in some parks) would also be neat.
- 475. A community center for community events that isn't that expensive. Aquatic center, gym would be nice.
- 476. We need mtn paths
- 477. I'm not familiar with many indoor recreation facilities that are managed by parks and rec. The ones I think of our churches and/or community center.
- 478. Indoor facilities for sports, swimming
- 479. Do we have any indoor recreation facilities? We could use some of those for adults and kids.
- 480. A community recreation center (gym/pool) would be a wonderful addition.
- 481. A community center / pool / workout space would be great.
- 482. No comment! I feel the community of WL is wonderful.... I love the families and experiences available.
- 483. Our fields for most types of sporting events are embarrassing. They are constantly wet and of very poor quality, especially the non turf baseball fields. I coach both soccer and softball and WL facilities are the by far the worst.
- 484. We need a place where kids can gather and have kid fun. Not Chevron
- 485. Build a pool facility, expand library parking
- 486. Lighting for later use hours, larger facilities for more activities and nicer, busier concessions

[If satisfactory, fair or poor] What could we do better?

- 487. Provide a recreational basketball program for high school age kids who choose not to play high school basketball. WUSC offers a fantastic co-ed high school recreational soccer program and it brings so many high school kids together in a positive way.
- 488. Indoor pools and more turf soccer fields!
- 489. More youth activities in summer targeting 14-17 years of age
- 490. Sports fields could be taken care of better.
- 491. The parks and playgrounds and trails are amazing. There are so many to choose from. There aren't many indoor facilities but we don't want that here because it will bring more people. Things are pretty perfect!
- 492. Indoor areas
- 493. Unfortunately, there are not as many or as varied programs as I would like to see, or have seen in other areas. It would also be really wonderful if there was a swim program kids, particularly during the summer.
- 494. Sunset Fire Hall needs to be redone. It is terrible! The smell and the lack of cleanliness are ridiculous!
- 495. Improve field conditions (drainage)
- 496. Create indoor recreation facilities for families to use during the winter/wet season such as swimming pool. It's a shame that as rich as West Linn is, our city does not have an indoor swimming area or indoor facilities that kids and families can go to
- 497. I don't really go to those events, but I like the parks themselves, so improving your parks and outdoor facilities would be good. You could do a cool event with teens, but I don't know how that would turn out.
- 498. A facility like Pool by Gabriel park. Kids need somewhere safe to go at night that is drug/alcohol/money free inside city limits. YMCA or BOYS AND GIRLS CLUB style facility.
- 499. I am still fairly new to West Linn but swimming pools seem to be needed? We are enjoying our first 8 months in the community and look forward to West Linn Parks and Rec growth.
- 500. Trails along the rivers connecting the various parks and the Arch bridge
- 501. For rec programs - more flexibility with scheduling. For working parents, having activities before 5pm is challenging. For working parents who want to participate in classes themselves, there are very few options that are in the evenings or on weekends
- 502. Access to indoor/outdoor pool and swim lessons.
- 503. I would like to see more parks/pocket parks and green spaces.
- 504. Other than school, no indoor rec facilities I am aware of.
- 505. West Linn needs an indoor pool/aquatic center. It's a shame the High School does not even have a pool. Also - West Linn needs more bike paths/lanes.
- 506. You guys are doing well with what we have. It does seem it is time for a community indoor pool, as well as a fitness facility for all ages.
- 507. Propose an aquatic center and create more bike paths and lanes around the city. The addition of a sidewalk to get up and down Pimlico and other hills would be great as well.
- 508. Bike path, sidewalk, and walking path connectivity is basically a joke in West Linn. You really cannot go anywhere safely. This is really awful and makes it impossible to go anywhere via non-car transportation.
- 509. Communication with citizens
- 510. Offer the same amount of field space to girls that you do to boys. It is 100% unfair the crap the girls are allotted for outdoor sports. Boys have 'reserved' the good fields, have Field's Bridge Park and still TAKE the girls fields when they want.
- 511. "we need more parks and protected open spaces
- 512. A city pool would be AMAZING."
- 513. More bicycle trails. Well-built mountain bike trails. Less giant parking lots.
- 514. Aquatic center
- 515. It would be great to have more indoor facilities for kids throughout the year as well as pool access to all families. There also seems to be more parks for very young kids, but fewer for older kids.

[If satisfactory, fair or poor] What could we do better?

516. Greater efforts to preserve natural areas (separate from sports use areas) for child play and meditative areas for nature-inspired stress relief. (Free of any man-made development.) Free or very low cost exercise and health oriented classes.
517. The trail maps are a bit vague, outdated, and inaccurate.
518. Pool, with lap lanes for adults.
519. More places/events for teens.
520. More adult co-ed teams like kickball and softball
521. West Linn needs a public community pool as well as a network of contiguous walking paths and SIDEWALKS!!!! I see adults and children EVERYDAY walking up lower Salamo where there is no sidewalk. We need a pool and walking paths.
522. Create on our own or partner with adjoining town/city/area to establish an indoor swim and recreation center
523. Expand trails, fix and maintain outdoor recreation areas better, expand educational signage along the trails so one can learn about the plants, animals and history of the area
524. Mary S Young park needs better drainage
525. Many of the gym floors are dirty/slippery
526. Either provide more baseball fields or assist the school district with maintaining theirs.
527. "Offer more recreational activities for young children (under 3)
528. Community pool"
529. More care of the open spaces.
530. "Different ""Stations"" around all neighborhood parks for seniors and children.
531. Many are too wet when they could be designed to have a few covered areas to increase use and comfort year round.
532. Add herb garden and small vegetable site to be encourage."
533. Community center with pool, better fields for kids football, baseball and soccer,
534. I would like to see more trails and youth sports areas for city sports for kids. Like baseball and football/soccer
535. Indoor recreational facilities.
536. Stop building houses and taking down trees
537. We need a pool
538. Aquatic center
539. Ball fields need work. Mary S Young fields need better drainage.
540. rains too much in West linn so focus on indoor
541. More Bike and walking trails connecting areas of the city. Indoor rec facility and pool
542. "More indoor activities,
543. A pool for our high schoolers and residents. An indoor place for all of us!"
544. Indoor facilities
545. Create more indoor facilities.
546. Add more parks and more experiences for the community
547. Have more places for teens to go and opportunities for engaging activities
548. I would like a community pool in Douglas Park
549. The bathrooms at Rosemont ridge and Willamette Park need to be unlocked all seasons (we've been locked out a lot). The softball fields also need A LOT of love.
550. indoor basketball courts are run down in some of the schools. it would be great to have a park that is fenced in so when taking small children I'm not worried about them running into the street.
551. Indoor basketball/gym facility and year round swimming pool

[If satisfactory, fair or poor] What could we do better?

552. We need more sports/activities/camps for teens/high schoolers during summer. These activities could be sport related or life skills that benefits the teens. Providing various volunteer services during summer is also needed for those teens.
553. City swimming pool and Rec center/ gym
554. Put in a pool
555. I am not aware of any indoor recreation facilities. I think that would be a nice addition to the community.
556. Swimming pool needed
557. Better park maintenance of neighborhood parks.
558. have a community center like Mt Park with fitness, event space, classes, child care similar to Gabriel park with the POOL!!
559. We need a rec center and activities for tweens; Willamette River trail; We are a city of hills. Stop trying to connect all areas; focus on making what we have exceptional destinations. Bike lanes on streets is a higher priority trails.
560. having indoor recreation would be awesome. People move to West Linn for their kids and the schools. The more we can do to support that the better. Thanks!
561. I am not aware of many indoor facilities for sports. I can't think of a tennis court, basketball court, racquetball area, or swimming place nearby. The only event space that I can name is the Sunset Fire Hall, which is old, creepy looking, and small.
562. "Is there an indoor rec facility in West Linn?? I would love for the city to provide an indoor swimming facility.
563. For outdoor areas, we need more/better off-lease dog parks. The Mary S. Young off lease area is extremely muddy most of the year."
564. Indoor swimming pool/recreation center for the long rainy winters.
565. Devise long term planning to create a consistent quality of service. Restructure communications to reach more residents of our community. Organize more volunteer events to concentrate on problem areas. Foster a sense of ownership within the community
566. "More classes/activities for youth.
567. Indoor recreation facility."
568. I would like to see an indoor facility that supports recreation (e.g, basketball, fitness).
569. My kids have really enjoyed your summer camps like fun in the sun. I would love to see more programs in the parks during summer like Gladstone does at max Patterson park. Or similar to the rec mobile program that north Clackamas has!
570. Cut the park grass more regularly, ensure each basketball hoop has a net, keep the dog bags full.
571. more designated trails for walking, running and biking with the family
572. Not sure, we've only lived here for 1 year. But I don't know that much about what's offered beyond stuff happening at Mary S Young.
573. I would like more female adult sports leagues in addition to weekly drop-in.
574. We need more indoor spaces for activities for children and adults
575. "promote car pooling for events where traffic and parking are an issue
576. Engage and get new blood into the ACC. Not very inviting to new comers.
577. Lower fees for rental of McLean House"
578. more bike paths
579. We appear to have more parks and recreation facilities than the city can adequately maintain with the available resources. The condition of our facilities are in a steady decline and the rate of increase in the decline is occurring at an increasing r
580. The parks are not all actively mowed & treated for weed control. Some locations do not have bags or garbage stations available for pet waste. Initiate an active weed control program for parks & start actively mowing.

[If satisfactory, fair or poor] What could we do better?

- 581. Have at least one bathroom open in the winter time.
- 582. More activities for younger children. Mommy/daddy and child activities would be beneficial in socializing the little guys.
- 583. salt-water aquatic center in West Linn; more sidewalks in old 'hoods/on Salamo corridor to 10th Street; greener, 2400sqft houses on larger building lots so young families can buy under \$450K and keep the community vital; more library hours
- 584. Would love to have a community pool, beach areas for kids to enjoy during the summer months, are more robust list of classes for both kids and adults, and indoor open gym hours for the kids to run around on cold, rainy days.
- 585. Years ago, there was talk of an actual community recreation center (with basketball courts, indoor swimming, etc.), but it never came to fruition. I would like to see something like that in West Linn.
- 586. I believe very strongly that there should be a swimming (indoor and outdoor) facility for citizens of West Linn ONLY.
- 587. Do more with less.
- 588. Listen to the residents. At the public hearing for the development of the "Marylhurst Heights" park, the overwhelming consensus was that the space should be left as-is. Unfortunately, the city had already paid a consultant to decide that our space s
- 589. Improve and extend trails. Encourage walking groups for all ages.
- 590. it is not easy to get to and from Willamette Park while on foot with a stroller; many sidewalks end in historic willamette abruptly; there is no walkway throughout the park for foot traffic or stroller; it is not very ADA accessible;
- 591. Develop a park on the property adjacent to Dollar St
- 592. We live in between Hammerly and Wilderness Park. We are eager to have the small park at the end of West A completed because there is no park that children in our area can walk to without crossing major streets.
- 593. Connect the trail on the west of MSY Park to the sidewalk along 43. Currently you have to walk with & against traffic to get from the north side of MSY to the park entrance. The trails in MSY are great, but access from our neighborhood is limited.
- 594. There are really no indoor facilities for individuals or families.
- 595. More trails and parks, tennis courts?
- 596. "Unaware of indoor rec, can't comment.
- 597. Although there are many trails and pathway choices, there are a lot of disconnected trails and walkways, especially along the Tualatin. Many side walks are inconsistent which could be fixed by filling gaps."
- 598. The city could provide a swimming venue.
- 599. We need a swim center in West Linn
- 600. I would like to see canopies over play areas so structures can be used year round by our kids. Dry during rainy seasons and cooler during the summer. We also need a cocovered seating area at midhill park .
- 601. There should be lights at the Fields Bridge ball parks, a flashing yellow by Fields Bridge as well, and the parking at both Fields Bridge and the Oppenheimer fields needs expansion.
- 602. Enhance the beauty of our water front on the Willamette River near the water falls.
- 603. Expanded support for dog parks would mean the world for many West Linn-ders. Additionally, many trails need additional upkeep and maintenance, particularly after the heavy precipitation of this past winter and spring. More activities for teenagers.
- 604. I would like to see more community events available for the whole family
- 605. An olympic indoor pool would be great--not one that includes an entire multi million dollar complex--just an olympic pool that would serve HS students and swim lessons, Sr. activities. You know, start basic and add on later if need be.
- 606. Desperately need a walking/biking/jogging trail from Willamette area to the Arch Bridge
- 607. Inclusion of special needs youth

[If satisfactory, fair or poor] What could we do better?

- 608. Provide a community rec. center that would include an indoor pool
- 609. Aquatics
- 610. "Better sidewalks leading to parks (i.e. Hammerly park)
- 611. More off leash dog areas"
- 612. Don't know enough to say anything for certain but make sure upkeep is current.
- 613. Have more frequent community events.
- 614. Need a pool. Need a bike lane on Willamette Falls by Fields Bridge.
- 615. We need a community pool.
- 616. I wish there was more options for affordable indoor exercise, but then, I probably would find another excuse not to go....so my vote doesn't really count.
- 617. Local Community Pool
- 618. "I would enjoy more dog friendly areas. Another off leash area or day/times available at Mary S Young on trails for off leash dogs
- 619. Also would enjoy an indoor recreation place to go to during inclement weather. Swimming pool, fitness classes and such."
- 620. The bridge on the south side of Mary S Young has been out for months. The trail is closed and nothing is being done to repair it. If there is a reason for a delay, it would be nice to post the reason and the expected repair date. Thanks!
- 621. Would love to see the walk/bike trail from Willamette park to the falls completed.
- 622. community resource center with programs for all ages
- 623. PLEASE finish putting in the sidewalk along Rosemont Road the two blocks or so that it is short of meeting Summit. Finishing the sidewalk and adding crosswalk lines across to Summit would be a tremendous safety and life style improvement.
- 624. complete Robinwood Station and daylight the Savana Oaks stream
- 625. Swimming pool
- 626. Hammerle Park needs more maintenance. The playground equipment is aging, trees are rarely trimmed posing hazards for all (especially the young), the bathrooms are the worst I've ever seen, sidewalks are uneven for strollers, and the grass a mud pit.
- 627. I would really like to see at least an indoor public swimming facility in West Linn, preferably a facility with exercise equipment.
- 628. We would love to see a indoor, public pool in our area that could be used for swim teams, lessons and recreation.
- 629. Some of the parks and facilities are old and dated. Tanner Creek park is a good example of a newer park that provides services for many types of outdoor recreation. Unfortunately, parking is inadequate.
- 630. The planning process said a basketball hoop for residents to play pick-up basketball would go in at Marylhurst Heights park. That has not happened. Also, the park is supposed to be accessible with sidewalks on Valley View.
- 631. "1. Develop a full Recreation Community center complex serving multiple activities, ages, groups, classes, and neighborhoods.
- 632. 2. Swimming pool in cooperation with WL/W School district for management and funding. Develop a basic competitive/therapeu"
- 633. Unaware of any indoor recreation facilities. Advertise or create.
- 634. Connectivity of the community and access to outdoor recreation opportunities.
- 635. More, low prices classes/opportunities for kids.... indoor play/activity area for kids of all ages (not just under 6) year-round. Opportunities for homeschoolers and alternately educated kids under age 18.
- 636. We need a bicycle pump park.
- 637. Fix the drainage on the lower and middle athlete fields at MSY.

[If satisfactory, fair or poor] What could we do better?

- 638. Where are the indoor recreation facilities? I guess I don't know about any.
- 639. "The latest months the parks are looking a lot cleaner which is very good.
- 640. At night, the parks need lights for safety reasons."
- 641. "Update parks, shelters, bathrooms, buildings
- 642. Build a community center with pool, activities, tennis, etc"
- 643. More community events and things for teenagers to do. Perhaps a pool in our future? Some neighborhoods have them, but they are expensive and limited.
- 644. "Great job maintaining outdoor parks.
- 645. Sell strange little pocket park on 43...useless.
- 646. This was an odd purchase to help a friend of a past mayor/council.
- 647. Use that money to enhance larger parks... such as the Oak Savannah or add to care of parks."
- 648. Manage the use and control of multi-use parks, like Fields Bridge Park, so that one program, such as baseball, doesn't extend way beyond what was originally envisioned and approved when the park was funded and built.
- 649. More involvement with the parks such as volunteers that would lead scheduled walks and talk a little on the flora, birds. Could be a 20 minute walk through a park and see what basic trees are there. Simple, easy, but inviting. More use, not overuse.
- 650. Provide drainage for the dog park somehow.
- 651. Not much... you folks do a great job with many volunteers from or city helping
- 652. General awareness of the parks ... education over the entire year (or at least summer) about locations, activities, etc. Maybe some history. I'll bet most folks are not aware of the excellent park sand trails we have. Maybe a few short video tours
- 653. Upkeep on the parks is not good.
- 654. Provide spaces and water resources for community gardens
- 655. "Indoor Rec facilities, especially, a swimming pool
- 656. More off-leash dog friendly parks"
- 657. With Sunset park having been voted away, that opportunity for youth and families to play/have activities together is no longer. We need a neighborhood park with water feature so we are on par with other neighborhoods. Should be first priority!
- 658. I grew up in East Portland at the time that Dorothea Lynch introduced "more than "bats and balls" to the Portland public parks charter. Every park had a community recreation center for card players, knitters, neighborhood birthday parties and a bab
- 659. Provide more off leash areas for people and their dogs. About a third of the homes in our neighborhood have dogs and we only have on 1 off leash area.
- 660. We could use more community areas.
- 661. More opportunities for off leash trails for dogs.
- 662. "- Move forward with plans for trail system (bike/pedestrian) along Willamette - ideally from Mary S. Young to Town Center/Willamette Park
- 663. - Build a recreation center vs. another housing development (I am thinking about the Salamo/Rosemont area)."
- 664. More trails and access to river and falls. More trails and bike paths linking willamette to Bolton. More view points to mountains, falls, and locks.
- 665. More trails and connectivity between parks.
- 666. Better control of parks.
- 667. Off leash dog park areas. This is a real way that neighbors meet one another and gather.
- 668. Community pool. Come on, folks. How many times do we need to ask? It's been in the works for 16 years, at least. It's ridiculous that our kids have to go to LO or OC to borrow pool privileges.

