Subject: West Linn Police 2022 Annual Complaint Review pursuant to OAA 1.7.1(j)

I have completed the West Linn Police Department’s 2022 annual complaint review, pursuant to OAA 1.7.1(j). During the calendar year of 2022, the West Linn Police Department received and investigated a total of five complaints. All five complaints were citizen-generated complaints. Seven West Linn Police employees were involved in the five complaints. There were some cases in which multiple West Linn police employees were involved in the same incident that generated the complaint and the alleged behavior might have been attributed to all employees involved.

Below is a summary table of all five complaints, including the internal WLPD complaint number, date received, demographic information, complaint status and disposition with disposition date:

DATE	COMPLAINT NO.	SEX	RACE	AGE	CLOSED/OPEN	DISPOSITION	DATE
3/07/2022	2022-1-COM	Male	White	Unk.	CLOSED	ADMINISTRATIVELY CLOSED	4/12/2022
3/31/2022	2022-2-COM	Male	White	61	CLOSED	SUSTAINED	7/19/2021
5/06/2021	2022-3-COM	Male	White	46	CLOSED	EXONERATED	7/26/2022
5/03/2022	2022-4-COM	Male	White	36	CLOSED	EXONERATED	2/16/2023
8/11/2022	2022-5-COM	Male	Hispanic	35	CLOSED	NOT SUSTAINED	2/16/2023

In each complaint case in which a final disposition was determined, the complainant was notified of the disposition by Chief Peter Mahuna through certified letter.

It is important to note that the ADMINISTRATIVELY CLOSED disposition is reserved for those complaints in which after thorough and complete initial investigation no specific behavior from the officer can be identified, that even if true, would result in a policy violation. This disposition can also be used for a complaint in which the complainant refuses to cooperate with the complaint investigation.
