Project Check-Ins: Youthline--Annamika offered an update on an email draft to help plan a conference. Liv asked whether the group had any thoughts about ideal target audiences for mental health issues. Caroline asked for clarification about people within the school or outside, and Liv mentioned that administrators could be involved. Summer asked for further clarification and Liv said they want to know who invite. Summer suggested school board leaders, Dr. Ludwig and the assistant superintendent, city councilors, and local representatives. Liv agreed. Summer asked about a time frame. Liv hopes to get all planning done by end of May. Summer asked Danielle when YAC ends, and Danielle was open to suggestions. It was agreed that June 2nd would be the last meeting since school ends on the 8th. In light of that, Summer asked for a planning document to be shared and invite sent out by next meeting.

Council Advisory Request: Since Jake and Nate are the main Council contacts, we hope to hear from them next meeting. Summer reported that the social media request got shot down again, and YAC was told to speak with Danielle about it. If Jake and Nate want to argue their case further, they can, but otherwise YAC will rely on City social media. Discussion on whether people under 17 will be allowed to take survey. Danielle will follow up to determine. Summer suggested YAC provides public comment asking for survey to be opened up. Madeline

volunteered to attend to provide comment, and Danielle suggested that YAC can send an email to provide public comment if that's easier. Danielle explained the process for written public comment and offered a follow-up email. Summer asked if everyone had a chance to look over survey, and all had.
