

## Memorandum

Date: May 5, 2010

To: Chris Jordan, City Manager

From: Chris Kerr, Senior Planner

Subject: Amended Resolution 2010-19; Residential Infill/PUD Task Force

---

Based in the request made by the of the Council at their May 3<sup>rd</sup> Worksession, Staff has modified the proposed Resolution which authorizes the Planning Commission to appoint a subcommittee tasked with assisting the Planning Commission with upcoming code amendments.

The proposed modifications address two Council requests:

- (1) The subcommittee should, if possible, include a member of the Historic Preservation Board, and
- (2) In the event that finding seven volunteers for the subcommittee is problematic, the Resolution should allow for a five member subcommittee.

Attached is a strike-out/underline version that identifies the Staff changes to the document as well as a 'clean' version that includes the changes.
