# TRANSPORTATION ADVISORY BOARD MEETING Summary Notes

Thursday, July 22, 2021

6:00 pm – West Linn City Hall – Bolton Conference Room

---

**Members Present:** Kim Bria, Andrew Mallory, Greg DiLoreto, Christopher Groshko, Kevin Bonnington

**Members Absent:** Rich Faith, Evan Garich

**Staff Present:** Lance Calvert

**Guests in Attendance:** Mary Baumgardner – City Council Rep, Jerry Gabrielatos – City Manager

## 1. Call to Order and Introductions

Called to order by Greg at 6:00pm

## 2. Review and approval of June 2021 Summary Notes

Kevin Bonnington was in attendance and the summary notes need to be changed to reflect that. Kim motioned to approve, Christopher seconded. Unanimous approval.

## 3. Business:

a) Review of 2021 City Council Goals

Staff reviewed with the Transportation Advisory Board the goals of the City Council and discussed which of the goals are applicable to the board. The Transportation Advisory Board discussed which goals that pertain to the board and how they can pursue accomplishing them.

b) Review & Discussion of TAB 2020 Annual Report/Goals to Council

Staff and the board discussed and reviewed their 2020 goals given to City Council.

## 4. Capital & GO Bond Projects Update

Staff is continuing to work on the Willamette Falls Drive project between 10<sup>th</sup> and 16<sup>th</sup>. They are continuing to work with utilities to get the power poles taken out.

Staff received a bid approval award for the annual road program for this summer. Staff will be speaking with the Robinwood NA on 8/10 and discussing details of some of the improvements happening down in that area.

The 10<sup>th</sup> Street corridor: Staff just received 60% plans from the consultant that they are starting to review. Staff is still working to get the roundabout approved with ODOT as it impacts the interchange. The roundabout has to go through the Mobility Advisory Committee and staff is still trying to get on their agenda. Staff hopes to start construction next year. Staff is also talking with the consultant to separate out the undergrounding of utilities along the frontage area close to the Youth Music Project. The cost estimates for this project have increased. There was around \$4M of GO Bond earmarked for the project as well as other funds coming from utility portions and the road fund. Staff anticipated having enough money to complete the project coming from those earmarked funds. The 30% plans has a cost estimate of \$5.1M. The 60% plan has a cost estimate of \$7.2M as a result of the price increases we are seeing because of the impact COVID has had on the supply and demand of products. Staff is hoping to get the cost down without negatively impacting the project before it goes out to bid.

**5. Board/Discussion/Announcements**

None

**6. Public Comments**

None

**7. Adjournment**

Greg adjourned the meeting at 7:55PM