[If satisfactory, fair or poor] What could we do better?

- 669. "Would like to see more indoor and covered facilities that allow for wet-weather activity.
- 670. We love the outdoor concert series in the summer. Its a great use of our parks and fosters a sense of community. More please!"
- 671. I would love a community center/gym/pool!!!
- 672. "Some kind of indoor facility for young children to play during our many months of rainy weather.
- 673. Better upkeep of current parks including picnic tables, mowing more often, maintenance of playground equipment, and adding to wood chips."
- 674. Better farmers market
- 675. Clearer signage on secondary pathways that are on right a ways that go between homes, behind homes. Better signage on main roads/sidewalks to indicate access points to trails and those out of the way pockets of open areas we're famous for.
- 676. a real community center for everyone with indoor pool .The hammerle park grounds is a mud pit & needs care. Putting features on trails in our parks that encourage loitering with kids & pets, i.e. benches, destroys wild plantings. Move to public space
- 677. Drainage at Mary S Young needs to be improved in order to provide athletic fields for local youth sports organizations.
- 678. "We need a swimming pool, not a high-end health club!
- 679. A pool with a general community room. A community pool used for summer fun, swim lessons, school swim teams, birthday parties, etc."
- 680. More adult programs. Rec soccer in particular.
- 681. The youth, especially middle school and high school age, of our city have no options for indoor recreation, outside of schools and WCC- which close late afternoons. Our youth need an indoor facility to use during 8-9 inclement weather months.
- 682. I know this is a tough balance for mixed use, but parking to access the existing parks is a problem. Ex.- Joseph Fields baseball use limits availability for my use of the park. How much parking do you create at the risk of limiting park acreage?
- 683. Baseball fields particularly MSY and Hammerle could use an upgrade as could the tennis courts.
- 684. You could build a indoor pool in a new rec center. Seems weird that a community with so many kids and families and schools makes us drive to Oregon City or Lake Oswego for something so simple.
- 685. Cooperate with the police force in establishing a means to enforce leash laws to limit the use of park space by dog owners. All parks in West Linn are used by dog owners for off leash walking and training of their dogs.
- 686. Mow the grass regularly, it is way too long

Please tell us about your current participation in events, classes and programs

If you seldom use or do not use the parks in West Linn, what are your reasons?

- 1. Dogs not allowed off leash
- 2. my age and health
- 3. Under construction
- 4. Weather
- 5. Often walking on my own and don't feel safe in isolated places

If you seldom use or do not use the parks in West Linn, what are your reasons?

6. Off-leash dogs
7. Not connected by neighborhood streets. Only connected by highways.
8. NA
9. need more running trails
10. Off leash dogs...
11. Weather
12. Children are older and I don't take them anymore.
13. No pool
14. Would use more off-leash dog areas (trails, etc)
15. Often encounter off-leash dogs outside of dog park areas
16. Tanner Creek is too crowded
17. Lack of shading
18. No aquatic center/rec center available.
19. Trail markings
20. No need
21. used more when kids were younger
22. Time
23. My reactive dogs
24. right now, rain.
25. Walking
26. Park was sold to school district and then turned into a parking lot and detention pond
27. no drainage too wet
28. Loose dogs
29. Too busy
30. Nothing interests me
31. I don't "make" time and I really should!
32. No kids or grandkids
33. DESTRUCTION OF WILD LIFE HABITAT IS CITY-WIDE
34. prefer open space
35. Weather, muddy
36. seems too far to walk when there are closer parks
37. I use the ones close to me often.
38. Other choices- do use and like
39. would like a fenced dog park
40. N/A
41. we don't have a dog now
42. Rain
43. Overrun by dogs in Mary Young.
44. Doing other things
45. our kids don't participate in field sports
46. Love west linn parks
47. Lack of covered spaces
48. I do visit
49. I am a senior citizen

If you seldom use or do not use the parks in West Linn, what are your reasons?

50. Loud people
51. Not many indoor options when weather is bad
52. Dogs off leash, rules not enforced
53. Need better spaces for dogs
54. No pool Or rec center
55. need fenced Dog park
56. No need
57. Not dog friendly
58. park here are awesome and abundant
59. Young adults loitering and selling drugs
60. Weather
61. Splash pads have unsafe things to slip and hit heads on
62. no good indoor rec
63. Poor weather
64. need a reason
65. I live in Oregon City
66. There is poison oak in several parks along the trail
67. walking paths along the willamette
68. Weather, get too busy
69. Health reasons
70. work schedule
71. No reason to
72. Not many accessible outdoor recreational opportunities for senior citizens
73. Too much rain
74. Weather
75. Weather permitting
76. Too much time on Internet
77. Not inviting, i.e. places to sit or maybe kind of uninspiring visually
78. Not interested
79. In summer I visit parks frequently - but not when it rains.
80. Dogs running lose
81. Old age
82. does not meet our inerests
83. Muddy or swampy conditions during the rainy season (not that you have control over the weather:)
84. We frequent all parks
85. Need equipment for older kids too
86. Too busy working and my child is too young for most play structures.
87. I avoid areas where people cheat on the leash law due to safety concerns
88. Lack of sidewalks for safe travel
89. My kids are older now and don't play on playgrounds often.
90. Rain
91. I think Mary S Young Park is amazing, but I have kids and they are not as interested as I am. We should go more!
92. Too few options

If you seldom use or do not use the parks in West Linn, what are your reasons?

93. Not adequate for rainy weather
94. Trails
95. Walking difficulty
96. Weather
97. Roads lack protected bike lanes, lack of connecting trails
98. use often
99. my dog needs to be better trained
100. Bad weather
101. Nothing to do
102. n/a
103. Weather conditions
104. Lack of pools/kid opportunities
105. moved, but grew up in WL
106. none apply-they're great
107. I live in tualatin so walk to local parks.
108. off leash dogs
109. I travel for work which limits my time. When the weather is nice I visit more. The activities through the library are great. My daughter and I really enjoy following the clues to find the letters.
110. They do not allow dogs off leash
111. dogs running loose
112. Not dog friendly
113. no desire
114. too busy with others activity
115. Off leash dogs!
116. Using other facilities
117. I have other things to do with my time
118. Not the kind of park that is restful
119. Unsafe due to dogs offleash
120. Too crowded for my small children during summer camps
121. relatively small natural trail system ie tryon creek more water access points would be nice
122. I love everything that Mary S Young has to offer and seldom visit the other parks
123. I use most of the parks especially with the playgrounds
124. unsafe to go alone
125. My neighborhood is already park-like!
126. great parks
127. few activities that interest me
128. just not interested
129. In summer, our park is unusable for a lot of the time due to the temperature and lack of shady areas
130. Bathrooms are often closed
131. awareness
132. lack of off-leash area for dogs
133. now have time
134. have 2 teenagers- their activities take us to soccer fields in MSY only
135. off leash dogs

Thinking about your favorite park or open space in West Linn, what do you like about it?

1. Wide open spaces - beauty
2. dog friendly
3. Basketball and tennis courts
4. Miles of hiking
5. Available parking
6. Allows mountain biking
7. Basketball court and open field
8. Basketball court
9. Sunset park o longer exists
10. excellent trails
11. Perfect combo of nature and city.
12. dog park
13. dog park
14. Beauty.
15. Views, tranquility, great trails
16. Dog park
17. dogs like it
18. BIRD WATCHING/
19. Dog park
20. dog park
21. Beautiful scenery
22. future use
23. Native Forest
24. Dog off-leash
25. Fields
26. Off leash dog area
27. dog park
28. I like the paths that have pine shavings on them that help maintain them in the winter from the mud.
29. Nice play structure.
30. Variety of Trails
31. summer concerts
32. Concerts!
33. Dog Park
34. native plants
35. natural plantings
36. dog park
37. basketball court
38. Dog park
39. Dog play
40. Looking forward to finished trail
41. Dog friendly
42. Safety
43. We love to play baseball at Fields Bridge
44. good for kayak launch
45. Dog Park!
46. Easy to access and use.
47. Lots of trails for long walks and river access
48. Love haunted trail
49. close to home
50. Events
51. lots of open space
52. With a new toddler in the family will start using parks with play structures
53. Off leash area for dogs
54. I use a variety and enjoy all of their unique features.
55. native wildlife and plants

Thinking about your favorite park or open space in West Linn, what do you like about it?

56. Dog friendly.
57. Dog park
58. Near home
59. Handicap parking close to it
60. dog run
61. Sunset park kinda sucks now since the new
62. wildlife
63. off leash dog area
64. Sunshine!
65. Parking
66. well maintained/safe
67. wildlife
68. Natural condition and wildlife habitat
69. The little kids that run around
70. Music in the park
71. Quality of the sports field and track
72. Fields for sports
73. I can run around with my dog early in the morning.
74. Required athletic fields
75. Dry fields
76. Native plants, Trees, Birds and wildlife viewing, and chemical free
77. Hiking
78. The sheer natural beauty
79. Community feeling at games
80. Baseball Fields and batting cages
81. Cops don't come through often
82. Dog park
83. I can ride bikes when my brother plays baseball
84. Allows dogs
85. no other choice
86. safe, un-littered
87. Safe
88. Places to sit and relax
89. Baseball games
90. turf baseball fields
91. Dog park access
92. Natural/wildlife
93. Trail maintenance
94. water pad
95. Nice variety of grassy hill, forest/creek trail, play structures
96. the only one
97. ease of access, "let's just meet at the park"bring a sandwich
98. dog friendly
99. Mary Young - accessibility for long walks, large dog park and access to trails, good condition
100. off-leash area

Within the past year, did you or a family member participate in any of the recreation events, classes and programs listed below, offered by the City of West Linn or another provider?

1. Meditation classes
2. Dog park
3. Classes at wlacc
4. Volunteering

Within the past year, did you or a family member participate in any of the recreation events, classes and programs listed below, offered by the City of West Linn or another provider?

5. Movies in the Park
6. Street Survival (son)
7. music at Robinwood Station
8. SOLVE work party
9. Toddler Spanish Class, Swim Class
10. NONE
11. cooking with Surja
12. chance to volunteer
13. Volunteering
14. None
15. I like the tennis classes in LO indoor.
16. Cooking classes with Dan
17. Movies in the park
18. Baseball
19. Served on the board at WLACC
20. be nice to have a pool
21. Dog park
22. Concerts in the Park
23. Concerts
24. Library events
25. park cleanup
26. cooking class
27. Haunted trail
28. Uke jams weekly, library very often
29. Tree Top Canopy
30. None
31. library programs.
32. Survival outdoors for kids
33. Various Library programs
34. Haunted Trail
35. Library story time
36. Library Storytime
37. swimming
38. Unofficial Turkey Trot (win for the food bank) and the CF run in MSY
39. adopt a plot
40. swimming, tennis
41. Library story time
42. Volunteering: SOLVE
43. Burnside Park Ivy Pulls
44. social reasons, pic nic meeting people leisure
45. Great music!
46. none

Within the past year, did you or a family member participate in any of the recreation events, classes and programs listed below, offered by the City of West Linn or another provider?

47. dog play
48. Maddux Woods Xmas Lights
49. just had twins, so not yet but we will be this summer!!
50. N/A
51. tennis camps for kids
52. Independent act
53. Only lived here 3 months
54. no participation
55. concerts in the park
56. Cleanup

What factors would increase your interest and availability to participate in recreation events, classes and programs?

1. Pool, better water features like in Wilsonville
2. dog parks
3. NA
4. more sports offerings
5. More sports/child activities year round i.e. Basketball in more than one season/session
6. Nicer building
7. Aquatic Center/Rec center
8. Tennis/Golf
9. More publicity and awareness of the quality of offerings
10. Low or no cost
11. None
12. early notification for planning
13. finish trails along rivers
14. Ivy abatement/backyard nature
15. better selection of day trips
16. Health improvement
17. PROGRAMS CENTERED ON NATIVE PLANT HABITATS & ANY PROGRAMS CENTERED ON THE NATURAL ENVIRONMENT
18. Dog friendly
19. I don't think we need these programs
20. Monthly pass to WLACC for fitness classes
21. specific to my older kids ages
22. Not interested in recreation activities
23. better weather :)
24. Adult Sports Leagues
25. Personal time
26. Better quality events, my daughter took a ballet class through West Linn and it was absolutely awful and the teacher was a compete joke.

What factors would increase your interest and availability to participate in recreation events, classes and programs?

27. fitness, aquatic
28. At school and right after school
29. Child care between morning and afternoon activities
30. open gym times
31. Pool
32. Pool
33. help connecting opportunities to my interests
34. Nothing - save our money
35. More frequent offerings, wider ranges for beginner classes -for intance my 12 year old would like to learn ballet but beginner classes are limited to 3-4 year olds
36. Dog friendly
37. indoor during winter - sunset firehall is dated
38. calander of events
39. Daytime classes
40. awareness of programs
41. evening/weekend fitness classes like yoda/spin/zumba
42. none
43. I miss line dancing class
44. Programs at one central location. Easy to find!
45. more time to partake
46. Facility that we would use with 2 teenagers, like a rec center with a pool
47. A public pool and a fitness center!
48. Disk Golf Course
49. Better trail maintenance
50. willamette river walks
51. Local friends to go with
52. Getting my knee fixed!
53. Tennis
54. Adult sports leagues (soccer, softball, basketball)
55. knowing what is available
56. More toddler classes
57. More programs that interest me personally
58. ?
59. Pool!
60. reasonably priced
61. Please make more family events on Saturdays, not Sundays! We worship on Sundays and therefore miss out on the family campout, and many other offerings since they are always Sunday!
62. Camps or classes for ages under 4
63. Publicity so you know what is happening
64. brig back the event banners
65. Indoor activities for children during the rainy winter months
66. Community center
67. more advertising of events

What factors would increase your interest and availability to participate in recreation events, classes and programs?

68. Extended day camp program hours, more evening/weekend classes
69. Low cost!
70. Nothing
71. More TriMet service, safer roads with lower speed limits
72. A cost of zero, if it's not too much trouble
73. Cost
74. Time - I don't have a lot of extra time
75. More advertisement for the events and activities
76. increased offerings for 2-4 year olds
77. Family hiking classes, art class offered for my age right after school, outdoor survival skills, babysitting classes, cpr classes
78. Allowing dogs into park areas when there are no people there
79. More / better info about availability
80. archery, outdoor yoga, community gardens
81. none of the above
82. I'll let you know on the next years survey. No experience yet.
83. Better Parking
84. Better weather
85. Notification & where to find?
86. More preschool aged programs
87. greater outdoor trail system
88. you don't offer programs like sewing, cooking
89. indoor swimming pool
90. Lack of communicating activity/classes. Where do you find out about the activity
91. Need a pool
92. Facility availability
93. Classrs offered for homeschoolers
94. more time
95. Monthly pass to classes at wlacc instead of paying for each class (either monthly or per class)
96. Better supervision/policing.
97. facility and programs for teenagers
98. no dogs

Next, please tell us what improvements are needed for the future.

What activities would you most like to see more of in West Linn's parks, recreation and open space system?

1. Outdoor Ping pong tables
2. Indoor Tennis
3. dog parks
4. Gyms
5. More pet friendly areas
6. Parking.
7. Aquatic/Rec Center!!!
8. Tennis
9. Adult League Sports
10. A big drop in center with cafe etc for teens
11. Backyard certification
12. Indoor rec center
13. Dog park in Willamette area
14. Toddler/Youth Spanish Class
15. safe offleash areas for dogs
16. Fenced dog park
17. Honesty
18. Mountain biking
19. Vounteerism
20. Need community pool!
21. Boat storage
22. Mountain Biking
23. information on pursuit of various hobbies/activities for newly retired
24. teen activity place
25. Need to finish the boatramp
26. Dog fun run
27. Have lines dancing class 5 -7 days a week
28. Archery range
29. Drop-in Basketball
30. Disk Golf Course
31. Better maintenance
32. More walking trails always a plus
33. Daylighting Bernert Creek in the White Oak Savanna
34. No opinion here.
35. Play structure in Sunset Park
36. More seating@Fields
37. Dog park without drainage problems
38. Better play structures and parks for the kids
39. All seem adequate
40. Pool
41. Pool/community center

What activities would you most like to see more of in West Linn's parks, recreation and open space system?

42. I like a natural setting like Mary's young. I do not want lots of activities and noise and events
43. A park within walking distance of Barrington Heights
44. Connecting trail on river to Portland
45. Indoor tennis courts
46. More dog friendly areas
47. Mountain biking
48. Ice skating
49. Relaxation
50. NONE - there's plenty!
51. Archery range
52. Just more parks/open space
53. Extend the new Willamette Park trail to Oregon City bridge
54. Off-leash dog trails
55. more areas for off-leash dogs
56. I do not use the parks
57. indoor pool rec facility for swim lessons/swim team
58. lights at fields bridge for baseball
59. No swimming or water play
60. PET Play areas
61. trail network for running and biking
62. holiday events
63. indoor swimming pool
64. Concerts, sing-alongs
65. Pocket parks available to neighborhoods
66. enclosed dog play area that is NOT a dog park.
67. ice hockey, kiteboarding
68. Bicycle pump park
69. The community needs to work out the funding for a pool without impacting school budgets.
70. Indoor pool
71. Play structures for kids
72. off-leash dog areas
73. Dog off-leash areas
74. indoor pool
75. parks and wildlife should be protected, people maybe should have restricted access for environmental reasons
76. 5k races
77. art classes for adults

What types of recreation programs are most needed or should be enhanced in West Linn?

