 ( ) Hedges/Trees ( ) Street Lighting

 TELEPHONE: (H) \_\_\_\_\_

LOCATION OF PROBLEM: Intersection of 5th Avenue & 10th Street

REQUEST: Requesting a stop sign and/or speed bumps added on 5th Ave in Willamette on the strip between Willamette Primary and 10th street intersection

REASON REQUESTED Ongoing safety concerns - this area has a high number of families with young children and a primary school one block away. This street is used as an alternative route to bypass the congestion at the roundabout, and has increased traffic volumes, speeding, and distracted driving. Further, the 5th Ave/10th St intersection is a nd corner  
due to limited house setbacks, vegetation, utility poles, and hill approach. Sidewalks are incomplete and do not provide continuous pedestrian access, requiring children and pedestrians to walk on or near the road often.  
The combination of speeding traffic, limited pedestrian infrastructure, and presence of children coming and leaving school create a significant safety risk.

ADDITIONAL COMMENTS: We respectfully ask West Linn Public Works Department to evaluate this area and consider installing a stop sign and speed reduction measures to protect the community. Numerous families have raised concerns over the years and traffic volume continues to increase along with the speed and distracted drivers. Please help protect our children and our community.
