Hello,

We our residence [REDACTED] in West linn. Although we don't live at the intersection of 5th and 10th St., we are daily walkers and weekly, We observe the increased traffic of people trying to cut through the neighborhood to avoid the new Willamette roundabout. These folks are speeding on already narrow streets, where there are many children. We should not have to have one of our kids become a statistic or property be damaged because of those driving in a hazardous fashion through our neighborhoods. I am asking that a four-way stop be put in and or speed bumps to help slow the flow and make people stop and actually pay attention to their surroundings.

Fly fishing is all about YOU controlling the fly line, not the fly line controlling you!