1. Trail system
2. Dog parks
3. more mtb trails!

What types of recreation programs are most needed or should be enhanced in West Linn?

4. None
5. *Just keeping parks in decent shape should be number 1 priority to be more than*
6. *Teen activity*
7. *Weekend programs*
8. *POOL*
9. *Preschool activities*
10. *Dog parks*
11. *Access to parks via bike trail*
12. *Dog friendly larger water front usage*
13. *Summer camp - outdoor Rec focused*
14. *Honesty*
15. *Mountain biking*
16. *community pool*
17. *Mountain Bike Trails*
18. *Swimming pool*
19. *Activities for youth other than sports*
20. *Teen programs*
21. *Teen social areas*
22. *fenced dog park*
23. *kayak/ bike rental*
24. *Line dancing classes*
25. *Indoor playground*
26. *Pool*
27. *Summer Programs (Full-time)*
28. *Dog friendly.*
29. *More water centric programs - kayak, SUP, canoe, etc... and yoga/ meditation*
30. *Parent/ Kid wellness classes*
31. *More indoor recreation during the rainy months*
32. *Indoor recreation options for children*
33. *Turf field(s) for sports - we routinely have to rent space in other communities (e.g. Tualatin) because of a lack of available facilities in west linn*
34. *NONE - SAVE \$ instead*
35. *Bicycling*
36. *Peaceful meditative spaces*
37. *Adventure activities/ programs*
38. *Extend the new willamette park trail to oregon city bridge*
39. *spanish classes*
40. *A city pool available for all residents not just a few lucky ones that live up the hill. I believe a indoor or semi-cover play area, almost like a city park under cover would be a bit, we have so many rainy days in Oregon or in the summer when is really hot kids can't use the park equipment either because is hot, so a park with a cover or a indoor park would be awesome off leash dog areas*
41. *Toddler and mommy & toddler programs*
42. *I think smaller residences encourage people to be outdoors connecting with neighbors. Architectural development, zoning and new construction should reflect the contemporary sensibilities of future homeowners, including Gen X and Millennials. We don't want 5BR, 4Bath McMansions on postage stamp lots. We want connection, community and nature.*

What types of recreation programs are most needed or should be enhanced in West Linn?

43. *Senior programs & trips on weekends*
44. *Individuals with special needs*
45. *gardening*
46. *Work on sustainable funding for pool that does not rely on school district.*

What events, classes and programs would you most like to see offered in West Linn?

1. community pool with lessons and lifeguard
2. "Family recreational softball 14+ years old,
3. Zumba in a nightclub atmosphere in the evening."
4. More casual drop in at adult center with out structure time, everything seems so planned, maybe open later in the days and saturday?
5. Clean up the flooded mess you call a park. Let the ground fix itself. The trees need to regrow. Too much back fill hauled in and too many trees were cut. Let the wild stuff grow. I haven't seen deer, coyotes or owls since this place was torn up.
6. River accessibility along the new path
7. I would like to see a swimming pool built.
8. more use of the water recreation (rowing teams, etc.)
9. High school rec basketball
10. We need a community pool
11. Tennis
12. "Watercolor painting
13. Photography classes
14. Art fairs
15. Food fairs"
16. A community pool.
17. Swimming lessons, swim team, etc. West Linn needs a community swimming pool. NOT an over-the-top "aquatics center," like we voted down a few years ago, but a simple swimming pool. I'd happily support a bond measure to pay for a community pool.
18. Adult soccer & tennis.
19. There needs to be a good meetup location (rain friendly) for parents and nannies of smaller children.
20. "More educational weekend/summer events for kids
21. Farmers market near Safeway"
22. Swimming
23. Need a pool
24. "Swimming Lessons
25. Summer Youth Basketball League"
26. "I would like more offerings to young high school girls with STEM interests.
27. A gardening, knitting, refinishing, ukelele, or an upholstery class for that age group would be interesting."
28. "Run clubs & track and field for youth
29. Flag Football"
30. There isn't much offered for very young children. A play group or young kids indoor rec play center would be fantastic for those cold wet winter months.
31. Swimming. A pool would be great for West Linn. Would love to see tennis offered as well. Lake Oswego has a great tennis program and it would be nice to have the same in West Linn.

What events, classes and programs would you most like to see offered in West Linn?

32. Indoor basketball courts, indoor pool
33. Dance for kids
34. Swimming
35. Teens have nothing to do if they are not plugged into sports after school. A teen center would be great.
36. Community pool, indoor play area for families, weekend or evening activities families, events and sports for adults and families to meet
37. Swimming pool. For lessons, swim team and open lap swim.
38. Lego club offerings weekly, more sports offered in more than one season or classes that encourage fitness in youth
39. support facility for teen use afterschool...with programs to support a healthy lifestyle.
40. "Swim lessons
41. Exercise classes for teenagers
42. Culture and theatre"
43. Inexpensive art and craft classes, weight lifting, crew on the river?
44. Would love to see more resources for low income individuals in West Linn, and more resources for refugee or bilingual families. Would also like programs for young adults such as co Ed sports
45. Would love to have a community pool in west linn.
46. Swimming, gymnastics, tennis, golf
47. Nature walks/ identification
48. Adult fitness classes in the evenings for working people!
49. Not sure what's already offered
50. Before and after school care that is affordable and with transportation. Very limited options and capacity at on site and current off-site programs.
51. Swimming aquatics
52. Yoga, kids sports and kids camps. Activities for dogs....like an agility course
53. Disc golf course and public swimming pool.
54. There are no recreational sports for ages 14-18 and it's a shame since so few can make the teams at highschool level here
55. "-Swim classes
56. -Local swim teams
57. -Lap swimming
58. -Open/Fun swim time"
59. "More environmental classes which welcome larger range of folks (like whole families of various ages.)
60. More arts and entertainment programs of high caliber, especially in our wide open park areas."
61. "Adult basketball
62. Adult kickball"
63. Exercise class for golfers
64. Maybe rec adult tennis, more sports for kids. But the ones you do are by and large well run and enjoyable, so thank you.
65. Swimming pool
66. Swimming lessons for all ages within the city would be great
67. This might be offered already so I apologize. Programming classes for various ages of children. Video game programming! and of course a swimming pool! ahahahha

What events, classes and programs would you most like to see offered in West Linn?

68. I would like to see swimming availability for teens that isn't a competitive sport. I would also like to see more educational offerings on gardening, informational sessions on local day trips, volunteer activities for teens.
69. Aquatic opportunities
70. "Men's softball
71. Aquatics programs (swimming, diving)
72. Biking/Walking trails connecting"
73. Adult Sports
74. Aquatic
75. Water play would be fun. Amusement and learning activities that are affordable, geared towards families would be great.
76. Natural History walks. Birding, Herping, plant identification, geology of area.
77. I am having a difficulty with letting my dogs play outdoors. They are reactive to other dogs and cannot be taken to the existing dog park. It would be enormously appreciated if you could provide a fenced area for reactive dogs.
78. A swimming pool and fitness center.
79. outdoor activities: kayaking, crew, wilderness survival. More youth activities offered during times that 2 working parents can get them there.
80. Women's basketball league or more nights when open gym basketball was available...or a women's softball league
81. summer concert series/movies in the park/volunteer day
82. Swimming
83. Summer concert series / Movies in the park / Volunteer day
84. Ones that would really engage youth and teens that aren't part of the mainstream organized sports/team/activities
85. more opportunities for non-school competition activities for youth and adults. If your not in school sports, and make the cut, what is available to help youth and adults stay active?
86. Gathering spot for community.
87. Not sure
88. West Linn-wide community development
89. Year round soccer!
90. "Sports, fitness
91. Things for teens"
92. Swimming classes
93. Backyard certification
94. We have 2 toddlers so unsure of current classes but i have seen very few mother / child related options and only now see more choices as my kids are older.
95. Outdoor recreation classes
96. The offering of recreational activities in West Linn is impressive, but most occur on week days during the work week. As working parents of very young children, our family would love to see more family/youth oriented programs on weekends.
97. "Community Pool
98. More fitness classes at times that are appropriate for people who work"
99. Toddler programs here in town. I babysit my grandkids and except for harmony music there is nothing. And the music program isn't even in town.
100. Swimming and indoor programs

What events, classes and programs would you most like to see offered in West Linn?

101. I am getting ready to retire and will have more time to recreate. I have thought about taking fitness classes but have never had the time or the schedule was hard with my work schedule. For working seniors, maybe more evening or weekend classes.
102. "More intimate, less noisy concerts.
103. More art around the city."
104. I would like to see a public pool that offers swim lessons
105. True water park
106. "Clock repair
107. YOGA"
108. I would love to see casual gathering spaces, that may at times involve events in WL. Would also like to see opportunities for indoor recreation (swimming, climbing, gym space) that included programs for youth and adults.
109. Fitness and swimming including competitive youth swimming programs and swim lessons.
110. Return of WL arts fair. Movies at the library, schools, sunset fire hall, etc. In times other than the summer.
111. "Swimming - lap swimming, open swim time, instruction for adults.
112. More nature walks, birding, native plants, etc."
113. "Concerts
114. Movies in the park are a great idea"
115. More 'recycling' or Free Dump days, like quarterly rather than annually.
116. Music events featuring blues. Art classes in sculpture and cooking classes
117. Yoga in the park over the summer
118. I would like to see more language or signing classes for infants, toddlers and youth as well as swimming classes for youth and adults.
119. I would like to have a city swimming pool. It doesn't need to be incredibly fancy. It must include an indoor pool.
120. SCENARIOS THAT INVOLVE MORE PASSIVE RECREATION.
121. Swimming lessons
122. You guys do a great job with lots of different activities. The parades, fairs, downtown market, and summer camps, etc. are all great. The Street Dance was always fun, and love, love, love the Music in the Parks. Yes, more music in the park days!!
123. Swimming pool
124. Yoga, photography, cooking, exercise, gardening, walking group.
125. Arts, culture, music events (FREE) indoors and outdoors. Organized group hiking/walking tours. Senior events/gatherings. Movie nights(FREE) for families, seniors, kids. History walking tours. Book/author readings and storytelling (for adults).
126. "Spanish language
127. Adult fitness classes after work"
128. Organized running clubs for adults; could be trail running, group training for the Portland Marathon, etc.
129. Programs that inform and offer guidance in environmental topics. Just one idea: How to get disposable plastics out of our lives.
130. More on culture and history tied to key areas where we have public parks and access.
131. Bike Meetup
132. It would be ideal to create a community pool either outdoor or indoor.
133. Swimming classes!! Kayak rentals at Mary S Young or near by, toddler & baby & me art & music, mom fitness...
134. Community pool

What events, classes and programs would you most like to see offered in West Linn?

135. Pottery class, water aerobics, adult swim exercise classes in an indoor pool
136. Indoor swimming for all ages. Indoor raquetball/squash.
137. Swim pool & affordable fitness center
138. More nature tours and hikes. More fitness programs for adults. Too many of our local tracks are fully consumed by youth sports, especially on the weekends.
139. Pickleball facilities and programs
140. Community access to SUP, boating and kayak equipment
141. swimming, swim team, etc.
142. Swim center
143. More mountain biking trails for all levels of experience.
144. "Indoor swimming lessons!
145. Acting classes and camps for kids."
146. We would love a community pool. My teen would also like a volunteer program. She used to volunteer at a library in another state but she found the WL volunteer program boring.
147. A community center with a pool! And maybe racquetball or pickle ball courts. A dance floor for community wide family dances? A small venue for music. Babysitter certification courses for teens which includes first aid and CPR
148. Clay studio
149. More city activities not located up on top of the hill.
150. We need to give our teenagers something to do in the summer and after school.
151. Swimming classes/facilities for all residents not just the Golf club/Stafford Hills high income earners. Ether draining facilities/fields so that our families are not muddy messes throughout most of the year when they visit the fields i.e.: Mary s.
152. I would like to see increased support in girls sports facilities. I would love to see the city create a turf field for softball like the district did at RRMS. I've heard that the City is already reducing the number of fields we can use at Willamette.
153. swimming in warm water
154. More adult cooking classes and swimming for all ages.
155. "Community Swimming pool
156. Red Cross/ CPR training"
157. Youth volleyball,
158. I would like more recreational teams of all sports for kids of all ages.
159. Swimming at a public pool
160. Tennis lessons, swimming, more skateboard parks.
161. Weekend options
162. Aquatic
163. Tennis-adult.
164. soccer for the age 12-15 boys
165. not sure
166. Organized softball.
167. It would be great to have better biking trails, both with mountain biking and a pump track or somewhere for kids to ride their bikes.
168. Need many more classes, many different varieties & categories, like Gladstone Community Schools offers. Very few classes offered through WL Community Schools, and when offered, practically no support or help from the city.
169. Conversational Spanish

What events, classes and programs would you most like to see offered in West Linn?

170. Swimming, after school options, flexible summer camp options
171. Need an aquatic center.
172. "Hiking groups
173. Artists shows"
174. Yoga (adults), open basketball/indoor play offered to kids (drop in), swim lessons at local public pool, summer day camps
175. "(1) Things to do with my 2.5 year old. As a working parent, I always really struggle to find weekend classes we can do together.
176. (2) I have a hard time finding good exercise activities for me."
177. "Pool
178. Sand volleyball-Willamette courts are terrible-need lights and better sand"
179. Adult sports leagues / open gyms. Would be nice to have Paddleboarding / Kayaking available in the summer at parks without having to pay so much or use private companies. We LOVE the concerts, movies and events. Please keep them coming!!
180. Swim lessons! I also hope that the city figures out a way to bring back the Art Commission. We have such talented artists here and our community could really use an artistic support to enhance our open spaces and promote the arts.
181. Fitness classes at hours for people who work -
182. fitness
183. Arts, water sports & activities
184. We need the aquatic center!
185. Annual bike day closed off for bikes only
186. An indoor pool with swim lessons and recreational swim programs. More year-round youth sports -- soccer, basketball.
187. There are several camps in the summer or break times that have a morning session, then an afternoon session. It would open access for our family to have childcare/supervision that bridges the lunch hour so that kids could participate in both sessions
188. I would love more events and classes geared toward younger families...we love the fourth of July at Willamette Park every year, and would love more fun things added to that.
189. A variety of classes for children! Lake Oswego Parks and Rec has a great selection, like hula dancing for kids! Also, for ballet for young children (WL and LO both offer), WL's class is only 30 minutes long! LO's is 45 minutes.
190. Adult sports program that sink with the kids schedule. There are many of us that would love to do a sport while waiting for our kids to do their activity.
191. Art for younger kids
192. swimming
193. class or program on finding new directions in life after major life changes
194. Paddleboarding events
195. I'd like to see a summer camp program for the child who is closer to six, but is definitely not 12. My son loved the younger day summer camps and did them for three years until he was too old for them. A class with 12 yo is too much.
196. "More STEM-related programs for kids.
197. More offerings for tweens, young teens."
198. Bicycling for all ages. Trails for beginners.
199. Besides the excellent variety of children's classes and groups, it'd be nice to see more affordable classes for older adults who are perhaps disabled on a very limited income. And luncheons with an open talk theme, say a speaker and then opened up.

What events, classes and programs would you most like to see offered in West Linn?

- 200. Swim
- 201. Swimming
- 202. Middle school fitness programs like weightlifting and running. Low key but fun stuff for kids to do that focuses on certain arts or legislative or science.
- 203. Full aquatic program.
- 204. Adult coed softball
- 205. I would like to see more homemaking classes i.e. Canning, sewing, parent/kid classes.
- 206. Reasonably priced activities as well as place for teens to congregate in a safe manner
- 207. indoor and outdoor pool & swimming
- 208. Opportunities for pre-K and elementary students!
- 209. rock band classes for kids
- 210. Zumba, and swimming lessons (Children and adults)
- 211. Pickleball lessons, a little more effort put in to family friendly events throughout the year (Music in the Park omitted. That is very well done!)
- 212. Pickle Ball, Tai Chi, Karaoke singing.
- 213. Playgroup, sports for toddlers, swimming
- 214. Variety of community social events for arts, foods, fund raisers by sales of self make goods.... etc
- 215. SWIM LESSONS
- 216. Pool
- 217. Wildflower identification classes; Bird identification classes; Native American history information; How to garden without pesticides information (WL Parks & Rec could become a leader and model this, please!); Wildlife habitat preservation & classes,
- 218. Swimming
- 219. skill building: get back on my bike, learn to roller skate, ease back into running and walking, geocaching
- 220. Hiking club. Most people aren't aware of the trail system.
- 221. Nothing
- 222. things i can do with my whole family
- 223. Nothing that adds more taxes
- 224. Nature classes for adults and kids
- 225. Swimming is an absolute must. We are the only community at our level that is lacking this option. Also more sports/dance/gymnastics for youth. We are severely lacking in these areas for year round involvement.
- 226. Like concerts and movies in the park type stuff for social/family activities. Would like to see more outdoor recreational activities, especially things like zip line/high ropes, etc.
- 227. Adult fitness
- 228. swimming classes
- 229. Art, sports for adults' swimming indoor outdoor pool. More choices of a activity
- 230. Art committee similar to the one in Gresham with gallery space in city hall.
- 231. Additional cooking classes. We took a Thai cooking class at the adult community center & would love additional options
- 232. "Swimming
- 233. Lower cost summer camps"
- 234. Swim lessons/diving for kids 0-18, possible city swim team, rock climbing wall, adult team sports such as softball or kickball
- 235. Independent yoga, Pilates or hiit classes not held at a business in town that specializes in these areas. I would like to see the senior center offer evening classes in these areas run by independent people.

