(This information will not be made public.)

Community Development Code (CDC) 98.030 requires that Comprehensive Plan, CDC and zoning map amendments to be undertaken in a given year be listed on a docket approved by the City Council. Other planning and historic preservation related plans and studies will also be considered through the docking process.

Proposing amendments and projects. Anyone may request a Comprehensive Plan, CDC or zoning map amendment or a planning or historic preservation related project on this form.

Planning Commission review. Each year (tentatively in November), staff will present the proposed projects to the Planning Commission which will review and prioritize the proposed projects.

City Council review and action. The City Council will set the docket each year after considering the proposed project list.

The information provided in response to following questions will be shared with the Planning Commission and City Council before the Council decides whether to add the proposed project to the docket and, if so, its priority.

What do you propose? *(Please be as specific as possible.)*

Why is the proposed change or project needed or desired?

Is there anything else the City Council should know before making the decision regarding this request? *(Additional information may be attached.)*
