LOCATION OF PROBLEM: Intersection of Hidden Springs Road and Carriage Way

REQUEST: Add pedestrian crossing markings from Palomino Trailhead to other side of Hidden Springs Road.

Add Stop sign on Hidden Springs Road to allow for safer pedestrian crossing.

REASON REQUESTED This interesection has limited visibility in both directions when turning onto Hidden Springs from Carriage Way.

Drivers consistently exceed the posted 25 mph speed limit making it dangerous for hikers to cross the road.

Drivers must brake hard coming around the corner when others stop for pedestrians. We see this daily.

ADDITIONAL COMMENTS: I think it would only take cross-walk striping and installing a stop sign with no hard construction.

We have had multiple vehicles oversteer onto our property, incuding one serious accident that downed a tree.