What events, classes and programs would you most like to see offered in West Linn?

- 236. Love the fitness classes at the senior center, weekends would be nice. A swimming pool with water aerobics would be heaven!
- 237. "Swimming pool
- 238. Preschool-K gymnastics"
- 239. Pilates, line dance, pickle ball
- 240. Tennis. There are very limited classes available. Indoor tennis facilities would be greatly used. all surrounding communities are completely full, all the time in neighboring towns.
- 241. Indoor swimming pool with youth lessons and family open swim is desperately needed. Also, camps for kids that provide before/after care (8-5 minimum) so families with working parents can participate.
- 242. "Swimming program
- 243. More variety in youth classes"
- 244. More class options for younger kids
- 245. "Swimming lessons. Children need to learn to swim. It's a long drive to any pool which is difficult during rush hour, plus the environmental effects from having to drive everywhere.
- 246. More programs for kids under 5. Arts are missing from schools."
- 247. opportunities to rent and/or launch paddle boats.
- 248. tai chi, yoga, environmental
- 249. More options for young children.
- 250. I love the idea of offering more indoor events at local school locations. Makes my use of the facilities more fully and offering events that neighborhood folks could walk or bike to. Others: volunteer program for teaching classes, mentoring, etc.
- 251. "Concerts back in willamette park
- 252. Movie night back in willamette park"
- 253. Evening and weekend fitness classes and facilities. A real pool for swim team (competitive) use and recreational use.
- 254. Bus trips for sightseeing or museums
- 255. "The line dancing class was the best. It was only offered once a week at 11 am on Wednesdays. It would be great if it could be brought back and offered 5 to 7 times a week.
- 256. Please never, never, never open an aquatics center."
- 257. More history appreciation. Performing arts. Theatre.
- 258. "Farmer's market with more emphasis on fruits, vegetables, and plants/gardening & less focus on crafts.
- 259. A DIY re-upholstery classes, DIY hanging basket flowers, small woodworking classes (bird house, kids step stool, etc.), quilting, knitting classes"
- 260. Adult Social Academy Classes or mini classes on topics (beer making & wine tasting)
- 261. "Pool
- 262. More availability with dancing classes"
- 263. Swim team
- 264. "Aquatic center" with lap swim
- 265. Spin classes; bicycling events
- 266. Swimming instruction & team
- 267. Pool!!!
- 268. Handicap access to fishing.
- 269. "Folk / Contra Dance.
- 270. Recreational Basketball.
- 271. Flag football (5 on 5)

What events, classes and programs would you most like to see offered in West Linn?

- 272. Adult Band / Orchestra / Choir"
- 273. More events for families with youths to do on the weekends. We both work full-time and it's hard to do anything else during the weekdays.
- 274. A public pool! I know there has been an effort to propose one in the past, but I believe it would be a well used resource in this community for all ages! A fitness center and associated classes would be great too.
- 275. don't know
- 276. Swim for children
- 277. "An indoor swimming pool for our community= All ages
- 278. Wellness community education classes
- 279. Art/ Culture/Speakers"
- 280. "Public pool
- 281. More hiking trails"
- 282. Kayaking, dog agility training, tai chi, wine tasting.
- 283. Community potluck like get togethers
- 284. Classes through Extension, evening adult ed about 2 hrs
- 285. Long walks.
- 286. "Hikes for seniors
- 287. Mah Jongg games at the senior center"
- 288. No opinion here.
- 289. Health and Fitness Classes at the Senior Center starting at 4:30 or 5:00
- 290. Theatre for teens
- 291. Swimming
- 292. Any of the water sports
- 293. Aquatic Center - built for competition (8-10 lane 50 meter pool), but with opportunities to convert portions for recreation, swim lessons, and adult lap swim. This is sorely lacking in our area, and would be a great anchor and pride for community.
- 294. It would be great if an archery range could be built somewhere in town.
- 295. Stated prior in this survey.
- 296. It would be great if there was some form of river access and/or activities for people who are too poor to own a boat.
- 297. Pickleball would be great fun. Drop in childcare is a must!
- 298. Co-ed softball league like Lake Oswego has
- 299. Swimming pool.
- 300. Adult sports leagues
- 301. Swimming, boating (canoe, kayaking, etc)
- 302. Indoor swimming pool
- 303. Group volunteer efforts to sustain parks and trails
- 304. It is fine now.
- 305. Ceramic making classes, water aerobics.
- 306. Swimming/Aquatic Center
- 307. I'm more interested in creating calm, natural open spaces verses crowds and classes.
- 308. Guided nature walks
- 309. aquatic programs, river programs (SUP), art classes
- 310. pickleball
- 311. More choices for children under 5 on weekends for dance, play, sports, etc.

What events, classes and programs would you most like to see offered in West Linn?

- 312. Youth swimming
- 313. "More options for Toddler messy art and music, swimming, dance and tumble.
- 314. Off subject: the old metal slides in Hammerle park need to go, they are terrifying."
- 315. More senior adult trips
- 316. Math tutoring
- 317. The city has done an excellent job of creating opportunities for community involvement and input. The parks are outstanding, even though I haven't visited the wilderness parks yet as I don't know where to park or where the entrances are.
- 318. Swimming!!!! And more camps for younger kids (under5)
- 319. Pickle ball courts and teams for seniors
- 320. "Swimming
- 321. Art classes for kids (not expensive ones)
- 322. Pottery classes for kids
- 323. Dance classes
- 324. Classes mid day for homeschoolers"
- 325. "Water fitness
- 326. Zumba"
- 327. Swimming
- 328. Better musical guests at community events
- 329. Swimming
- 330. More Summer music events that are not so loud -- smaller, possibly acoustic events. I enjoy some of the Sunday evening Millennium Park concerts in LO.
- 331. gynamstics, ballet, soccer, art classes for younger children. Drug Free World programs.
- 332. Swimming
- 333. Exercise equipment around a mile track in different parks for youth and seniors.
- 334. Swimming. Rec sports as an alternative to city competitive teams; I.e. Rec baseball teams.
- 335. A water park might be nice.
- 336. Caregiving, stress reduction
- 337. Yoga and a pool
- 338. I imagine a community center/pool like in Portland that is open and available for dropping in and using whenever we can get out of the house and get some activity.
- 339. Aquatic park, gardening classes
- 340. River-related classes: water safety, kayaking, bird migration interpretation, etc.
- 341. Lap swim
- 342. Kayaking, outdoor fitness, outdoor meditation, outdoor classes such as bbq, welding (because YES we need to make art), historic or biology guided walks/hikes.
- 343. "Acting classes
- 344. Lego Robotics teams"
- 345. Sustainability classes; natural & organic gardening; nature walks; bird watching & identification; health & wellness classes such as chi gong, tai chi, meditation & hatha yoga; herbs & medicinals; emf & other health hazard mitigation.
- 346. indoor soccer
- 347. "Swimming Pool
- 348. Opportunities for families to connect (esp. families with children younger than school-age)"

What events, classes and programs would you most like to see offered in West Linn?

- 349. Zumba, swimming, lifeguarding, seismic retrofitting and earthquake preparedness, foraging, canoeing, SUP and kayaking, access to Willamette Falls from WL, wildflowers, organic gardening, how to make (vegetarian) tamales, science and art classes.
- 350. "Dayhikes
- 351. Tennis classes for adults"
- 352. Pool
- 353. Ivy and invasive removal education. This is a big problem in West Linn.
- 354. Gymnastics, Zumba, swimming, morning walk group,
- 355. Art and Culture
- 356. Swimming pool and indoor gym
- 357. Recreation center that meets the needs of a whole family. Swimming lessons and swim team too! Something like stafford hills but for our community.
- 358. Swim lessons for babies and up
- 359. Family activities
- 360. Would love to see some type of "open gym" available for kids on PNW days aka rain. Also, another option for afterschool for kids including middle school.
- 361. A pool, more paved walking trails along river
- 362. "Swimming lessons
- 363. Adult tap cardio"
- 364. Community pool
- 365. "I would LOVE an indoor swimming pool with various classes IE - water aerobics.
- 366. Also fitness and exercise classes"
- 367. Swimming classes for kids.
- 368. nothing else at this time
- 369. Swimming/swimming lessons.
- 370. Youth swimming - lessons and competitive
- 371. Mommy and me classes for younger kids. Maybe something special for kids with specials needs, autism specifically.
- 372. Adult soccer
- 373. Aquatic programs and access
- 374. Pool with swim lessons
- 375. Recreational sports. There are no options for kids that just want to play the sport and not at a competitive level. Almost all of the sports switch to competitive levels by age 10! All kids need to be outside more and running around if they want to
- 376. public swim lessons
- 377. More community special events that are inclusive for all of West Linn. As it is, it feels like the events we have tend to exclude one side of the city or the other.
- 378. Genealogy
- 379. tennis wheel chair act
- 380. Swimming
- 381. I would love an nature play outdoor area similar to Westmoreland Park in Sellwood. Also more sand/dirt safe play areas for younger kids
- 382. Specialized/specific Education Classes for Youth that aren't offered at the high school
- 383. Swimming, better dance options (van der veer is not good), more of a variety of [affordable] adult fitness classes with childcare options even in the evening.
- 384. Environmental Educations

What events, classes and programs would you most like to see offered in West Linn?

- 385. Useful skills- caning chairs , upholstery, home drainage etc.
- 386. Adult softball/baseball
- 387. Men's basketball league
- 388. It would be nice to have classes on personal safety.
- 389. I would like to see more programs offering help for the environment and supporting it.
- 390. Natural medicine classes, sustainability classes
- 391. Outdoor stuff
- 392. I would like to see maybe a swim area that isn't the river especially with all the sewage that had just been put into the river.
- 393. "Volunteer effort to daylight Bernert Creek.
- 394. Volunteer effort to restore Community Room at Old Bolton Firehouse for Community Use.
- 395. Volunteer effort to relocate West Linn Food Pantry to Old Bolton Firehouse."
- 396. ?
- 397. I would like to see options for kids sports such as dancing offered at times in the evening so working parents can get their kids signed up.
- 398. Health and wellness fair
- 399. Swimming lessons
- 400. Rock climbing, swim classes (for a city that has so much water in and around it, I feel it's imperative to teach our children and youth water safety, so a swim facility would be ideal).
- 401. More science educational classes for youth
- 402. More indoor recreational facilities that offer basketball, climbing, volleyball, tennis, racquetball, yoga, pilates, etc
- 403. Local pool, swimming
- 404. Swimming, open recreation gym time
- 405. More community fun events.
- 406. Tennis courts.
- 407. More concerts
- 408. Adult soccer leagues, more bike paths/lanes/trails
- 409. Swimming
- 410. Concerts in Willamette Park, Swimming activities, Mountain biking location
- 411. Swimming and wellness offerings in West Linn
- 412. Indoor community center and pool with water park
- 413. Kayaking. Maybe not a camp, but a group or organization.
- 414. Swim lessons, swim team
- 415. "fitness center
- 416. community pool"
- 417. Cooking
- 418. Get fit boot camp for overweight teens
- 419. Continue with Concert in the park and movies in the park. Speakers for parenting I would think would be a hit. A child at any age never comes with a manual, so parenting classes, or how to deal with_____, would be good.
- 420. Swimming.... although I realize how expensive it is for the city. We have to go to Tualatin for swim lessons which is 20 minutes away. It would be nice to have more community pools offered or a private gym with aquatics in West Linn.
- 421. Cooking classes for kids/teens

What events, classes and programs would you most like to see offered in West Linn?

- 422. Swimming would be my top choice. An indoor community pool where swim lessons are offered would be amazing! We have a community pool in our neighborhood that we pay privately to join every summer but it's only from June-September.
- 423. "Photography
- 424. Community events in the fall/winter"
- 425. Would like swimming pool/swim team
- 426. Bring back Arts in the Park.
- 427. Swimming Programs, Facilities for youth and adult fitness and wellness.
- 428. We are long overdue for a swimming pool!
- 429. Swim classes; fitness center like Club Sport, but nearby.
- 430. Aquatic Park or Indoor Pool is very much needed in West Linn
- 431. Anything involving the Willamette River - canoeing, kayaking, learning about nature etc.
- 432. An aquatic center that offers swimming courses.
- 433. Anything physical really, but some sort of water work out area for all ages would be ideal.
- 434. Bike trails. We all wish that the trail along Rosemont was open to bikes. We would take our life in our hands biking on Rosemont Road, and the wide trail alongside seems very unused.
- 435. More young teen and teen classes
- 436. NONE - there are plenty of classes and programs!! No more are needed. Save \$ and use on what is already provided.
- 437. Mountain biking trails
- 438. "Ivy Pull events, Birdwatching"
- 439. Free health & wellness programs designed to promote healthier lifestyles.
- 440. More things to do WITH my teen.
- 441. Water parks, swimming classes, social gatherings (e.g Music in the Park)
- 442. "Adult recreation teams
- 443. Arts - visual and theater"
- 444. Family oriented classes, introductions to outdoor activities, social play dates at parks
- 445. Oregon Masters swimming
- 446. Yoga (NOT hot yoga), a woman's running club, walking groups (BUT we need contiguous trails/paths/sidewalks i.e. Lower Salamo & Old Willamette to Willamette Park), casual teen basketball games (NOT high school connected), tween fitness programs.
- 447. indoor swim and exercise option due to weather challenges Fall through Spring
- 448. Urban gardening courses in the summer, and something concerning environmental conservation and restoration
- 449. painting classes
- 450. "Evening and early morning arts and wellness classes for adults
- 451. Arts and musics classes for infants/young toddlers that are not in the middle of the work day"
- 452. Zip line, pool, community moviesnight outside during summer youth sports
- 453. special events
- 454. Swimming
- 455. Swimming lessons, swim club, aquatic play
- 456. We need a place for kids to get swimming lessons and a swim team so we don't have to go to LO and Oregon city. Also then WLHS can have a pool rather than have to borrow time from other cities
- 457. Horseback riding, adult soccer and basketball and softball
- 458. More sports related classes

What events, classes and programs would you most like to see offered in West Linn?

- 459. MORE PLACES FOR TEENS TO GO, there is nowhere to for us to go in the whole town. Open a place that's fun and easy accessible around Rosemont like an ice-cream bar or just a place that is easy to sit down and is inexpensive.
- 460. Swimming
- 461. A city indoor swimming pool
- 462. Swim team
- 463. Morning zumba for adults, a city pool with facilities for morning classes for adults, afternoon/evening for all ages, with summer activities would be great, a indoor or cover playground could be very helpful.
- 464. Swimming, personal fitness, healthy cooking
- 465. "Adventure in MSY (ziplines, etc)
- 466. Marina at Willamette Park
- 467. Professional mini classes for teens and adults: MS Excel, interviews, resume prep, languages, investing, etc"
- 468. Outdoor Ed. as well as classes teaching about the environment, native plants, species, and local history would be great and very beneficial.
- 469. Something swimming related, more events both community and / or culture focused, one-time opportunities, programs geared and marketed towards younger age groups (there appears to be a lot for kids and old people, with little for the in-betweeners)
- 470. More soccer/lacrosse fields. A city owned facility with a pool.
- 471. Swimming programs, cooking classes
- 472. "We need an aquatic center to serve all ages. If we added an indoor event center to an aquatic facility we could rent it out like the shelters at our parks.
- 473. Multicultural music
- 474. Nature walks
- 475. Anything to keep youth interested in something positive."
- 476. YMCA type ool with swimming and exercise classes
- 477. I would like to see daily summer parks programs for kids of all ages similar to the rec mobile/ Gladstone max Patterson park program. a wading pool or pool like the one that was at Sunset park. And more craft classes for kids and adults.
- 478. I would like to see more fitness programs like running, biking, and racing.
- 479. soccer, biking and kayaking
- 480. Network of trails for biking, hiking and walking. Dog park. Skatepark for younger, less experienced skateboarders.
- 481. Volleyball league
- 482. A pool
- 483. swimming
- 484. Activities for toddlers, parents with toddlers and eventually swimming related programs in the pool that will hopefully be built someday.
- 485. longer library hours, co-working space, aquatic and community center for all ages -- not just seniors, archery, outdoor adventure, wilderness survival, wildcrafting, outdoor yoga, community gardens around town, natural playgrounds
- 486. A broader variety of arts classes for adults and a broader variety of classes for school age children
- 487. More festivals and events that draws out-of-towners to help boost the local economy
- 488. As mentioned earlier, an indoor/outdoor pool and General Educational classes i.e. Languages (different levels) Computer classesFitness classes
- 489. Sailing instruction for youths
- 490. None.

What events, classes and programs would you most like to see offered in West Linn?

