

ROBINWOOD NEIGHBORHOOD ASSOCIATION MINUTES

September 9th 2025 Meeting

Meeting Called to Order by Tony Bracco at 7:09 pm.

Guests and new attendees: Erik Newgard returning resident.

Agenda Review: Agenda approved.

August Minutes Approval: Approved by acclamation.

Treasurer's Report: No expenditures, current balance is \$3594.80

Chief Mahuna: Homeless on private property removed immediately. Public property is stickier depending on jurisdiction, such as ODOT or MSYoung being state property, requires getting state agreement. With recent court changes WLPD can now enforce. Focus is getting people help with services rather than simply moving them to next site, therefore it could take a couple days. Where do we send them? Citizens call non-emergency and report. What is driving people who are service resistant? New Behavioral Health staff to do this.

Luke Borland - Public Works Update: Upper Midhill water line project main is in and tested, paving done with one tie-in this week. Landscaping and restoration in next weeks. 4700 feet of new line replacement ductile iron. Road program on Upper Midhill and surrounding cul-d-sacs to start in March. Hidden Springs from Santa Anita to Wilderness starting this fall and resuming in the spring. Cedar oak swale maintenance to replace dead trees with contractor still responsible. Calaroge Pump Station currently working through control issues with plantings to be maintained by contractor. New operations building off Salamo still in design phase. Construction to start summer of 2026 with 15 month construction time.

David Dodds volunteered to restart Parks Committee.

Conditional Use Permit Committee to address Kaady Carwash application by Shane Winder

Last week application deemed not complete due to lack of ground floor windows; Kaady has until February 25th but should not take that long. Another committee meeting not yet scheduled watch your email. Kaady has strategy to open 2 locations and then close one. Purchase usually based upon Planning approval.

Community Development: To operate as intended to assist in Planning. Requested hard copies of docs to review. Next meeting 9/23 6:30pm at Station. Do we want to again try to get city to adopt the Neighborhood Plan changes from 2017?

Announcements, City & Community Events:

Blood Drive at Station on Saturday September 13th and December 30th.

Musical Improv Play Sessions at Station on 3rd Wednesday of every month so September 17th. Over 18 yo requested. Not a show or class. Details on Station website.

Ole birthday celebration this Saturday at Ole's. Bring a side dish.

Bractoberfest on October 19th if a reservation is properly requested.

Waterfront Plan going to Planning Commission in two weeks.

Old Business: Trillium Restoration request for \$500 for native plants

Should we spend money for plants if there is no long term maintenance plan?

Property boundaries questioned, need to find survey markers.

New Business: New RNA meeting signs with QR codes should be in the offing.

Do we want to consider moving RNA meeting to different day due to council day change?

Adjourn 8:42

Attendance: 25 with 0 virtual
