Courtney and John,

Rishi Bansal has volunteered for consideration for this working group. He does have some concerns about the time commitment which will be involved. I told him that he can raise that question with the city when he is interviewed or at some other appropriate time.

Rishi's email is bansal.rishi@gmail.com.

I am still looking for one more volunteer and, if successful, will pass along their name as soon as possible.

Courtney,

Yes, I did receive the letter and have been working to find someone willing to volunteer. I'm going through a list of people I thought would be good but haven't had any takers so far. I'll keep trying.

Good morning,

I am emailing you this morning to confirm that you received a letter from the City regarding a Mixed Used Transitional Zone Working Group. If this is the case, can you please confirm you did receive the letter and also provide the names of individuals you would like to nominate.

Please let me know if you have any questions.

Thanks,  
Courtney

Hello!

We are so excited to be a part of the Mixed Use Work Group. Thank you for extending the invitation. At Friday's Board meeting it was decided that Shannen Knight and Pauline Beatty would take seats on the panel, if it pleases all involved. I have copied them in here. They are both fantastic individuals and very active in our community. I know they will be a positive asset in moving the discussion forward in addressing the zoning needs surrounding our immediate area. They bring a unique perspective as they are not only neighbors within Historic Willamette, but have both been business owners as well.

Let me know if I can be of any further assistance.

Sincerely,  
Noelle Brooks

Hello Courtney,

I have had a nice phone call with John and he knows we will be happy and honored to sit on the Mixed Use Work Group. Our monthly meeting is this Friday and I asked that I be able to talk to the board as a whole to get those names. He thought that would be just fine. If this has changed, let me know.

Thanks,  
Noelle
