LOCATION OF PROBLEM: Hidden Springs Road between Santa Anita Drive and Bluegrass Way

REQUEST: Stripe bike lanes on both sides of this section of Hidden Springs Road.

REASON REQUESTED 1) This project is in the city's Transportation System Plan.

2) The existing vehicle lanes are approximately 20 feet wide and encourage speeding.

3) These bike lanes would connect to existing bike lanes on Hidden Springs Road and Santa Anita Drive. As well as make connections to local streets like Carriage Way and Bluegrass Way.

ADDITIONAL COMMENTS: This section of Hidden Springs Road was recently repaved and it is disappointing to see the city miss these opportunities to implement TSP projects and improve safety.

Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.
