RE: 1220 9th Street Pre-Application Conferences

Dear Betty:

In response to your email of Jan. 20, 2022, we are submitting this letter and the attached information to assist with the determination of the legal status of the two lots that make up Tax Lot 300, Map 31E02AC. As you note in your email, the West Linn Community Development Code states that a legal lot is one which meets one of the following criteria:

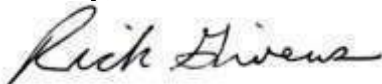

1. A lot in an existing, duly recorded subdivision;
2. A parcel in an existing, duly recorded major or minor land partition;
3. An existing unit of land for which a survey has been duly filed which conformed to all applicable regulations at the time of filing; or
4. Any unit of land created prior to zoning and partitioning regulations by deed or metes and bounds description, and recorded with the County Clerk.

In the case of the subject property, Tax Lot 300 is comprised of two lots that were created in 1908 by the Willamette and Tualatin Tracts subdivision (attached) recorded in 1908. The two lots are identified on that plat as Tracts C and D of Block 21. Criterion 1 is met.

We are attaching a copy of the current deed as well as the previous one recorded in 1960. According to research by First American Title Company of Oregon, these are the only two deeds currently on record at the County Recorder's Office. Please note that both deeds refer to Tracts C and D as the legal description for the property.

Under the provisions of ORS 92.234, a replat is the only method for revising a recorded subdivision plat. According to Clackamas County Surveyor's Office records, no such replat that would affect the subject property has ever been recorded. For these reasons, we conclude that the subject Tracts C and D meet the CDC criteria for legal lot status.

Sincerely,

Rick Givens
CC: Darren Gusdorf
