**REQUEST FOR TRAFFIC CONTROL INVESTIGATION/IMPROVEMENT**

TODAY'S DATE: 02/22/2024 DATE PROBLEM NOTED: 02/19/2024

APPLICANT'S NAME: [REDACTED] TIME OF DAY: 4:00 PM AM/PM

ADDRESS: [REDACTED] CONTRIBUTING FACTORS: [CHECK ONE]:

TELEPHONE: (H) [REDACTED] (W) \_\_\_\_\_  
 Weather  Road Surface Condition  
 Hedges/Trees  Street Lighting  
 Others Street Parking and new median

LOCATION OF PROBLEM: Killarney Drive, between my home and two newly constructed houses.

REQUEST: Please mark the street adjacent to the new media as " no parking."

REASON REQUESTED Street parking was not an issue with the previous median because no one parked adjacent to the median. Since construction began there is now regular street parking on Killarney in front of the new houses. With the new median, a car cannot safely drive past the median when a car (larger vehicle) is parked adjacent to the median.

ADDITIONAL COMMENTS: The two large houses squeeze onto a single lot has and will significantly increase traffic in front of my home. The median helps reduce speeds, but restricting parking adjacent to the median is necessary due to the blind corner just uphill from the median.

*Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.*
