RE: Request for extension of land use approval in MIP-18-06/DR-18-06

Mr. Floyd,

On June 17, 2019 I received approval for the above-referenced City of West Linn land use file. Development has been underway since the approval, however, with the significant planning changes under development pursuant to House Bill 2001 I am requesting an extension of the expiration date of MIP-18-06/DR-18-06 in order to fully understand the impact of the upcoming changes as they relate to the development of my site.

Pursuant to City of West Linn Community Development Code (CDC), my current approval expires on July 2, 2022. Per CDC 99.325(A): A. An extension may be granted by the original decision-making body by an additional two years from the effective date of approval pertaining to applications listed in CDC 99.060(A), (B), (C), (D) or (E), as applicable, upon finding that:

1. The applicant has demonstrated that the application is in conformance with applicable CDC provisions and relevant approval criteria enacted since the application was initially approved; and
2. There are no demonstrated material misrepresentations, errors, omissions, or changes in facts that directly impact the project, including, but not limited to, existing conditions, traffic, street alignment and drainage; or
3. The applicant has modified the approved plans to conform with current approval criteria and remedied any inconsistency with subsection (A)(2) of this section, in conformance with any applicable limits on modifications to approvals established by the CDC.

In response to the items above I confirm the following information:

- Item 1 above, I intend to move forward with the development of the site pursuant to the original approval. No modifications are requested.
- Item 2 above, there are no material misrepresentations, errors, omissions, or changes in facts that directly impact the development of the site.
- Item 3 above, no such conditions exist and therefore no modifications have been made.

Sincerely,
