APPROVAL CRITERIA AND FINDINGS
MISC-23-03**

This decision adopts the findings for approval contained within the applicant's submittal, with the following exceptions and additions:

Chapter 19

GENERAL COMMERCIAL, GC

19.050 USES AND DEVELOPMENT PERMITTED UNDER PRESCRIBED CONDITIONS

The following uses are allowed in this zone under prescribed conditions:

- 5. Temporary use, subject to the provisions of Chapter [35](#) CDC.*

Staff Finding 1: This applicant has applied for a temporary use permit under the provisions of CDC Chapter 35. Please see Staff Findings 3 to 9 for compliance with the prescribed conditions. The criteria is met.

19.070 DIMENSIONAL REQUIREMENTS, USES PERMITTED OUTRIGHT AND USES PERMITTED UNDER PRESCRIBED CONDITIONS

A. Except as may be otherwise provided by the provisions of this code, the following are the requirements for uses within this zone:

- 1. The minimum front lot line length or the minimum lot width at the front lot line shall be 35 feet.*
- 2. The average minimum lot width shall be 50 feet.*
- 3. The average minimum lot depth shall not be less than 90 feet.*

(...)

- 5. The maximum lot coverage shall be 50 percent, except as provided in CDC [58.090\(C\)\(1\)\(d\)](#).*
- 6. The maximum building height shall be two and one-half stories or 35 feet for any structure located within 50 feet of a low or medium density residential zone, and three and one-half stories or 45 feet for any structure located 50 feet or more from a low or medium density residential zone.*
- 7. For lot lines that abut an arterial, there shall be no minimum yard dimensions or minimum building setback area, and the maximum building setback shall be 20 feet. The front setback area between the street and the building line shall consist of landscaping or a combination of non-vehicular hardscape areas (covered with impervious surfaces) and landscaped areas. If there are not street trees within the public right-of-way, the front setback area shall include such trees per the requirements of the City Arborist.*

Staff Finding 2: The parent property, owned by ROIC Oregon, LLC, exceeds the required dimensional standards for its zoning designation, General Commercial. The maximum 50 percent lot coverage is not compromised by the 20' X 40' temporary tent. The landscaping transitions and setbacks along Salamo Road are met by the existing development setbacks and landscaping. The criteria is met.

35.030 TEMPORARY USE STANDARDS

A. *Temporary uses shall be approved if they meet the following standards:*

1. *Sites accommodating a temporary use shall be appropriate for the proposed use, as determined by the approval authority with consideration of the following:*

a. *The proposed site shall have adequate parking and circulation space consistent with Chapter [46](#) CDC, Off-Street Parking, Loading and Reservoir Areas; safe ingress and egress consistent with Chapter [48](#) CDC, Access, Egress and Circulation; and adequate line of sight and vision clearance per Chapter [42](#) CDC, Clear Vision Areas.*

Staff Finding 3: The parking lot and circulation area comprise 93,500 square feet and include 240 parking spaces. Staff finds this area is large enough for safe ingress/egress and vehicular circulation. There is sufficient parking for the temporary use. Staff finds that many of the temporary use customers will be shopping at other stores in this shopping center so a reduction in total parking demand by cross-patronage is expected per 46.080(A). The proposed location of the temporary use will not compromise the lines of sight or clear vision areas. The criteria is met.

a. *The proposed site shall have a paved or graveled surface sufficient to avoid dust generation and mud tracking from anticipated traffic or erosion control measures, consistent with Clackamas County Erosion Prevention and Sediment Control Planning and Design Manual, rev. 2008, and shall be used to keep any mud, sediment and dust on site.*

Staff Finding 4: The parking lot is paved. The criteria is met.

b. *The proposed use shall conform to all applicable requirements of Chapter [27](#) CDC, Flood Management Areas; Chapter [28](#) CDC, Willamette and Tualatin River Protection; Chapter [32](#) CDC, Water Resource Area Protection; and other City regulations.*

Staff Finding 5: The proposed use is not in a flood management area; not within the Willamette or Tualatin River Protection Area; nor within a Water Resource Area, environmental zone or hazard area; therefore, this criterion does not apply.

c. *The proposed temporary use shall not be materially detrimental to the public welfare, or injurious to the property or improvements in the immediate vicinity.*

Staff Finding 6: The State Fire Marshall and Tualatin Valley Fire & Rescue have approved the temporary use. On that basis, the use is not expected to be detrimental to public welfare or injurious to the property. The tent canopy is made of flame-resistant fabric or material approved by the State Fire Marshall for such use. The criteria is met.

2. *The approval authority may require that structures and trailers allowed as temporary uses for more than 60 days be screened from the view of occupants of any abutting residential*

and commercial structures, consistent with Chapter [44](#) CDC, unless the applicant demonstrates that such screening is not needed.

Staff Finding 7: The temporary use is housed within a tent and will not be up for more than 60 days. There is no need for screening of this use. The criteria is met.

3. Drop boxes, trailers, or structures that serve a similar function are allowed, consistent with subsection A of this section, for registered nonprofit, religious or benevolent groups, orders or associations, when they are proposed to be located in General Commercial, Office Business Center, Campus Industrial, General Industrial, or Neighborhood Commercial districts. Drop boxes and structures serving a similar function, not including trailers, shall not exceed seven feet in height or have a footprint of more than 25 square feet on a single site. Their color shall be limited to earth tones.

Staff Finding 8: The applicant does not propose any drop boxes. The criteria does not apply.

4. The property owner has authorized the proposed temporary use in writing.

Staff Finding 9: The applicant has provided a letter of authorization from the property owner allowing for the temporary retail sale of fireworks during the proposed dates of sales. The criteria is met.

25. LICENSOR'S SELF HELP. If Licensee at any time fails to perform any of its obligations under this Agreement in a manner reasonably satisfactory to Licensor, Licensor shall have the right, but not the obligation, upon giving Licensee at least ten (10) days' prior written notice of its election to do so (in the event of an emergency, no prior notice shall be required), to perform such obligations on behalf of and for the account of Licensee and to take all such action necessary to perform such obligations without liability to Licensee for any loss or damage which may result to Licensee's stock or business.
