-
- A grid-based puzzle diagram. It consists of a collection of white squares arranged in a non-rectangular shape on a light gray background. A path of red dots is shown, connected by a dashed red line. The path starts at a yellow square located in the lower-middle part of the grid and winds through various squares, ending near the top-left. There are several other red dots scattered throughout the grid, some of which are not part of the main path.
