

CITY OF West Linn

Memorandum

Date: October 7, 2015

To: Planning Commissioners

From: John Boyd AICP, Planning Manager

Subject: 2015 TSP Update - Workshop

The purpose of this workshop is to allow the Planning Commission to better understand the process followed to update the existing Transportation System Plan. This involved the coordinated efforts of ODOT, City Staff and the consultant team. This core group facilitated discussions with Citizen Advisory Committees and Technical Advisory Committees to develop the product before you.

In addition, the regular updates were provided to the Planning Commission and City Council to check in and assure the project was meeting assigned tasks and moving forward in the right direction.

In the end, the Planning Commission will be asked to recommend to City Council to adopt the proposed changes to the Comprehensive Plan and Community Development Code found in Appendix "A" and to incorporate the updated TSP into the Comprehensive Plan. The public hearing is scheduled for October 21st before the Planning Commission and tentatively scheduled for December 14th before the City Council.