491. I would love to have an indoor pool facility for swimming lessons. We currently drive to Tigard for weekly lessons. Just a pool though -- not a megastructure that would hike up property taxes.
492. I just read through this summers activities PDF and this looks to be an amazingly diverse selection of events and activities. Can't wait to partake.
493. I have wanted to do more classes and groups in the evenings close to where we live in Bolton. My husband and I both work and don't want to drive a long distance once we are home. I keep wondering why the Old Fire Station can't be used for such things
494. Swimming. I do not feel a Clackamas Water Park-type facility is needed (too costly and if someone wants that experience, they can travel to Clackamas), but an Olympic-size pool and a toddler pool would be a fantastic addition to the town.
495. "Climbing, Swimming
496. Volunteer programs that are offered to people who work..."
497. We need a park and rec pool like the one in Tualatin Hills (16 lanes). There are no choices for an indoor pool in West Linn. Neighboring pools are small and jammed packed. The West side of Portland needs a facility at the least.
498. Art camps, swimming lessons or swim club.
499. Swimming
500. community Swimming pool would be cool
501. Something for teens to do: movie theater, water sports etc.
502. Swimming classes. I have to register my child in swimming classes in Lake Oswego or Clackamas Aquatic. Closer options would be welcome. Also river access activities.
503. Family events, and youth sports
504. Anything that keep the children safe, entertained and maybe even educated some.
505. indoor pool with water aerobics and lap swim and play area for kids, like Sherwood has
506. Kayaking,boating classes
507. I would love to have access to an indoor pool with water aerobics!
508. Swimming lessons, family bike areas
509. Trips around the area (Portland, Gorge, Wine Country, etc)
510. Swimming
511. Need a pool
512. yoga in the park
513. Community Pool
514. Any outdoor activities for older adults. Dog classes/activities.
515. Return of Bolton Daze or similar type of community/business celebration for that "side" of West Linn
516. culture and environmental learning opportunities
517. Exercsize equipment/pool
518. "-gym
519. -indoor aquatics
520. -indoor play for young children"
521. I would like to see more options for the 13 - 16 year olds.
522. "Graphic design
523. Exercise programs for non athletic kids who need inspiration exposure to a variety of activities"
524. Any that would appeal to youth so they can have supervised activities after school and in summer. I'm not a parent, but it must be hard for working folks with kids to keep them occupied. Exercise and engaging activities are a benefit to us all.
525. Summer concerts

What events, classes and programs would you most like to see offered in West Linn?

- 526. Opportunities for pick-up basketball so my husband can shoot hoops while I walk around Marylhurst Heights park.
- 527. Provide social, cultural, physical, service related, music, art, industrial arts, drama, and nature activity programs.
- 528. I've gone to the band concerts in Hammerle Park for several years. I've been to the Christmas Carol sing-along by the Cedar Oak or Mapleton fire station. I've attended concerts at Tanner Creek Park but they are only marginally music I enjoy.
- 529. Tennis lessons for a reasonable fee
- 530. "Reasonably priced classes for kids 18 and under -
- 531. drawing, clay, calligraphy, cartooning, etc.
- 532. Fun educational classes in history, literature, life skills, science, etc.
- 533. Theater performances in the park.
- 534. Music in the park (in summer)"
- 535. Community swimming pool/rec center
- 536. I would not expand in any direction. I would leave people do what they decide to do. I would try to discourage the community feeling altogether. I would support individuality of people.
- 537. Maybe kayaking lessons or tours on the Tualatin river? More walking/biking paths for sure. We have a son in a wheelchair, and when we get out we walk him. We have to walk in the street to get to Field's Bridge Park/Willamette park from our house.
- 538. Cooking, arts, sewing, basic workshop skills, mechanic skills,
- 539. A Community center with a pool and indoor sports. Check out Southwest Community Center on SW 45th and Vermont for an example. They combined a gym, pools and sports facilities.
- 540. I'm not really familiar with what we currently have.
- 541. Swim facility like Sherwood or Clackamas.
- 542. Indoor pool with fitness classes
- 543. Programs that are beneficial yet that do not wreak havoc on the natural environment-I go to the woods to refresh and renew in the quiet natural world and I worry that the noise and trampling of sports and crowds will overtake it.
- 544. Community daycare/camps
- 545. I would love to see an indoor aquatic/fitness/community center like North Clackamas or Mt Park.
- 546. "Swimming lessons, Indoor activities - open gyms, rock climbing, youth yoga"
- 547. more variation in exercise programs. Such as earlier start times or more evening options. More location offerings. Would love to see a swimming pool in West Linn. More activities for middle school kids.
- 548. West Linn needs a public swimming pool. That's been needed for many years and never gets anywhere.
- 549. I really missed the West Linn art fair, even though it was held at Marylhurst University
- 550. Multiple classes for one monthly fee.
- 551. "- Outdoor concerts in parks during summer - variety of music and family friendly
- 552. - Community theatre productions / program
- 553. - Adult sports"
- 554. Outdoor music and theatre.
- 555. Swimming pool
- 556. "drop-in adult basketball if possible drop-in basketball for somewhat older adults (over 40 or over 50?)"
- 557. Swimming!
- 558. Aquatic
- 559. kids yoga, an indoor family friendly recreation center!!!!
- 560. environmental stewardship, responsible citizenship and social ecology

What events, classes and programs would you most like to see offered in West Linn?

- 561. Adult soccer!
- 562. I would love to see more events, classes, and programs offered for our active teenage youth population. West Linn very much needs an indoor facility also to serve this population during the inclement weather months.
- 563. Swim
- 564. outdoor adult art classes in under cover areas of the parks
- 565. A safe walking/biking route between Willamette and Bolton areas (without having to go over the hill). Also, a swimming pool would be great someday. Not a fancy all-purpose place, just a pool with locker rooms/showers.

What option best describes how you'd like to improve access and connectivity along the Willamette River (south of I-205) between Willamette Park and West Bridge Park?

- 1. Make sure that any additions have ample parking.
- 2. leave alone
- 3. Add cafes small shops along the river
- 4. What is West Bridge Park?
- 5. not famiar with W. Bridge Park
- 6. I am not familiar with the area.
- 7. What is west bridge park?
- 8. if already budgeted NO NEW TAXES
- 9. divert traffic flow and congestion
- 10. Better bike paths in general. Safer lanes all over the city so we can ride in general.
- 11. Honestly I don't think this is a problem, I can bike in this location easily.
- 12. Avoid going behind people's houses, otherwise along the river
- 13. provide better places/facilities to launch paddle boats
- 14. Improve Rosemont bikeway
- 15. Indoor pool
- 16. lower congension on 43 and Willamette Falls Drive during rush hours
- 17. no comment
- 18. more green space
- 19. There should be a sidewalk all the way from fields bridge park into town. Dangerous having to walk in the very busy road
- 20. Clean up the dirty water
- 21. We need a pool and more parks
- 22. A good flat bike path would be great in WL
- 23. This question seems like an inappropriate special interest agenda item by a particular group or person
- 24. lights on baseball fields
- 25. Add view points between the parks overlooking the river. Consider additional water access between parks
- 26. Not knowledgeable of West Bridge Park
- 27. I wanted funding to build a rec place for families
- 28. Enhance area under 205 for more uses like limited parking and kayaking
- 29. variety of act with staff providing leadership and classes
- 30. Implement the plan to revise the intersection by the old police station and capitalize on Willamette Falls as a tourist attraction

Next, please tell us how the City should prioritize improvements in the future.

If funding were available, which of the following facilities are the highest priorities for development or improvements in West Linn?

1. fix what we have
2. concrete ping pong tables
3. Indoor Tennis
4. Artificial turf field for 5 and 6 a side soccer
5. off leash TRAILS
6. Bike trails
7. Tennis
8. anything you do should be supporting by public transit access
9. Adequate restrooms in exsisting parks
10. Multi-purpose indoor community/rec center with indoor or outdoor pool
11. Neighborhood community centers
12. sidewalks on major roads
13. local community centers
14. Off-Leash forrest trails
15. Biking trail/path
16. Mountain-biking trails
17. I would like to see a swimming pool, but not a water play park like North Clack.
18. Venue for concerts/plays
19. Restore native forests
20. Robinwood Station
21. Boat storage
22. Mountain Biking trails
23. Indoor Gym Space
24. music facility
25. We have enough facilities
26. Take care of natural areas. Invasive weed management through Regionally proven IPM methods.
27. Indoor tennis/rec facility
28. canoe/kayak launches
29. Robinwood Station roof repair
30. 1 community center w/indoor/outdoor pool area
31. Senior Center and benches at bus stops
32. Bike trails (Rosemont)
33. Community theatre space
34. Adequate parking for events
35. Disc golf course
36. enforce leash law
37. adding Daylighting Bernet Creek in the White Oak Savanna
38. ADA accessible kayak/canoe launches at Cedaroak and Bernard's Landing
39. NO new taxes, bonds, levy, etc. etc. Run it like a business requiring profitability. Raising taxes is the LAZY way of paying for it.
40. Indoor gym space. It could be designed to be used as a party venue or a theater when needed. Think of WCC gym that is used for multiple purposes.

If funding were available, which of the following facilities are the highest priorities for development or improvements in West Linn?

41. daylight the Bernert creek so it allows easy access in the Savanna Oaks park for visitors to observe nature as it once was in our area
42. forget the pool ideas, been there done that
43. Expand Mary s Young park activities to include playground, dog training course, and more of Leash dog areas
44. would love to see bikes allowed on the path that connects to Lucher. Great path to provide a safe family friendly access to LO.
45. Ice Arena
46. Restore Old Bolton Firehouse to Community use. Day light Bernert Creek
47. Mountain bike trails
48. Sidewalks on all streets
49. Sports fields: Lacrosse/Soccer
50. multi use path to OC from willamette park
51. NOTHING! NO POOL especially. You've already studied that and we don't want to pay for it.
52. Archery range, possibly at Clark St access into Wilderness Park
53. iking and wildlife appreciation. Less taxes on residents. More Nature Parks for h
54. none of the above (less is more!)
55. just buy up more land when you have the chance. improvements can come later
56. community meeting buildings example Robinwood Station
57. Extend the new willamette park trail to oregon city bridge
58. Multi-purpose indoor community/recreation center, Swimming area or pool (outdoor)
59. Increase park area near Fields Park
60. I had other things in mind for the rec center as well.
61. Develop our side of Willamette Falls for tourism
62. Off-leash dog area, but not a dog park.
63. fix the streets first
64. Separate sports park
65. Safe bike/ped pathway connecting Bolton area with Willamette area

What other way(s) should the City of West Linn direct its resources if pursuing a future tax measure?

1. No more taxes, other ways to fund, seniors in community can't afford it
2. Fix or return to nature the sites already in place. The "parks" are junk. Over cut, back filled and flooded. No maintenance. The sidewalks, basketball court and patio areas are sliding down hill.
3. Finish the path between Bolton and Willamette
4. Please maintain the existing sports fields. It's very difficult to support children growing in athletic abilities with their poorly maintained fields.
5. Only to acquire land for indoor activities unique within a 20minute drive radius. Every town doesn't need its own everything, but we don't want to have to drive 20-30 minutes for activities.
6. Fitness center with a pool
7. New recreation center with aquatic facility.
8. More beach/river access
9. Street repair and street cleaning.

What other way(s) should the City of West Linn direct its resources if pursuing a future tax measure?

10. New aquatic facility is needed. We are the only town that has to go next door for swimming facilities or pay huge amounts for private pools.
11. Fundraising, sponsorship, partnerships with local businesses/artists/community members.
12. Parking facilities at Tanner creek and Mary s young.
13. Disc golf course. Swimming pool(s).
14. nothing specific
15. More outdoor turf fields!
16. public-private partnerships
17. vague question.
18. Aquatic park and street repair
19. Bike paths/facilities both on and off street.
20. Better bike/pedestrian paths along route 43.
21. please don't
22. OTHER WAYS SHOULD BE FOUND TO REDUCE THE COST OF THE CITY'S PARKS AND RECREATION BUDGET. THE PARKS DEPT. TAKES TOO MUCH OF THE CITY'S REVENUES. TOO MANY PROGRAMS ARE OFFERED. THE CITY SUBSIDIZES TOO MANY SPORTS GROUPS. MAKE THEM PAY MORE
23. Streets are getting very bad with auto traffic because so many people have moved into the city: WF Drive is very bad beginning late afternoon (e.g. between Hidden Springs and West Linn Library!); Need public (or shuttle) buses to reach above hill.
24. We don't need additional taxes, we already pay a "TAX" on our water bill that we never voted on for the parks. Maybe fewer employees standing around that we have to pay PERS for.
25. Don't be afraid to assess use fees rather than putting the tax burden on those that don't use the facilities.
26. Don't build a West Linn Aquatic Center. This is a money loser. Instead, pursue a joint effort with Lake Oswego, Oregon City, Gladstone or Tualatin.
27. No more taxes, live within your means. Use resources to acquire government funding.
28. Preserving open space. City is overbuilding and will become crowded and undesirable like the Westside.
29. Create mountain bike specific trails.
30. Maintaining Mary S. Young. Also developing a mountain bike trail system for families to enjoy with an option for a challenging loop similar Sandy Ridge trail system.
31. Fees for usage
32. Give us a pool!
33. To better utilize the river offer storage/moorage facilities
34. Mountain biking trails and/or a pump track
35. Cut back on other taxes and bond measures. West Linn has too many taxes and bond measures already.
36. An aquatic center should definitely be the highest priority. It fills the largest gap in services. We don't need more parks, it's ridiculous how many parks we have here. It's time to diversify a little bit. Please no more barely used splash pads.
37. I really feel like it would be nice to have an indoor rec center/pool so we could have more opportunities for indoor recreation, swimming lessons, etc. The money that parents spend in other communities for these things could be used by our own city.
38. Purchase acreage for preservation of native plants and animals. Think of Tryon Creek State Park -- that's a very successful area that offers habitat for wild species despite encroaching (sub)urban development.
39. Having a public aquatic facility is critical - there are no gyms close by that offer an indoor swimming experience and the closest indoor public facility does not consider west linn residents members and it is over crowded for family swim times.
40. None. Our taxes are high enough

What other way(s) should the City of West Linn direct its resources if pursuing a future tax measure?

41. Taking proper care of existing park land and enhancing trails and bike paths should be the priorities.
42. not sure
43. Benches and covers at bus stops.
44. Charge for PARKING for non-residents at City run facilities such as boat launches. Increase fees to the sports clubs that use the parks since they tend use the fields the most. Increase usage fees to non-residents to match neighboring towns.
45. Invest in more for infrastructure and businesses for restaurants and bars similar to downtown Oregon City on hwy 43
46. Access to river
47. Hiking trails along river
48. Supporting small businesses
49. "Connectivity among Parks's for extended walking trails.
50. Larger parks, maybe expand existing park where possible.
51. Daylight Bernert creek in white oak savannah park."
52. No comment here.
53. It would be nice if the city would better utilize the existing land / buildings to prove to the citizens of West Linn that paying more taxes will provide more services and not be used to help with the UNDERFUNDED PERS situation.
54. Be responsible and accountable to the P&L statement and balance sheet through good management practices just like any other "for profit" business? You know it can be done if the organization isn't afraid of hard work and responsibility.
55. Preserving the scant remaining natural areas
56. City of West Line collects enough taxes already. Be better stewards of the funds we already have unless there are plans to build a community center for all ages and/or aquatic facilities.
57. Fixing our roads
58. I'm a big supporter of a Riverfront park and more natural spaces/trails.
59. My property taxes are too high now! Where is the money going?
60. More interesting designs of trails and equipment and more senior and youth workout equipment around parks.
61. Bond funding.
62. Public Aquatic Facility - for swimming not just spray parks!
63. Protected bike paths away from heavy traffic roads and consider a bicycle lift like the one in Trondheim to help bikers get up some of our steep hills! That would be awesome.
64. Improve roads and add some traffic lights.
65. Ice Arena...you would bring in lots of funding since Sherwood/Beaverton are the only options
66. Pools
67. N/A. I still support an aquatic facility the most.
68. Not sure.
69. Maintenance on existing nature trails is weak, for example, trail access into North Willamette Park at bridge section. It's difficult to get Police enforcement of leash code and alcohol/drug codes at Burnside and North Willamette.
70. ?
71. REALLY in need of an indoor multipurpose facility for court sports, classes, and education. And more safe walking, hiking, biking trails would be ideal!
72. PLEASE, PLEASE, PLEASE....Develop the Mill Street area. If you want to look up an example look at Winter Garden, Florida, they did an area like that and it completely revitalized that city.

What other way(s) should the City of West Linn direct its resources if pursuing a future tax measure?

73. Direct some resources towards safe pedestrian/bike paths along some streets.
74. Be mindful of spending of tax dollars. We pay a lot of taxes in general, and would like it to be spent wisely.
75. Better parking around field bridge park. It is dangerous when people park along Willamette falls drive
76. Add more green and efficient aspects to things like solar panel parking covers for parking lots
77. More bike trails. It reduces traffic and pollution.
78. We are taxed enough as it is. But a possible Pedestrian/Bicycle bridge connecting West Linn with Oregon City has some real appeal. If it was located past the Arch Bridge with views of Willamette Falls, it may be a great addition to other trails.
79. I do not see a need for increasing revenues. Instead, city residents would benefit more if park related costs were minimized and human impact on natural areas reduced. Funds available should be used to acquire and preserve natural areas throughout.
80. Idk
81. We already have beautiful parks. If I was to support more parks it would be in an effort to keep the city from building and expanding more
82. Focus on maintaining the existing parks first, if we have the money, then we should expand the parks
83. Lights on Field Bridge and Oppendlander. Level outfield at Oppendlander Sr field, and add score board.
84. Build more parks on the river
85. INDOOR POOLS AND WATERFRONT RECREATION
86. I would like to see the quite frankly ugly signs replaced that welcome people into West Linn when they first enter, and replace them with newer more attractive signs.
87. Create a long term bond paired with a long term plan for maintaining our resources.
88. Biking and walking access outdoors is my number one priority.
89. If you build it, they will come -- so make sure whatever it is creates short- and long-term jobs and supports our local economy
90. Bike lanes on Highway 43
91. keeping it up and improving
92. Based upon this and other surveys, determine the highest level of support from the population (assuming no emergencies) and pursue that aspect.
93. I'm not sure
94. Our family supports a tax for an aquatic center, but not a membership fee to join once constructed. Everyone should be able to use the facility if we're paying taxes for it.
95. Not a giant aquatic center just an Olympic pool indoors
96. "No new taxes
97. My water bill tripled in 11 years"
98. We need to maintain what we have before we obtain or create more that we need to maintain. Park brush is unkempt, tennis courts are poorly up-kept, restrooms are marginally maintained, and park strips/islands throughout west linn are overgrown.
99. I think the City of West Linn is already squeezing as much money out of us as possible. I have to work like a mule now in order to pay my extremely high property taxes so I don't have time to use any of these facilities. They serve some other people
100. Improvement of the library, building out of facilities to include a space for community theatre
101. Daylighting Bernert Creek
102. Is there a way to lessen the bureaucracy involved in USING a WL Park? Remembering my childhood in Portland....Mt. Scott Park was just down the street ...like my own back yard! No forms, no deposits, no reservations, "Consider Yourself at Home"
103. Improving highway 43 between 205 and Lake Oswego. Providing bike/walking trails and viewpoints connecting Arch Bridge and Willamette Park. Build a park at the locks.

