5. Special Guest – John Williams (City Of West Linn Community Development Director)

- John Williams discussed the current state of development plans for lots in the Parker Crest neighborhood, specifically focusing on lots that are located along Parker Road. Neighbors in attendance expressed concern about loss of older trees and green space, concern about the current developer (ICON Construction) building lots smaller than what is typically specified for the zone because of code related to Plan Unit Developments, and concern that future development in the Parker Crest area might be similarly dense.
- After John left, the group discussed possible future development in the Stafford Hamlet area.

6. Old Business

- The group discussed the results of the November 9th special meeting regarding the Sahallie Illahee Park playground update.
- The Pimlico Drive pedestrian trail is now complete with wood chips. Community requests (on NextDoor) for a concrete sidewalk might be addressed at some point in the future.
