Courtney,

Yes, I did receive the letter and have been working to find someone willing to volunteer. I'm going through a list of people I thought would be good but haven't had any takers so far. I'll keep trying.

Hi Courtney,

A representative from the West Linn Planning Commission, who is not yet determined, will attend the Mixed Use Transitional Zone Working Group. I anticipate that Commissioner Jim Farrell will be interested in attending, but this remains to be settled. Also, since I have been involved through the CCI, I may be attending during the first few sessions to bring the Working Group up to speed on the issues.

Thanks,

Gary Walvatne  
Chair  
West Linn Planning Commission

Hello Courtney,

I have had a nice phone call with John and he knows we will be happy and honored to sit on the Mixed Use Work Group. Our monthly meeting is this Friday and I asked that I be able to talk to the board as a whole to get those names. He thought that would be just fine. If this has changed, let me know.

Thanks,  
Noelle

Thanks John. Noelle is leaving us soon and not sure what address you sent it to as my work is where most main street correspondence comes to. We already discussed at a previous board meeting as I knew this was coming down the pipeline. I will be representing main street as I am the one that brought all of this to council's attention in the first place. However, I have a concern that the due date to let you know is today. I also sit on the EDC and we did not discuss anyone from the EDC also sitting on this committee. We had a meeting last week and we don't have another meeting until next month. I'm not sure if and who would want to also sit on this committee but I think to be fair, EDC should have been informed and be allowed to discuss who would be nominated before the "due date". I have cc'd the chair and John Morgan our city staff liaison and Richard Sakelik our council liaison. Perhaps we could get a nomination by end of day today via email from the EDC. I would hate for me to be the only representative on this committee when other EDC members feel this is an important issue once I brought it to their attention and EDC as a group wanted to see council move forward on this zoning issue.

Thanks

Hi Shannon,

The Mayor noted at the last CCI meeting you had not received a copy of the outreach letter and requested I send you a copy.

The letter was mailed to Noelle Brooks for the Main Street Group on October 5<sup>th</sup> and is attached as requested.

Thank you for your interest

John