What other way(s) should the City of West Linn direct its resources if pursuing a future tax measure?

104. Indoor aquatic facility
105. recreation/community center
106. Keep youth programs going. Create a bike/ped pathway that is safe for kids/adults around the entire city.
107. It's important to maintain and improve the facilities and parks that we currently have, while setting a side parks and green space in newly developing areas.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

1. "I myself would like to have a map that would show launching and parking sites of the Clackamas (sp?) River for kayaks and canoes.
2. I enjoy just paddling and site seeing in tranquil waters for pleasure and exercise. At my age and health it's a plus."
3. I think West Linn has a good variety, except for aquatic opportunities, but we are running out of space too many houses being built
4. I told the city they were making a mistake when they planned this park on Upper Midhill. It is a wreck. The whole thing is sliding downhill.
5. Don't by anymore pocket parks. Huge waste of money to tear down the old house. It should have stayed with the county.
6. I would love a swimming option for our family!
7. "I help run an outdoor ping pong table company here in Portland. More and more city parks are implementing these concrete tables nationwide. You guys should look into them.
8. <https://bestoutdoorpingpongtables.com/concrete-ping-pong-tables/>"
9. You guys do a great job!
10. We need a pool and indoor Rec center
11. West Linn needs more support for youth girls athletics.
12. New pool. It's time
13. We have an amazing resource in the Willamette River and those parks that are nearby. I'd love to see a path or some kind of access for running, biking and river access that went from park to park (Fields Bridge to Willamette Park?).
14. West Linn parks are amazing! It's sad that we must travel to neighboring cities for swim safety.
15. I would support a community swimming pool. But not a bells-and-whistles "aquatic center."
16. I would like to see better maintenance of what we have. We have a fairly new park and watched all the planting going on etc...and was surprised by the waste...plants and trees that died waiting to be planted...rose bushes that are thorny in a kid area
17. Doing a pretty good job with what you have. Do not cut maintenance and then ask for a bond in 10 years because you failed to maintain facilities.
18. Please offer a non-faith-based recreation center alternative for our youth and community. There is also a lot of support for an indoor swimming facility within West Linn!
19. Need a fitness center with a pool
20. West Linn great potential along the river.
21. Add park service project days each month not just for ivy pulls. I'd love to see Wilderness Park have a good mulched trail along Clark to Skyline and the parking lot cleared of storage and signage planted out with art pieces in the park.
22. Parking at Fields Bridge park is a dangerous issue. There has to be something done to ensure the safety of our citizens and visitors. This is a huge issue and resources should be utilized to remedy this ASAP. It's not acceptable to simply leave as.
23. "I am overall happy with them. I do a lot of walking and hiking here. I also take my kids to hike, play at parks, etc. there's adequate activities but room for improvement.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

24. Improving walkability would be a great thing along 43!"
25. We really enjoy West Linn Rec Basketball for the kids. Very well done. I would like to see an indoor tennis facility or at least classes offered outdoors in the summer. I also think the city would benefit from an indoor/outdoor aquatic facility.
26. Good job Ken
27. Just repeating that the skateboard park bring too much trash to our trails, vandalism, and noise nuisance levels.....so would not support another park that brings the same problems.
28. Love the parks, I live next door to MS Young but no longer go there due to the off leash problem.
29. We need a pool. It is a critical life skill. Right now we have no facility for our kids to learn to swim.
30. West Linn is very sports oriented, I'd like to see more imaginative play areas for children and cultural activities for adults.
31. Would also love improved pedestrian and biking paths, especially along willamette falls drive and hwy 43. Would also enjoy more community and school gardens! Should have school garden position available from city
32. Take care of parks already owned before purchasing more parking land.
33. I wish there were more bike lanes. So many of the roads by my house are unsafe for bikers.
34. The ODOT land off of I-205 has enough vertical to make an incredible mountain bike skills park that could make West Linn a destination park instead of an afterthought!
35. We definitely need a public pool. Other than that, love it here. Great place to raise kids.
36. More youth programs offered in summer time. Like basketball camps. Not the sporty shorty ones. Camps that teach skill instead of just fun games. You need more camps for under age 4.
37. We definitely need more sports fields, specifically for girls lacrosse.
38. I think there should be more communication. Whether it be via Facebook, Nextdoor, Twitter or otherwise.
39. I think the parks we have are great and the city is doing a great job maintaining them. We pay very high taxes here and the schools/community make that very worthwhile. I do not want to pay even greater taxes for pools or rec buildings Little used
40. Increase the quality of team sports facilities and become a destination for growing youth teamsports. These activities naturally dovetail with WL Schools and ultimately increases the livability and value of the community.
41. "We live in a wonderful city which is fortunate to have multiple open park spaces.
42. I appreciate the more recent work done to Robinwood Park as it turned that particular park around to make it an enjoyable space for families, wanting to see more!"
43. Apart from the adult leagues, you are doing great work
44. We have a lot of outdoor space, green space. I don't believe we need to spend more money on more green space. We should be conserving resources to help support indoor recreation space and arts community space.
45. I think overall, the Parks and Rec in West Linn is great, and residents are very fortunate to have access to the facilities and programs that we have.
46. nice job!
47. Staff doing great work with limited resources
48. We love West Linn parks! It'd be great if the North Willamette tennis were maintained (even a 1 time power wash would get all of the dirt from the rains away). Also, there's cuss words in the slides that need to be removed.
49. The Robinwood Station is an existing city building be run and maintained by an all volunteer group. It needs a few renovations and so that it can be improved and become an even better resource in the neighborhood than it already is.
50. I appreciate that trails are well maintained and kept generally clean. I do wish there were some benches along the trails for older folks like myself. I get tired and often wish I could sit down and rest somewhere, perhaps in a shade.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

51. Would like to see programs for the middle adult age ranges
52. I'd like to have the city of West Linn connected with side walks & bicycle paths.
53. I support making West Linn more connective through its trails program. Also make the City more bike friendly with designated bike trails. I enjoy the summer concert series, and urge its continuation.
54. "Selling of and the destruction of sunset park should have never occurred.
55. Lack of leadership by parks director, helped to destroy the sunset neighborhood"
56. I do not want an aquatic center that is geared to play or tourists with slides and such. I want to see a pool for school and community swim teams and other swim lessons and exercise.
57. Due to very wet conditions for much of the year, a dryer clean place for dogs to run off-leash would be great and somewhere more central in West Linn. Dogs need to run as much as kids do.
58. West Linn has beautiful parks.
59. overall my grade is B
60. The volunteers at MSY work so hard. It would be nice for them to have more support from the city year-round.
61. Thanks for sending out this survey.
62. For the fabled rec center, include swimming and an ice rink.
63. Backyard certification, native plants, and invasive species control
64. Plenty of parks but few true gathering areas. Look at not just parks but outdoor spaces like George Rodgers park in LO. It has all components well tied together. Also increase facilities for rain or incimate weather
65. Would like to see us taking care of what we have.
66. I think a bike walking path along the Willamette River, off of the busy WFD would be excellent. OC is upgrading their waterfront by the falls, can't we get involved too? Please focus on clearing the beautiful streams in West Linn of invasives.
67. West Linn needs to stay out of the business of trying to run a business.....buildings are a one time budget item, multiples years of managers, employees, maintenance, insurance, utilities, etc never get put into real costs of projects.
68. More toddler/youth/family programs on weekends please!!
69. I think the weak parks and rec offerings is a lot of the reason families move out of West Linn. If I were to move again there is nothing to motivate me to stay. My kids are grown and you need more than your school scores to keep people here.
70. "West Linn has a great Parks system and really good walking trails in town, not just in the parks.
71. I wish the Summer concerts were more intimate and not so noisy. Perhaps some acoustic performers. Maybe in areas without electricity."
72. Thank you for the job you do. We love our parks.
73. I recently moved into a home near Palomino Park. My grandchildren (ages 4 and 6) would like to request that a play structure be added for older children. In addition, it would be nice to have a path to the current play structure.
74. I am impressed by the outdoor park options. What I feel is lacking in WL is shared community spaces that allow for both indoor and outdoor recreation. Connectivity between parks and neighborhoods is also important. Would love WL to be walkable!!
75. Build a pool/fitness center and partner with someone or create a non-profit to run it.
76. West Linn has great parks! Keep it up.
77. I am so happy we moved here - the parks are beautiful and well maintained.
78. The White Oak Savanna should be listed as an option for favorite park. Thank you.
79. More access pints to water for fishing
80. This is one of the perks of living in West Linn and I would like to see further investment and development in these quality of life services. Thanks for all that you do!

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

81. Keep up the maintenance in the parks you have. Many nice parks but with limited funding need to take care of existing before thinking of adding more parks. Fields Br. Park needs some trail maintenance and shoreline protection.
82. We need more spaces for community gathering other than schools and day cares. We offer Spanish for kids in primary but not for toddlers. This is an important time for kids to pick things up. A indoor swimming facility and rec center is a MUST. Thanks
83. "I appreciate long term staff, parks and opportunities.
84. Maybe ask again if community supports a community pool..."
85. "Our neighborhood is largely made up of condos with no personal outdoor space. Although we have pools, there is no
86. garden space or off-leash opportunities for dogs. Neighbors have worked hard to maintain the paths leading to
87. North Willamette Park."
88. Legitimize the Robinwood Station and contribute funding for improvements. Encourage the volunteers to continue pursuing activities and events at this location.
89. FIELDS BRIDGE PARK IS AN ENVIRONMENTAL DISASTER. ALSO, THE TRAFFIC SITUATION AT FIELDS BRIDGE PARK IS DANGEROUS. THE PARK CANNOT SUSTAIN SUCH HEAVY USE BY THE WEST LINN BASEBALL ASSOCIATION.
90. More outside Tennis/Pickleball courts and resurfacing of Tanner Creek courts would be nice.
91. They need to be better lit at night.
92. I love our parks. Easier access for kayaking in different locations would be great. Easier access TO the parks - despite living on Snidow Drive, lack of a contiguous sidewalk to Fields Br Pk or Will Park kept my kids from ever going alone.
93. West linn parks does a great job with the staff on hand! I am grateful to live in such a great community that has so many different options to explore the outdoors in a safe environment. Thank you for all the hard work.
94. NO "aquatic center" (or swimming pool component in a "multi-purpose recreation center").
95. Having the parks/open spaces is a boon to living here. Being able to take our dog to these nature areas is so important. We need bike paths and walking areas. Mary S Young is special. I would put my tax dollars toward repairing the recent damage.
96. Areas of traffic that are VERY bad and/or roads need fixing: WF Drive, residential intersections like Bridgeport Elementary, people driving too fast like down/up Hidden Springs, need more food markets, store businesses and centers, too many homes.
97. I hope West Linn's development of the Blue Heron property will emphasize nature and ecology
98. Hwy 43 is West Linn's front door, the most important way that out-of-towners passing through judge the livability of our community. Thus, it affects our growth, our property resale values, our image. Do things that make 43 beautiful.
99. Thanks for asking us!
100. I would like to pave the path at the end of Mapleton into Mary Young Park to connect the path to the road for biking and wheel chair access.
101. One of the reasons we moved from NE Portland in 2008 was not only for the schools but the access to the library and parks. What we have found is that we use those frequently, but could definitely use an outdoor/indoor swimming facility.
102. The availability of technical trails here is amazing I love the parks - our local benski could use a little attention we've lost 3 structures recently. But when the rains hit the options disappear indoor options should be high on the priority list.
103. Sandy beach area for sun and swim like in lake oswego george rogers park. Maybe willamette beach park in historic willamette?
104. Support improvement of Robinwood Station, a local community center that is serving the needs of not just the neighborhood, but others within and outside of West Linn for a variety of programs and uses.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

105. Keep up the good work! I love hiking in our parks.
106. Thank you for all work you do, the parks are great!
107. Thanks so much for asking for our input!
108. Very good relative to most of the surrounding cities. Let's just don't keep piling tax on top of tax on top of more tax. My \$20K/year property tax burden is excessive already.
109. The seniors need pickleball facilities.
110. "1. palomino park needs more play equipment for kids and a walking path from palomino to the path that leads to clubhouse ct.
111. 2. west linn needs a pool (indoor at the very least) and a rec center thanks!"
112. I appreciate that you are taking time to engage citizens. Thank you.
113. Create mountain bike specific trails, and a pump track for bikes.... Promise you it would be incredibly popular for all ages.
114. "West linn needs an indoor pool and receive center.
115. Many smaller cities have them.
116. Why don't we??"
117. The natural open spaces and beautiful trails add so much value to our city, both in quality of life and property. Please make these a top priority.
118. They parks and recreation in West Linn is why I chose this city. I would support a tax measure that ensures we stay surrounding by parks and natural spaces, not the development of more buildings and pavement.
119. WL has amazing and dedicated volunteers that I don't believe get all the support they need to keep trails open and passable. Not sure what the full time workers parks workers do.
120. West Linn needs an indoor swimming pool!!!
121. No new taxes!
122. "The pursuit of yet another ""Top of the Hill"" mega church facility, the ""Aquatic Center without the water"" is ill -advised.
123. The future is not about getting in a car and driving, it is about walking and biking to neighborhood centers.
124. Repair what is."
125. We have a valuable resource in our natural areas here in West Linn and we should be doing a better job of taking care of them by removing the invasive plants and restoring the land to its native state.
126. The only comments I have are that we should support/represent all of west linn'ers not just a select few. We should also focus/prioritize on the most pressing of issues first rather than the glittery or extra things first.
127. I would love to see park assistants available with equipment check out at Tanner. Make it a place for the RRMS kids to hang out afterschool.
128. 45 years & still NO POOL! How long will it take??
129. The parks in this city are beautiful, clean and safe, but please give us a pool.
130. none
131. Do a great job.
132. I love WEST LINN!
133. Continue to support the Clock Repair class offered through adult education. That class has been continuous for more than thirty years, although previously in Tualatin I believe, and is a unique resource for a changing but continuous group.
134. The city is doing a great job with parks overall and appreciate that there are 3 near my house (Fields Bridge, Oak Savanna, and Willamette). I'm not sure if we need to create more activities - I appreciate them as natural and open areas.
135. The parks we have are wonderful but need to be kept up so they are beautiful and represent West Linn as a caring community. I wonder how a small dog park would be accepted? There are none in the Willamette area where a dog can be off leash.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

136. Love the events you put on. Have had great experiences with the sports leagues in general. There seems to be no public gym space available for things like adult sports leagues, individual practice, team practices, etc. Also missing a public pool.
137. Swimming and the Arts, if we can tackle these it'll make West Linn far more attractive as a community. Beaverton really kills us in the Parks and Rec area, look to them as an example. Although with our resources we should be able to do better.
138. Mary S Young is wonderful, mainly due to the volunteers. It would be nice if the soccer parents actually followed the parking rules and didn't block traffic
139. I like the variety of parks west linn offers. More walking/biking trails would be nice
140. We are all so fortunate to live in a place of such abundant natural beauty. I see too many trees that are cut down without a thought, as they get in the way of the developers.
141. The development of an indoor/outdoor community pool with swim lessons and recreational swim options would greatly enhance our community!
142. Thanks for all you do!
143. I love West Linn parks and rec, and think they do an excellent job with what is available. The summer is amazing in this community. It would be nice to have a facility that could offer those kinds of awesome things year-round.
144. I don't understand why there's such a nice facility for seniors (the adult community center) and hardly anything like that for children!!!
145. I think the current budget is doing well it appears to maintain the parks, so I don't see the need for addl funding there.
146. More dog-friendly, off-leash venues.
147. We need an aquatic park/indoor water option in West Linn.
148. Protect wildlife and habitats. Steer trails around such areas. Limit asphalt and make trails natural.
149. We would love to see more indoor facilities to accommodate the kids after school.
150. If possible, I think safe (not a lot of road traffic) bike trails for families with kids would be wonderful.
151. Consider building/extending a trail between Willamette Park and Fields Bridge Park
152. Very good job on the parks in my neighborhood which I use a lot. I especially like things like the woods trail between Marylhurst Hts Park and Carriage Way. Getting off busy streets is a priority for me.
153. Generally I think parks and recreation is doing a great job
154. I love the summer programs offered through West Linn and like I stated before, my son participated in the summer day camps for three years. I'd like to see the option for a camp for ages 6-9 where he'd actually make friends.
155. Aquatic Center
156. We need an aquatics facility
157. This city is becoming increasingly populated, especially the last 2 years! I am concerned for the wildlife as greedy developers seem to be able to do whatever they want (\$\$\$). A focus on the needs of all the people which would include oh no room left
158. Park & Rec department does a great job!!!
159. Build the pool first. Get it running then add a gym, rec center community center etc. as demand and finances seems fit. You tried to float the whole rec center idea last time and it didn't work. Start small.
160. I think that the older parks like Robinwood and hammerle need more benches and tables. Robinwood feels like it could be nicer if there was a shelter like at Marylhurst.
161. We would love to have a recreation center/fitness center/YMCA style with a POOL!
162. I think a little more effort on the year round family events (holiday parades, tree lighting, etc.) would entice people to want to return year after year. As it stands they are not that exciting so it become a been there done that type of event.
163. Willamette Park - One of the heaviest used parks in West Linn - needs sprucing up! Please :) Wood shelters/gazebo needs a facelift. PLEASE - Thank you :)

