TC-_____
REQUEST FOR TRAFFIC CONTROL INVESTIGATION/IMPROVEMENT

TODAY'S DATE: JUN 11 2024 DATE PROBLEM NOTED: June 2024
 APPLICANT'S NAME: _____ TIME OF DAY: all day AM/PM
 ADDRESS: _____ CONTRIBUTING FACTORS: (CHECK ONE)
 TELEPHONE: (H) _____ () Weather () Road Surface Condition
 (W) _____ () Medians/Trees () Street Lighting
 () Others: roundabout traffic

 LOCATION OF PROBLEM: Intersection of 5th Ave and 10th St

 REQUEST: Requesting a stop sign and/or speed bumps added on 5th Ave in Willamette on the strip between Willamette Primary and 10th street intersection

 REASON REQUESTED: On-going safety concerns - this area has a high number of families with young children and a primary school one block away. This street is used as an alternative route to bypass the congestion at the roundabout, and has increased traffic volume, speeding, and distracted driving. Further, the 5th Ave/10th St intersection is a red corner.

Due to limited space (width, height, and area), and if necessary, drawings and diagrams can be included on the back of this form. Please include a scale and orientation of each drawing to the site.

The combination of speeding traffic, limited pedestrian infrastructure, and presence of children coming and leaving school creates a significant safety risk.

ADDITIONAL COMMENTS: We respectfully ask West Linn Public Works Department to evaluate this area and consider installing a stop sign and speed reduction measures to protect the community. Numerous families have raised concerns over the years and traffic volume continues to increase along with the speed and distracted drivers. Please help protect our children and our community.

Thank you for completing this informational form. Your input is an important part of analyzing the above described problem. City Staff will review your request and conduct the necessary investigations. Please use the back of this form for a sketch or diagram as appropriate.
