REQUEST FOR TRAFFIC CONTROL INVESTIGATION/IMPROVEMENT

TODAY'S DATE: 08/01/2025 (Original written request submitted on this date.) DATE PROBLEM NOTED: Called mid-July 2025 and left 2 voicemails. No return call.

APPLICANT'S NAME: [REDACTED] TIME OF DAY: (Today is 8/11/25 4:15pm) AM/PM

ADDRESS: [REDACTED] CONTRIBUTING FACTORS: (CHECK ONE):

() Weather () Road Surface Condition
() Hedges/Trees () Street Lighting
(X) Others One-way curved residential road - needs convex mirror

TELEPHONE: (H) [REDACTED]
(W) [REDACTED]

LOCATION OF PROBLEM: Curve in Fairhaven Drive (on one-way street leading down to 4 residential homes, including mine [REDACTED] irhaven Drive. 2 of the 4 homes are currently for sale.)

REQUEST: URGENT request for 2 sided convex mirror to be placed to allow for inward and outward traffic to have visibility to what's coming on the other side of the tight curve.

REASON REQUESTED Safety!!! There have been several instances where cars have almost had head-on collisions and most importantly, where children have been riding bikes or scooters and have almost been hit from a vehicle coming the opposite direction. This became URGENT more than a months ago with current residents, but now due to half the homes being "for sale" with increased traffic with people unfamiliar with the road.

ADDITIONAL COMMENTS: Please help ASAP!

Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.
