

REQUEST FOR TRAFFIC CONTROL INVESTIGATION/IMPROVEMENT

TODAY'S DATE: October 8, 2024 DATE PROBLEM NOTED: 6/1/2024

APPLICANT'S NAME: [REDACTED] TIME OF DAY: All day AM/PM

ADDRESS: [REDACTED] CONTRIBUTING FACTORS: [CHECK ONE]:

- Weather
- Hedges/Trees
- (0) Road Surface Condition
- (0) Street Lighting
- (0) Others

TELEPHONE: (H) [REDACTED]

(W) _____

LOCATION OF PROBLEM: Gate between Dollar & Brandon extension (school side of Brandon)

REQUEST: Put in barriers in on either side of the sidewalk to prevent cars from using the sidewalk to bypass the gate

REASON REQUESTED On a daily basis, a handful of cars use the sidewalk next to the gate to bypass the gate on Brandon so they don't have to go up Willamette; this is not just due to construction on Willamette as it even happens even when traffic is flowing normally

ADDITIONAL COMMENTS: Would also like signage to added to keep people parking in front of either side of the gate once construction is finished (this may already be the plan, but just thought I'd note it)

Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.
