

## TRAFFIC SAFETY COMMITTEE FOLLOW UP AND RECOMMENDATIONS

Wednesday September 24<sup>th</sup>, 2025, Meeting

TC-25-13 – Ka-La Baty requests additional 25MPH signage and painted on driving surfaces on Skyline Dr. above WLHS.

**Discussion:** The requesting resident would like the installation of additional signage to deter drivers from speeding.

**Response:** A traffic study can be conducted to capture an accurate representation of speeds in the area and vegetation can be trimmed to increase visibility of existing signage.

**Reports/Staff action:** A traffic study was completed. Staff trimmed the vegetation around signage, and this location will be added to the portable flashing speed sign. Staff will also paint the MPH using Premark in both lanes of traffic, weather dependent.

### **TSC RECOMMENDATIONS:**

The Traffic Safety Committee does not recommend any further action be taken.
