WEST LINN PLANNING COMMISSION

FINAL DECISION AND ORDER

ANX 16-02

IN THE MATTER OF A PROPOSAL TO ANNEX 3.55 ACRES OF REAL PROPERTY AT 3015 AND 3001 PARKER ROAD

I. Overview

At its meeting of December 12, 2016, the West Linn City Council ("Council") opened the public hearing, unanimously approved a motion to continue the hearing to January 9, 2017, and directed staff to increase the notice area for the January 9, 2017, meeting to properties within 500 feet of the subject property. On January 9, 2017, the Council held a public hearing to consider the request by Noell and Carol Price to annex 3.55 acres of real property at 3015 and 3001 Parker Road. The approval criteria for annexation land use application are found in Chapter 81, Boundary Changes, of the Community Development Code ("CDC"). The hearing was conducted pursuant to the provisions of CDC Chapter 99.

The hearing commenced with a staff report presented by Jennifer Arnold. The applicant presented, and then public testimony was received at the hearing. The hearing was then closed and a motion was made and seconded to approve the application with a zoning designation of R-10. The motion passed.

II. The Record

The record was finalized at the January 9, 2017, hearing. The record includes the entire file from ANX 16-02.

III. Findings of Fact

- 1) The Overview set forth above is true and correct.
- 2) The applicants are Noell and Carol Price.
- 3) The Council finds that it has received all information necessary to make a decision based on the Staff Report and attached findings; public comment, if any; and the evidence in the whole record, including any exhibits received at the hearing.

IV. Findings

The Council adopts the Staff Report for December 12, 2016, with attachments, including specifically the Addendum, as its findings, which are incorporated by this reference. The Council concludes that all of the required approval criteria of Community Development Code, Chapter 81, which refers to the Metro Code, West Linn Municipal Code, and Oregon Revised

Statutes are met. The Council also found the R-10 zoning designation was most consistent with the surrounding area.

In support of the Council's decision to designate the property as R-10, Finding 5 of the Staff Report is to be replaced with the following new finding:

Metro 3.09.045

- D. To approve a boundary change through an expedited process, the city shall:*
- 1. Find that the change is consistent with expressly applicable provisions in:*
 - a. Any applicable urban service agreement adopted pursuant to ORS 195.065;*
 - b. Any applicable annexation plan adopted pursuant to ORS 195.205;*
 - c. Any applicable cooperative planning agreement adopted pursuant to ORS 195.020(2) between the affected entity and a necessary party;*
 - d. Any applicable public facility plan adopted pursuant to a statewide planning goal on public facilities and services;*
 - e. Any applicable comprehensive plan;*
 - f. Any applicable concept plan; and*
 - 2. Consider whether the boundary change would:*
 - a. Promote the timely, orderly and economic provision of public facilities and services;*
 - b. Affect the quality and quantity of urban services; and*
 - c. Eliminate or avoid unnecessary duplication of facilities or services.*
- E. A city may not annex territory that lies outside the UGB, except it may annex a lot or parcel that lies partially within and partially outside the UGB.*

The City's Comprehensive Plan contemplates annexation of this property to the City and designates it as Low Density Residential. An R-10 zoning designation is consistent with the City's Comprehensive Plan. It is consistent with Policy 7 in Goal 2: Land Use Planning that calls for low density residential zoning on lands with limited capacity for development because of existing services and development limitations due to topography, soil characteristics, drainage, high water table, and flooding. This property has a moderate slope which poses no development limitations. All City utilities are adjacent to the property. It is also consistent with Goal 10: Housing and Policy 2 for providing the opportunity for development of various housing types, including single family homes. The R-10 zone provides for single family detached residences. In the Council's deliberation, there was discussion over the zoning map for this area. The Council determined the zoning of R-10 is most consistent with adjacent properties inside the city limits. The Council also

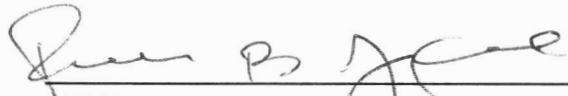

found that the initial designation of the R-10 zone would not preclude a zone change in the future after neighboring properties are annexed or when a development proposal is presented at a later date.

Regarding subsection (D) (2) staff finds that annexing the property and subsequent development will provide the City with frontage improvements on Ridge Lane. Regarding unnecessary duplication of facilities or services, by annexing the property, it would eliminate the need for Clackamas County Sheriff's officers having to respond to properties well within the City limits.

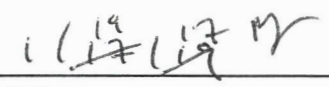

Regarding subsection (E) staff finds that the property lies within the Metro Urban Growth Boundary. The criteria are met

V. Order

The Council concludes that ANX 16-02 is approved based on the Record, Findings of Fact and Findings above.

RUSSELL AXELROD, MAYOR
WEST LINN CITY COUNCIL
