

Memorandum

Date: February 29, 2024

To: Planning Commission

From: Darren Wyss, Planning Manager

Subject: Topics for March 18, 2024, Joint Meeting with Council

At its March 6, 2024, meeting the Planning Commission will discuss the upcoming joint meeting with City Council, scheduled for March 18, 2024. At the joint meeting, Planning staff will be presenting on the Code Concepts that have been previously discussed with City Council and the Planning Commission and requesting direction on whether to pursue any of the concepts by placing and prioritizing them on the Planning Docket. Planning staff will also be looking for initial feedback on implementation of the Climate Friendly and Equitable Communities (CFEC) implementation, specifically on whether to remove parking mandates for the entire City.

Planning staff previously briefed the Planning Commission on the Code Concepts and CFEC implementation in November 2023. Links to the materials are found below.

[Code Concepts Memo to Planning Commission – November 2023](#)

[CFEC Implementation Memo to Planning Commission – November 2023](#)

The goal of the March 6th meeting will be for the Planning Commission to identify any other land use planning topics/issues to discuss with City Council for consideration of placing on the [Planning Docket](#).

If you have questions about the meeting or materials, please feel free to email or call me at dwyss@westlinnoregon.gov or 503-742-6064. As always, please submit questions before the meeting to increase the efficiency and effectiveness of the discussion as it allows staff to prepare materials and distribute them for your consideration. Thanks, and hope to see everyone at the meeting.
