REQUEST FOR TRAFFIC CONTROL INVESTIGATION/IMPROVEMENT

TODAY'S DATE: 5/2/2024 DATE PROBLEM NOTED: Years leading up to today

APPLICANT'S NAME: [Redacted] TIME OF DAY: Daytime AM/PM

ADDRESS: [Redacted] CONTRIBUTING FACTORS: [CHECK ONE]:

- Weather
- Hedges/Trees
- Others Narrow driving lane without shoulders
- Road Surface Condition
- Street Lighting

TELEPHONE: (H) [Redacted]
(W) _____

LOCATION OF PROBLEM: The section of Landis Street that begins at the intersection with Stonegate Lane and travels south around the bend is particularly narrow as there are no shoulders. When cars park along both sides of the street it reduces traffic to one lane. Many children are present in the neighborhood and the blind curve makes the situation significantly dangerous.

REQUEST: Paint yellow (NO PARKING) along the East curbline where Stonegate Lane and Landis Street intersect. Continue South with the painted curbline until the sidewalk begins at the lamp pole. This section of curb is along a natural stone retaining wall.

REASON REQUESTED The families in this area are in fear that either one of their children or fellow resident will be struck by cars attempting to navigate the chokepoint. Preventing cars from parking along this side of the street is felt to be a reasonable step toward ensuring the safety of those in the neighborhood.

ADDITIONAL COMMENTS: I am the President of the Tanners Stonegate HOA and submitting this request on behalf of the members of the association. Please see the included photos for illustration of the proposal.
The association email is: tannersstonegate@gmail.com

Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.
