PUBLIC HEARING: 8TH AVENUE REZONE, PLN-18-02 (STAFF: DARREN WYSS)

Chair Walvatne opened the public hearing. He explained that this is a legislative hearing and that the Planning Commission's role in the legislative process is to make a recommendation to the Council. The testimony and arguments heard will be used by the Commission in making a recommendation to the City Council, which will hold a public hearing and come to a decision on these amendments at a later date. He then outlined the procedure for the hearing. After the preliminary legal matters, staff will make a presentation, the Commission will have an opportunity to ask questions, then the Commission will take public testimony on this matter. After the Commission asks any final questions of staff, the hearing will be closed, and the Commission will discuss the proposal and make a recommendation. Anyone wishing to speak must fill out a testimony form and give it to staff. All persons who wish to speak must be recognized by the Commission before speaking.

Mr. Olsen provided the preliminary legal matters.

The hearing then continued with a staff report presented by Darren Wyss, Associate Planner.

Ann Chay, Noelle Brooks and Chuck Little spoke in favor of the proposal; Shannen Knight, as a working group member provided some clarification on questions asked; and Susan McPhee questioned the impact on her property.

Chair Walvatne closed the hearing and the commission discussed the proposal.

ITEMS OF INTEREST FROM THE PLANNING COMMISSION

a. Training Needs - It was agreed to wait until the final commissioner has been appointed.

Mr. Boyd asked if there would be interest in a meeting between advisory board Chairs and Vice Chairs to discuss roles and responsibilities. Chair Walvatne noted he would be interested if it came about.

Chair Walvatne revisited the Park and Rec Advisory Board's request for a joint meeting. He stated the Planning Commission has already made their decision and recommendations. Vice Chair Mathews related the Planning Commission made a unanimous decision on what the Parks Master Plan Update should and should not contain. He would be willing to meet to review the red-lined version only, but doesn't believe new changes can be made without re-noticing and reopening the hearing. Commissioners Farrell and Pellett are in agreement. Commissioner Metlen expressed concern with ongoing communication issues. Mr. Boyd will relay the commissioner's comments to staff.

Commissioner Pellett would like to further discuss "First Floor". Mr. Boyd explained the process for bringing code issues up for discussion, but noted the particular issue of "First Floor" could not be up for discussion until the appeal of the request for an interpretation is completed.