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

164. Ken, I think you owe me an apology for calling my home after a catastrophic Monday for me at WLACC! I served faithfully on the board and otherwise for over 3 years! The art debacle that occurred could have been prevented with a simple phone call!
165. Aquatic park would be amazing, cater to young families!!!!!!
166. There are plenty of parks/facilities in West Linn and the parks tax has risen almost yearly since we moved here. Most people living on the river oppose a path behind their house because of litter, vandalizing and uncontrolled dogs evident elsewhere.
167. No. Thank you for the opportunity to provide input.
168. More off leash dog areas would be nice.
169. Thank you for sending out this survey!
170. Keep reminding WL residents of the activities available thru the City's web site, ie, use a monthly email to remind residents of what is available. Keep up the good work!
171. we really need more teen and young adult activity options and a fenced dog park.
172. Overall I am happy with the offerings West Linn has. I would be willing to pay higher taxes to pay for an indoor aquatic facility for West Linn residents.
173. Aquatics!!
174. If you are going to propose taxes, make sure they are properly audited. I don't want tax dollars squandered or redirected to pet projects like many government entities seem to do around here (city, state, etc.) Mistrustful of waste/corruption in gov.
175. Thank you for everything you are doing.
176. We love concerts in the park during the summer months. It would be great to allow residents to submit or select from bands for the event. This could be done well in advance of the first concert.
177. Although the city is missing an aquatic facility and/or a community center for multi generations, overall I feel that the city offers some great parks and community activities that we have enjoyed immensely.
178. Love my community. Can't imagine an increased density if Stanford Triangle is made part of Urban Growth Boundary.
179. The off leash dog area at Mary S. Young has been sadly neglected and has needlessly turned into a muddy mess. With all of the chips available there is no excuse to let the paths deteriorate like they have. In addition, improved drainage is needed.
180. Enforce the leash law...too many allow their dogs to run free. Enclose the off leash area at Mary S Young Dog Park
181. Thank you. We and our grandson appreciate all the wonderful parks in West Linn. My answers to this survey were primarily based on what activities we like to do with him.
182. I love West Linn parks. They provide a good balance between nature and other activities. I would like to see more efforts at land acquisition in undeveloped areas and rights of way along the rivers. Also, we should consider adding more trails.
183. Cannot emphasize enough how desperately West Linn needs an indoor pool and recreation facility!
184. We have great parks, keep up the great work!
185. Many parents want a pool. When voting happened a few years back, I have 2 young kids and newborn and didn't get out to vote. From hearing from other parents, they were in a similar situation.
186. Cost seems pretty high at present. I am not convinced all the \$ actually goes to parks. City seems obsessed with idea of a river trail at any cost. They should look today at the river levels and see that a trail is not viable during the winter.
187. WE have a lot of riverfront, Yet, very little opportunity to launch kayaks, canoes, paddle boards. West Bridge, Willamette, Cedar Oak can be made more paddler friendly. Robinwood citizens have been faithful to Robinwood Station, help the station.
188. For a very upscale suburb, we seem to always go the cheap, short term way. For example, the new Santa Anita plantings that don't have a watering source, and flower baskets that are not watered and die mid summer. Even Oregon City does better than us.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

189. Keep up the good work
190. We live in willamette because we love the park and river access!!!
191. Plan and build for the future. If we build a community center/recreation center it should house an indoor/outdoor pool. Make sure we purchase enough land now & don't make the mistake made for the schools.
192. I have mentioned archery in a few of my answers. My issue is that I cannot go to an open space and set up a target on my own - I have been told the police would not allow it. I am hoping a space can be set up that is safe and allowed.
193. Remove all park fees from the water bill and instead allow voter approved taxes ONLY or use fees for funding of parks. These fees are NOT voter approved and therefore NOT the will of the people. Put the power back into the hands of the residents.
194. Our "neighborhood" park is Fields Bridge. We love the variety it offers. The grandkids enjoy the playground and baseball field, we all enjoy the paths, watching baseball Games & playing on the field, etc. It would be nice to have a few picnic tables!
195. Smaller localized and sustainable efforts to get people outside and moving. Much like the Robinwood Garden and Fields Bridge. Assisting with community building and support.
196. One improvement I'd love to see is an actual enforcement of leash laws in our parks. It's dangerous for people and our pets and I see it every week at Mary S Young park and have never seen any kind of enforcement outside of a new sign.
197. Improve the riverfront for Mary S Young park. Increase education on Willamette River water quality and safety for swimming.
198. All in all it is very good now.
199. I would like to see the City contract for more services, especially maintenance, to avoid the ever increasing cost of benefits.
200. Please build us a pool & rec center where our high schoolers can have a swim team, families can have recreation & teens/ younger kids can have indoor sport/activity access. A facility of this type would create jobs for teens like lifeguarding, etc.
201. How about form fields that don't have limits on the number of characters that you can type
202. Pools please!!!
203. I don't think we should bring in more parks than we can maintain and afford. We have a nice number of parks and open spaces right now. I would support a river frontage park. Thank you!
204. Paths to West Linn HS thru Wilderness Park are heavily used and in poor condition in certain areas. These paths should be upgraded for safety and access.
205. My kids and husband would like a disc golf course and we really do need our own pool.
206. "Love summers all West Linn events and outdoor activities.
207. Disappointed with youth recreational sports. Football -> Happy Valley. Basketball -> Tualatin.
208. Ballroom Dance should be done in Sunset Firehall. Adult Center room inadequate."
209. We seem very balanced except where indicated. Direct more funding for roads maintenance and transit
210. Trails and sidewalks please
211. I refuse to support any more ball fields. We have enough of organized fields dedicated to a few while a focus on natural outdoor activity is largely ignored. I think our future focus should be on natural areas.
212. Yes, really Zip lining in West Linn! We need an indoor pool
213. "Thank you for all you do to bring community together.
214. I would love to have a swim facility in our area and would be willing put energy forward to this end."
215. We LOVE living in West Linn.
216. Enforce leash law before somebody or another pet gets seriously injured or worse.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

217. I think existing program offerings are adequate. I want to maintain the excellent facilities at our existing parks, especially running/walking trails, restrooms, & bike-to and bike-thru routes within and between parks. I use our parks almost daily.
218. Please consider daylighting Bernert Creek where it was placed underground along Tannler Drive next to the White Oak Savanna Park.
219. Would like to see the creek through Savannah Oaks daylighted
220. "overall, parks and rec does a great job maintaining and working with what we have.
221. additional activities would be great and an aquatic park would be fabulous!"
222. Generally, I would give high marks to WL for having so many green spaces. . I was disappointed that the city sold part of Sunset Park to the school board and that they have further damage the beautiful small areas. WL does a great job with MSY.
223. Add daylighting of Bernert Creek in the White Oak Savanna.
224. Please daylight Bernert Creek in the White Oak Savannah
225. I would definitely support adding DAYLIGHTING BERNET CREEK in the White Oak Savanna area.
226. Bernert Creek in White Oak Savanna should be daylighted like it used to be. The number of vertebrate species living part of their lives in the Savanna each year will dramatically increase when Bernert Creek is brought back to flowing above ground.
227. Compliments to city for quick clean-up of Mary s young after the January storms. Still have significant need to fix foot bridges in Mary s young. Also, need to clean-up the forest in that park given all the blown down trees, beaver mess, etc.
228. Maintain what we have
229. Just a big thank you for all that the Parks Department has done over the 28 years we have lived here. You all really care!
230. Overall happy and seems good. Great opportunities for young kids. Food for thought...rather than going it alone as a mid-sized community, why not partner with neighbors such as LO?
231. Please provide us citizens with more information that the increased taxes you want us to pay will be used for parks and rec access improvements that benefit us and not just to increase city employee pay and benefits.
232. "Please reopen Bernert Creek in the Savanna oaks area.
233. The sports set-up at Fields Bridge park really ruins the natural setting.
234. Thank you for the huge effort your department does to make West Linn a beautiful and healthy place."
235. Need more space of Park & Rec. activities and avoid using schools due to inflexible scheduling plus parking problem during events
236. Please install kayak launching systems at docks above the falls and below the falls that can be used by the elderly and handicapped. An example system is at Promontory Park in Estacada. Or Google "Kayak Lunch Systems". Thank you!
237. Yes. I'd like to see daylighting of Bernert Creek back in the White Oak Savanna. Bernert Creek used to flow freely in the Savanna until it was placed underground into a culvert in approximately 1975 when the street was installed.
238. I would love an aquatic facility!
239. Run it like a business! It's easy to raise taxes, float a bond, create a levy, or impose more costs on the citizens.
240. White Oak Savannah is great, more of that please. Maybe not call any more things "White" though, around here.
241. Girls' softball needs a place like Fields Bridge Park which is only accessible for boys' baseball.
242. Gym space is tight. We would love more gym space (think at least two full sized courts) that can also be used as a stage for community dance & recitals as well as events.
243. White Oak Savanna is like the face of West Linn that drivers on I205 see. Should get more investment as it is such a public face of the parks of the city to the rest of the world driving by.
244. They are great!!

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

245. Overall I think the parks and rec department does an excellent job with what they have. I appreciate all the work that goes into the programs we have today. Thank you.
246. Sunset Park needs a play structure ASAP
247. West Linn is a very beautiful and special area and I feel privileged to live here. Please continue to be cautious on overcrowding/new houses/development. Thank you for all you do!
248. The city has put very little effort into girls sports. We have to maintain them ourselves as parents yet the boys have Fields Bridge. I understand they did a lot of fund raising for the park but the city should do something for girls
249. I would suggest MANY MORE benches for sitting in all parks. So many seniors & partly disabled people need to sit frequently during walks, Fields Bridge Park especially needs more benches. Bathrooms too.
250. I believe our current parks and rec is sufficient for our population base. maintaining the useable condition should be a priority. riverfront development, rec centers, aquatic parks serves only the few and not the many middle class families of WL
251. I would like to stress again that replacing the ancient, scary metal slides in Hammerle Park would be greatly appreciated. Also, more baby swings with longer chains would be awesome.
252. West Linn does a great job with its Parks and Recreation ...they are a great reason why people move here
253. Daylighting Bernert Creek in the White Oak Savanna
254. I travel out of the area for swimming for my kids. I also travel for gymnastics and Rock climbing. I'd love to have a swimming pool in the area. Indoor or outdoor. But check out "the Cool Pool" in Albany. It's fantastic.
255. I think you do a great job of maintaining fields bridge park, especially keeping the trails clear. I still think you need at least one bench facing the play structure for moms and grandmas to sit on while children play. Pickle ball and bocci ball!
256. There needs to be more available activities and facilities for kids, youth and teens that are year round.
257. We need a trail that connects Fields Bridge and Willamette Park, as well as safer passages for bikes.
258. Need path or sidewalk from fields bridge park to downtown Willamette.
259. An off leash dog park at Willamette would be a great addition.
260. Sunset needs a water feature
261. I rea
262. I would highly resent having to pay taxes for an aquatic facility. My neighborhood association has its own pool, which I pay for yearly. I do not want to pay for another pool which I would never use. The taxes in W.L. are steep!
263. Parks and Rec does a good job.
264. We need a place to teach our kids to swim.
265. There is a good variety of parks in West Linn and they are a source of pride for the city. Maintaining them and encouraging the visitors to clean up after themselves at the facilities should be a priority.
266. I believe oversight of community facility BUILDINGS such as the Adult Center, Robinwood Community Center and the proposed Bolton Community Center should be separate from Parks & Recreation. P&R should only have to focus on programs and activities.
267. The Blue Heron outfall area would be the only area I would support in new park acquisition. It's not suited for much development due to the flood plain and traffic ingress/egress. It's a fantastic place to put a quiet boat launch for canoes/kayaks.
268. Midhill Park needs a pavilion/covered area!
269. We recently moved to West Linn and are enjoying all that the parks have to offer. Thank you for the opportunity to provide feedback.
270. Residents who do not use the parks should not be burdened with a Parks Maintenance Fee; there should be a Park User Fee instead. Also: West Linn does not need an Aquatic Center such as the model proposed years ago.
271. "I love the parks that offer toddler play spaces!!

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

272. We don't live in a neighborhood that has its own public pool so would have to travel out of the city for any sort of pool access, we love swimming so this is a major bummer for us!"
273. An ozone/saltwater pool instead of chlorine would be great. The cul de sacs are the worst! Awful urban planning & un-neighborly - connecting paths to walk/bike around WL more easily are needed. Encouraging Block Parties would strengthen neighborho
274. I love having lots of community parks within walking distance of many homes as well as the larger parks we all enjoy.
275. The City has a very good parks system and recreation program. In my opinion, the City does not need to increase taxes or SDCs to fund parks and recreation. It should work with the funding it already has.
276. continue to maintain Wilderness Park as is
277. "I would like to suggest that the trees be protected in the new pocket park on West A St.
278. There are valuable trees including Camila and a cherry tree that should be left standing.
279. The trees that cover the southside of the park should be left standing."
280. More financial help resources, it is spendy.
281. The trees and the rivers make our city special. More open space, nature and multiuse trails and better connectivity would be my priority.
282. Robinwood gets overlooked because we have good access to Mary S. Young. The new small park near Shady Hollow is O.K. but pBarking is a real problem. Could we please get the old fire station up to code so it can be used mostly in the rainy months.
283. We love living in West Linn. It's great for families and truly feels like we live in a community!
284. We need a community focal point! A pool/community center with good parking would fit this bill.
285. I think they do a great job of maintaining what we have. I do not support NEW park acquisition and development until we expand and complete what we have already started! ie: Riverwalk trail from Willamette Park to Arch Bridge with viewing points.
286. Lets concentrate on the North end Robinwood for a change instead of always on top of the hill or Wilamette . True we have Mary S, Young but no meeting place. How about renovating the old fire hall.
287. We love Mary S Young, birding in Maddox woods, playing Soccer at the field off Stafford...there are so many options. We are grateful for that and we LOVE the Old Time Fair!!! Thank you!
288. Thank you, thank you, thank you!
289. Keep up the good work! Don't let the vocal people get you down. This city has a ton to offer all the residents and the parks are awesome.
290. Why does everything have to involve increasing taxes. Let's use our money more wisely and stop the excess spending by overpaying contractors etc. Reduce salaries of city officials. It is time to do somethings without taxing people. It can be done
291. A pool in this community would be just wonderful.
292. Have lived here off and on since early '70s. So much better than any of the other locations; Other states, large and small cities, and a few places in other countries. A big supporter of West Linn's support of Re-creational activities & nature.
293. I love the parks and rec system in West Linn. It is one primary reason why we decided to move here 2 years ago. Unfortunately some of the facilities are poorly maintained, e.g. the picnic structures in outdoor parks. I also want more river access.
294. I grew up on Pete's Mountain and spent many years in Willamette more than 50 years ago. I would love to see your Parks & Rec programs more directed toward getting kids and adults outside in healthy pursuits like walking, running and biking.
295. Swimming center(s) please!
296. I support protection and enhancement of the Savannah Oaks area near the old Albertsons store.
297. I'd love to see a public pool or aquatic facility in our city!
298. The oppenlander field is horrible!

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

299. I love that parking is free, but it may be time to introduce paid parking during peak usages. It would help pay for improvements without necessarily having to raise taxes.
300. I don't know if you guys control it but I think we should stop developing land for houses, we have so many homes on the market here and it makes sense to create jobs but we're tearing down our environment to squeeze in a couple more houses.
301. Nope
302. No more sports fields. We are over saturated. Voters already said swim center was too expensive. Let's have more things people can walk/bike to and have police force take a more active role in ticketing off-leasers and late night littering partiers.
303. n/a
304. Put in sidewalks throughout so people can access all facilities safely
305. We really love West Linn and raising our family here. The only thing really missing is trails for walking/running/biking. This is a great family activity for which we have to go elsewhere. We love the short trail off Willamette Park. Please add more
306. I love that we have so many beautiful and accessible parks in WL. But, I don't see a need to acquire more. What I do see is a need for more community based recreation - a community center, ideally with a pool.
307. We have 2 small children and we love to frequent the parks. It blows me away how most often the parks are empty, no other people. We loved the summer passport program that went on a few summers ago...it made us get out and see all the wonderful parks
308. I would like to see more access for youth soccer in west linn. Also a swimming pool combined with an community center and not have to pay expensive fees at gyms.
309. Bike paths along the river that connect with other bike systems would be amazing to have.
310. Organized sports is healthy in this city through various leagues. What's missing is the ability for families to enjoy the beauty of West Linn on non-sports days to recreate and play safely while running into other community members.
311. We need more sport fields for youth sports - preferably turf fields
312. We need an indoor tennis facility.
313. It's not the reason I moved here but the reason I'm staying. My family has benefited by the abundance of park space in myriad ways. It is West Linn to me.
314. It seems to me that we have enough parks. But it rains a lot! So I think we need to make the parks we have updated for multi season use. I think a facility could be built and run by a private facility and not taxpayers.
315. We need more bike trails. Getting from Hwy 43 to the top of Rosemont Ridge is almost impossible without a car. Sidewalks and bike lanes need to be developed (not too steep) so all areas of West Linn are accessible to pedestrians and bicyclists.
316. See above! Also, it would be wonderful to be able to walk from Maddox Woods through Burnside Park up to the Walmart for shopping on a river trail. Hwy 43 is too dangerous to walk.
317. I would love to see the trail built between Willamette Park and the old OC bridge. This would be a nice way to connect these two communities and it is currently unsafe to ride, walk, or run beyond the end of Willamette Park toward OC.
318. Nothing in this survey about the library. That is a very important part of recreation in West Linn. Parking at the library is just terrible. I would favor buying the adjacent building (Polar) when it comes available, make it a community center wit
319. Please update the play structure area at sallie illahee!!!
320. I would like to see the sports fields get better funding and maintenance. Maybe even some lighted turf sports fields as the school fields are always booked full.
321. We didn't support the aquatics facility idea when it was on the ballot because it will bring in a lot of people who don't live here. Would love to see a private/club facility cater to this idea
322. You do an incredible job as a parks and recreation department. I take a lot of pride in my community and I am thrilled with the amount of parks and facilities we have available to us. Thank you!

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

323. "West Bridge Park- developed as a natural area, similar to Burnside park. No paving please!
324. Also, I'd like the city to consider the purchase of the property on Hood St between Holly and Key Bank for small pocket park, with benches and natural areas."
325. Indoor Aquatic center/ community gym like Mountain park.
326. Like I said I am still new to the community and just finding my way around...look forward to helping support the growth of the Parks and Rec department..
327. I'd love to see a pocket park or green space in place of the land-locked lot on Hood St. (between Key Bank and the new LifeBalance business on Holly St.); this would compliment Central Village, be visually attractive, & user friendly for neighborhood
328. Hoping to get a swimming pool/aquatic facility of some sort soon!
329. I would support a pocket park adjacent to Key Bank and near Market of Choice to replace the abandoned house in the Holly Street neighborhood
330. The need for an indoor swimming pool is pretty big. Also, just to reiterate additional river access for human powered craft, and additional unpaved trails.
331. Just to focus on efficiency
332. An aquatic park would be wonderful.
333. GIVE FIELD 1 AT WILLAMETTE BACK TO GIRLS SOFTBALL. THIS IS ABSOLUTELY UNACCEPTABLE. or, if you're going to take a field away from them, find them another field to replace it. We NEVER hear of P&R taking fields from the boys. Such BS.
334. The people at Parks & Rec are doing a very good job in providing opportunities for our community and in maintaining the current parks and facilities. More support for your endeavors would be welcome.
335. This sounds like - "we are going to spend more \$, where & what do you want it to be on?" Please don't spend more \$. There are plenty of parks/programs/activities already. Don't pursue POOL again!! Don't do projects that infringes on pers prop rights.
336. More bike trails as it reduces congestion.
337. Burnside Park should continue to be protected forever as a nature park for hiking and wildlife viewing only. The same goes for Wilderness Park, Maddax Woods, Camassia, and Goat Island. No chemicals or dogs.
338. Access to nature is necessary for both the mental and physical health of our community members. Please acquire more park space like Burnside Park and make sure it is left natural and unspoiled. No dogs, please. This is truly the gem of West Linn!
339. Actually, now that you mention it, a new multipurpose recreation or community center sounds like a great idea.
340. Thank you for conducting this survey.
341. I think the city does a really good job maintaining the parks we have!
342. Nope!
343. Best park system I have seen.
344. Please please please focus on a swimming facility for our city. It is crazy that we don't have one. We are losing revenue and residents to surrounding communities because families drive out of WL to use swimming facilities in neighboring towns.
345. What has been done so far is great but trail connectivity programs/agenda is excessive in light of other needs which should be higher priority. Those needs are an indoor swim and exercise center & the maintenance & upgrade to current great parks.
346. I have been happy with the parks and the services provided. Whenever I visit a park, it is clean and no trash in sight. It is a shame we do not have an indoor swimming pool for our children to easily learn to swim and enjoy water safely.
347. Love this community and the parks. We use them a lot as a family with sports and just by ourselves as a family outing. Love all the events in the Willamette area and all you folks do. Keep up the good work!!!
348. Love West Linn facilities. Great job!
349. I think the first step is making sure that we take care of what we already have and making improvements.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

350. There are several hundred children trying to learn how to play baseball/softball in ankle high grass. Using poorly maintained school district fields is undesirable.
351. I wish that the fields provided to both boys and girls were equal or that all had access to the same facilities. My daughter has always had her softball and soccer at hammerlee, which is a disgrace. 2 teams per field. Usually a mud pit. Disgracef
352. I would love to see more retail businesses come to West Linn, particularly in the Willamette Falls neighborhood. Right now, I travel to other communities to access shops and dining and would prefer to keep my money in my own community.
353. "Generally a good job.
354. Robinwood needs that old fire station brought to code so we can use it."
355. I've lived in the Robinwood area for 50 years. Some of my friends and neighbors have lived here longer than that. We helped build this city to the beautiful place it is today. The last few years it has been a nightmare. take care of bike path on hi43
356. You guys are doing great:)
357. Extend the new Willamette park trail to the Oregon City bridge
358. A rec center would be a major asset to West Linn. It's the only major thing missing.
359. INDOOR POOLS, TEEN OPPORTUNITIES, water recreation, bike paths
360. I would support an outdoor pool in Douglas park
361. More Sports feilds, more water access. We need to make West Linn a destination and not a place that you drive through to get somewhere.
362. West linn really needs a large multi-purpose/ rec center and indoor pool. This is a pool our high school swim team could use and the local families could enjoy. We would be willing to pay membership fees to have close access.
363. A community center and indoor pool is much needed in West linn. Something similar to the sw community center in Portland. Pool for year round use
364. We need a pool
365. City pool available to all residents not just a few lucky ones, a indoor or covered park like setting for rainy or hot days, morning classes for adults (zumba)
366. For parks, focus on specific high impact/differentiated features/activities: adventure at MSY, marina at Willamette Park, super trail on Willamette River. For Rec, community center for kids and adults with climbing walls, gyms, studios and pool
367. We desperately need a better spot for recreational soccer. Mary S. Young is too muddy and wet. Would also love to have a public pool. Perhaps we could partner with an organization like YMCA to bring a public pool/community center to our area.
368. West Linn has too many parks. Sell off the least used parks that aren't significant to the city's portfolio. Focus on parks that are significant and those that highlight our city's assets, ie, Willamette Falls, Willamette access, indoor swimming.
369. Creating more events like the scavenger hunt for letters offered by the library would be a great way to educate members of the community about what is available. Annual scavenger hunt w/2 prizes one main prize and one for amount of litter gathered.
370. I think its very important to continue to keep the costs of programs reasonable and to offer scholarships. There have been times through out the years where my children would have been home all summer had I not been able to get financial assistance.
371. Thank you
372. Access to parks by bike lanes! I would fully support a community recreation center with a pool.
373. West Linn has great parks, programs and facilities. More connectivity in trails and more multi-use trails would be great. An off-leash dog park would also be beneficial.
374. No more parks. We are unable to maintain what we have.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

375. There's A LOT of turf to maintain and many shrubs in parks are improperly pruned/cut back to within an inch of their lives. More horticultural and landscape architecture investments make sense so maintenance is simpler and lower cost (F'TES and H20).
376. I would love to see West Linn continue to be a great family community for all ages.
377. 1) old Bolton Fire Hall rennovated into a community center that provides space for stable renters & community events. 2) The lot at Holly St. and Hwy43 to be bought by the city, made into a pocket park with walking access only.
378. And lower the bill as well
379. West Linn is a wonderful place to live. Having moved here from a gated community in California, I feel that it has every chance to become THE most desirable area to live outside of Portland.
380. Keep up the good work atd minimum fee or tax cost
381.ruined a perfectly good, cheap, low maintenance open space with a grass field that sees very little use. Because a consultant said to do it.
382. Great variety of parks/natural spaces to frequent in West Linn. It's one of the things that makes this city special. Would like to have more benches for parents at some of the parks (e.g., Hammerle).
383. I would like to see the Old Bolton Fire Station be opened to the public for classes and meeting space so my friends and I have a place to have a book club in the evenings or art classes which I have wanted for years.
384. "I am happy with all the nature parks.
385. I don't know much about community programs so I didn't answer those questions.
386. I have a BIG complaint: Willamette Park has 60+ parking spaces for boats and trailers and about 7 spaces for picnicking & kayakers"
387. As mentioned before, when I say I support an aquatic center, I mean an Olympic-size pool - not a wave pool. I feel the \$ is worth a local place where people can swim, but not worth a huge Clackamas-style center. Thanks!
388. West Linn is a great place to live because of its unique character. There are still lots of green spaces, trees, and lovely parks. Let's keep it that way!
389. Thanks for everything!
390. Would love to see an off-leash dog area designed into the plan for connecting Willamette Park and West Bridge Park.
391. Lights at Fields Bridge to extend usable hours to help overcome shortage of playable fields
392. We need a good bike trail for families with lung kids a safe place to rid Abd an indoor aquatic center
393. I love the baseball fields at fields bridge park. So much better than any of the other fields we play at. Lights at fields bridge would be awesome.
394. There should be lights at the Fields Bridge ball parks, a flashing yellow by Fields Bridge as well, and the parking at both Fields Bridge and the Oppenheimer fields needs expansion.
395. As new development occurs along various corridors, such as Rosemont, it is important that new areas are set aside for parks / green space. Existing parks need maintenance. Additionally, the city should engage and recruit more community volunteers.
396. "Lights at Fields Bridge
397. - Traffic light - a flashing yellow light on Borland Rd/Willamette Falls Drive by Fields Bridge Park
398. - Revised parking scheme - enlarge and expand the parking lot at Fields Bridge to the West End of the Park"
399. No pool
400. Consider a pocket park at corner of Hwy 43 and Holly st.
401. If I could get the funding, I can show you the center I've designed
402. Yes, smaller communities offer swimming pools and it is disgraceful that a community as wealthy as West Linn does not offer something in this area, as well as indoor rec. center that is affordable for families.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

403. Very different venues and topography throughout the town require a varied outlook for each neighborhood. However, it is most important to control the development by keeping as many green spaces and parks as possible available and undeveloped.
404. N/A
405. Would like to see lights added at Fields Bridge baseball fields.
406. Please (please!!) put lights in at Fields Bridge.
407. Community Pool
408. Midhill Park needs more general maintenance.
409. Love the idea of walking/biking paths, nature walks perhaps even parks. Only concern is the vehicle traffic this could bring to the area.
410. whatever you do, please be mindful of the traffic impacts. we moved to our home because of the little amount of vehicle traffic and would hate to see that impacted. Thanks for asking!
411. I like the variety of play structures and waterspray features at the different parks. Plus having open grass areas allows for variety of uses. I think the maintenance is very good especially considering the amount of use.
412. Looking forward to Wilderness Park being returned to a natural state after construction. PLEASE finish the sidewalk giving a continuous safe walking/running path the entire length of Rosemont. It is so close, but the portion left is so dangerous.
413. Want to see see enhancements of west bridge with river trail connecting willamette park a priority
414. There is a strong divide between the 43 corridor and "the hill". We moved from the hill for increased access to the river, but we are finding the parks, roads, and buildings are not maintained as they are for those on the hill. Definite equity issues
415. Lights added to Field Bridges Park with more parking. Play structure at Openheimer Park.
416. More parks and outdoor spaces and less building where we could have open spaces!!!!
417. Improve fiscal accountability
418. We live in a fine community and are satisfied overall of the condition of city parks and recreation areas. We feel there are diverse opportunities for outdoor recreation. However, some of the parks could use a face-lift.
419. very tired of having to go to oregon city for swim lessons and pool time for kids. would love to have a west linn pool
420. I oppose any movement toward an aquatic facility!
421. The Parks Department does a great job with its limited staff. I would like to see the work continue and improve in the future.
422. The maintenance crews need to work more on invasive species in park natural areas, & plant smaller plants along landscaped paths so they remain open. They could even post signs so walkers could remove a little ivy or blackberry every day.
423. "1. Cooperation, coordination and utilization between the WL City Park and Recreation department and WL/Wilsonville School District.
424. 2. Bond issues to support the building of a Recreation Community Center complex to serve the Recreation needs of ."
425. We don't need more flowers or more parks or pools, until we can better upkeep and maintain what we have. Even city hall has a history of not keeping up the pond and landscaping around it.
426. We have two dogs, but one was attacked at a dog park. Would like to see an enclosed area we could go to throw a ball for them. We take them for walks/runs all the time, but would like to be able to let them run free without other dogs.
427. Stop expending this way and use our limited funds to fix the streets. My street looks like a street from 3rd world country. It is Hillhouse Drive where the city is only patching cracks and holes. It is terrible. Concentrate on what is important.

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

428. We enjoy walking from our house and walking by the parks and river. A walking path connecting the two parks (Willamette and Field's Bridge along the Tualatin/Willamette River would be nice, or a walking/biking path on Willamette Falls Drive.
429. We are very grateful for the long-standing commitment to parks and open spaces by city employees and citizen volunteers. Knowing nearly everyone calling West Linn home has a nearby park for play and so much more is a tremendous accomplishment.
430. Thank you for asking!
431. I think the city does a good job providing parks and recreation.
432. "Increasing multi-use trails along the rivers.
433. Solve the funding issues for a swim pool with partnership/Recreation Service District."
434. "Midhill Park needs some sort of shade area. During the summer, that park is way too hot to use during the day
435. hours. We need a covered area for parents/kids to get a break from the sun.
436. We would also love a splash pad for those hot months!"
437. Coordinate with surrounding cities for shared resources so that not all local cities are having to consider all these features listed here. And do remember that some parks are desired as is - not built up, but simply as a quite, natural, spot.
438. No
439. Daylighting Bernert Creek
440. Please daylight the creek in savanna oaks ... I think it's called Bernert creek ... it would be beautiful and add natural wildlife back into the system
441. We have a great P&R team!
442. I really think West Linn would benefit from a Family community center with all the major attractions, swimming pools, fitness areas, picnicking and hiking biking trails.
443. If a new dog park was added it would be really nice if it was an area where people could walk on trails with their dogs instead of an open field.
444. I live adjacent to Marylhurst Park and it is beautiful. I wasn't impressed at first, but it is constantly used, the noise of the playground doesn't bother us, dog owners are great about cleanup and it is so much better than we imagined.
445. We pay a tax of over \$11 on every water bill, why isn't this enough and why don't you send information about what you do with the collected monies in our bill.
446. Mary's young needs work on the railroad trail where there is a big washout - needs heavy equipment to fix!
447. I like the concept of the "mini-park" - there's one being put in close to my house so I am anxious to see how it turns out. I think neighborhood parks are a great idea in West Linn as a compliment to the larger parks and trails.
448. We moved here 17 years ago because there was access to parks and trails, especially Mary Young park, and the river and the town atmosphere, not suburban sprawl. We liked having several smaller locations for shops, churches, schools.
449. I enjoy the parks in West Linn to be in nature and to have some peace and serenity. I also like the walking and hiking trails. Rec activities are less important to me. Thank you.
450. I would attend events at Willamette Park if I was able to walk or ride a bike to it without having to walk or ride on Willamette Drive.
451. Get a bond or tax measure passed instead of adding to our water/sewer bill. Stop acquiring more land for parks when you can't maintain what we have without tax increases or adding to water/sewer
452. With a slightly higher percentage of households having dogs than children, I believe more parks with off-leash dog parks would be highly utilized, much appreciated, and would help bring neighbors together if located in a neighborhood park.
453. Please uncover Bernert Creek in the White Oak Savanna.
454. Please add small off-leash dog areas scattered in neighborhoods

Do you have any final thoughts you would like to share about parks and recreation in West Linn?

455. I love the trails, but without law enforcement commitment to patrol these areas, they have the potential to decrease the liveability of our community. I also believe that some stretches of waterfront should be left undeveloped for wildlife/habitat
456. West Linn needs a home base. Keep trying to forge relationships with companies or organizations to develop a community go-to place for all ages. Educate people about the sensitive environment we need to preserve and care for.
457. A multi use - lacrosse, soccer, etc... artificial turf field is needed. Baseball has several, how about one for the other sports!
458. Overall we have been very happy with West Lin parks and rec! The only thing we keep going out of town for is a place to swim.
459. The teenagers in WL need an indoor facility they can visit that has indoor recreational opportunities available to them. This population is significantly underserved in our city. We have voted for a city multipurpose recreation/community center. Thank U
460. I believe West Linn would benefit most from a trail along the Willamette River between the Willamette and Bolton neighborhoods.
461. Love our park system and Ken's oversight. Parks are well placed, designed, developed and maintained. Love our adult community center. Trail system shd be inter-connected. Capitalize on our river frontage for increased accessibility. Thanks!
462. The parks are both a blessing and a curse for residents whose homes neighbor the park. The Parks Department needs to address the needs of park neighbors for privacy and quality of life; both are diminished by park users."
463. The WL parks are wonderful--beautiful and well maintained.

Please tell us about yourself. Your responses help us ensure we are hearing from a broad representation of city residents.

Please indicate your gender.

1. Pansexual
2. I identify as a Pan
3. I'm pretty sure that "transgender" is not exclusive of being male or female.
4. I'm a walrus

Most people think of themselves as belonging to a particular ethnic or racial group. How do you identify yourself? (choose all that apply)

- If you prefer to self-identify, please do so here:
